## Apricot Season Nearing End In Western Oregon

PORTLAND, Ore., Aug. 9 (AP) —First shipment of pickling onions from the Brooks section arrived today. They wholesale at 15 cents a pound.

This week is expected to see the apricot season ended or near the end. Some shipments came in today. They were priced at 95 cents and $1.05.

Peaches are somewhat cheaper at $1.15 and $1.25.

The East Side market had one of its usually busy Friday's in preparation for the weekend trade among the retailers. Great quantities of fruits and vegetables were brought in and all found ready sale. Peach plums were among the new arrivals and sold at $1.25 a box. A few raspberries were disposed of at $2.25. Egg plants were held at 60 cents. Cucumbers brought 75 and 85 cents, corn $1.40, tomatoes 65 and 50 cents, radishes 25 cents, Kentucky beans 2 cents, striped beans 4 cents. Other prices were unchanged.

## *Wheat Steady At Close in Chicago*

CHICAGO, Aug. 9 (AP)—Evening up of accounts so as to prepare for the government crop report due after the close led to fair optimism in wheat prices today. Good sized purchases of flour at Minneapolis tended also to lift the white market. Export business in North America wheat, however, was slack, and bulges in the price of future deliveries were met with increased selling.

Wheat closed steady ¼ off to ¼ up, compared with yesterday's finish. Corn closed at ⅝ decline to ⅝ advance, oats unchanged to ¼ setback and provisions a shade to 12 down.

### WOOL REPORT

BOSTON, Aug. 9 (AP) — The Commercial Bulletin will say tomorrow:

"There has been less activity in wool this week, following a month of considerable activity. Fair business still is being done, quite selective in maintaining prices on all qualities, especially on medium grades. The season in the west draws to a close with prices firm at recent levels.

"The manufacturing position is considered outstanding among reasonable initial business on lightweight staples and fairly good repeat orders on heavyweights.

"Foreign markets are dull and easy.

"Mohair is quiet and barely steady."

The Commercial Bulletin will publish the following wool quotations tomorrow:

Scoured basis: Oregon:
Fine and f. m. staple 70@72 cts, and f. m. Ft. combing 65 @ 68; fine and f. m. clothing 55 @ 57; valley No. 1, 33-35.
Mohair:

### CHICAGO CASH

CHICAGO, Aug. 9 (AP) — Wheat: No. 2 red $1.27½ @ ½; No. 3 red $1.26½ @ $1.27.

## Clubwoman Now Highly Enthused

"I can't begin to tell how grateful I am for the wonderful and lasting benefits I have received from the Sargon treatment. My

MRS. FRANK PEEK

health, strength and energy have been fully restored and I'm feeling better in every way.

"Before Sargon's gentle, multivitamin and combination that was strongly urging all my vitality forward me to go to a doctor about a year ago. I wouldn't eat because I knew the pain that would follow. Severe headaches and dizzy spells added to my sundown condition.

"But since I've started taking Sargon and Sargon Soft Mass Pills all that has changed. I have a wonderful appetite, eat heartily three times a day and am never troubled with indigestion or any pain whatever. The pills cleared my complexion without upsetting me at all. The terrible headaches and dizziness have entirely disappeared.

"I'm delighted to give this statement so that others may know that there is at last one medicine that does all claimed for it."

The above statement was made by Mrs. Frank Peek, prominent businesswoman of Portland, member of the United Commercial Travelers Auxiliary, the Portland Security club and the Travelers Protective Association Auxiliary. She lives at 1061 E. 8 Grant Place.

Sargon may be obtained in La Grande for the Red Cross Drug Store.

## PRICE BREAK, DUE TO RATE, HITS STREET

(Continued from Page 1)

change and in the stock markets of Boston, Philadelphia, Chicago and other leading financial centers.

**Action a Complete Surprise**

Wall street was taken completely by surprise by the rise in rate, as the retention of the 5½ per cent discount rate by the Bank of England yesterday was accepted as assurance that no change would be made in the New York rate on the theory that federal reserve officials would not want to embarrass British bankers in their efforts to conserve the dwindling English gold supply.

All leading brokerage houses instructed their employes to report for work an hour or more earlier than usual this morning with the result that the streets of the financial district were crowded with hurrying workers as early as 8 o'clock. Downtown branch exchange were swamped with calls of customers placing orders and of brokers calling for instructions and demanding margin on weekend speculative accounts.

**Opening Orders "Bunched"**

So great was the rush to sell that many specialists were compelled to refuse to accept "stop loss" orders, particularly in odd lots. In the case of the highly speculative issues, opening orders were "bunched" and executed in one block, several of these running from 5,000 to 15,000 shares.

Final quotations in some of the more active stocks were:

U. S. Steel, 211½, off ⅞; General Motors 93, off 2⅞; Anaconda, 116⅞, off 4⅛; Consolidated Gas, 152½, off 5⅞; General Electric, 299, off 19; radio, 90⅞, off 2⅞; American can 137⅞, off 3⅞; Packard 12⅞, off 4⅞; Chrysler, 76, off 2⅞; American Telephone, 279⅞, off 19⅞; International Telephone 118, off 5⅞; Montgomery Ward 76⅞, off 4⅞; American and Foreign Power, 1100⅞, off 12⅞; Westinghouse Electric 222, off 10⅞; American Water Works, 131⅞, off 10⅞; Wright Aero, 114⅞, off 6; Erie, 66⅞, off 4⅞; New York Central 219, off 1⅞; Kansas Common, 57⅞, off 4⅞; Rock Island, 132, off 6.

## DISCOVERY MAY IMPROVE HEALTH

(Continued from Page 1)

normal births, and their lack an explanation of serious ills, both physical and psychological. For years various agencies have sought to make an effective extract. Now apparently we have it.

"Further experiments are under way. Our goal is to learn its applications and then to make an extract suitable for human use. It is hoped these uses may extend beyond the field of reproduction."

**Male Rats Used**

Male rats were used to discover the potency of the second extract.

It was fed on them along with another hormone, centrin, which is the cause of secondary feminine characteristics, such as freedom from hairy bodies. The laboratory males acquired a number of female traits under use of the two hormones.

"While persons working on the extracts," said Dr. Harris, "would be the last to predict that they may be the means of producing healthier children, yet it is widely known that the life of the child before birth is of greatest importance to future allied discoveries will bring about a body of information with the aid of which such an extract might be used for more healthy development of children in the critical period before birth."

## WILL BAR PROHI AGENTS RIFLES IN SOME AREAS

(Continued from Page 1)

frequently had come to the place drunk and created disturbances. This morning he declared, Schutt had fired a bullet into the floor, after herding the patrons to one end of the room.

### JOHN M. HEATH ARRESTED

DETROIT, Aug. 9. (AP)—John M. Heath, aboard whose cruiser Richard J. Sandlands, federal prohibition agent, is believed to have fought before his death in the Detroit river, early Saturday, was arrested at the Michigan Central Station by special customs agents this morning as he stepped from a Chicago train. Heath was taken to the district attorney's office for questioning.

Heath, a Detroit elevator mechanic and skipper of the cruiser "Marine," had been missing since Sandlands' disappearance Monday night.

## EAST OREGON MEDICAL MEN TO CONVENE

(Continued from Page 1)

tion came to light at the eleventh annual session of the American Legion Thursday afternoon when two conflicting resolutions were introduced.

Following closely upon the resolution of Portland post No. 1 that an old soldiers' home be established near the U. S. veterans' hospital on Marquam hill, Hood River post No. 22 introduced a resolution along the same line, but suggesting the home be established at Vancouver, Wn., barracks.

Under the proposed program of army reorganization to abandon many of the smaller army posts it will be possible to require these valuable properties at a comparatively low figure, the resolution points out. It asks that the petition be sent the war department and the United States veterans' bureau.

**Caring for Children**

Oregon is taking care of all dependent children of ex-service men without assistance from the national department, Judge Jonathan Kanzler of Portland, told the delegates. One hundred children need hospitalization but the Doernbecher hospital, its activities curtailed by lack of or vetoed appropriations, can care for only 45 though it has 75 beds available. Creation of a fund for high school scholarships for children of ex-service men was urged.

The Oregon plan of hospitalization is proving the most successful and workable in the United States and can be perfected by closer cooperation, Dr. J. C. Ghormley, of Portland, chairman of the hospitalization committee, reported.

United States senator C. L. McNary addressed the convention briefly at the afternoon session. Legislation follows organization banded for good welfare, all working together, he said. Unity of purpose is necessary and the American Legion, by adopting this plan, can be the greatest moral force in the nation, he said in closing.

A Trustworthy Health Method
When the patient goes to a chiropractor and finds that certain spinal bone displacements are causing disease from which he suffers, he may depend upon it that he has found a trustworthy health method.
Chiropractic deals with such certainties as displaced spinal bones and the chiropractic spinal adjustment, which restores such bones to proper position. The correction that brings back your health is purely a mechanical one, and is as much a certainty as any health method can be.
By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.
