Wheat Finishes Strong, Higher In Market Today

CHICAGO, Sept. 6 (AP)—Revival of export interest and unfavorable crop comments from the southern hemisphere pulled wheat prices out of early soft spots today and though the range was narrow and trading moderate, values were firmer on the average. Short covering and strength of corn were supporting factors in the wheat pit but there was some selling on an official estimate of the Italian wheat crop, 28,000,000 bushels larger than in 1928. Corn hardened after an easy opening because of snow and prospects of a freeze in the northwest.

Wheat finished strong 1¼@1½c higher, and corn strong at ⅝@1⅝c advance, oats were ½@⅝c to ⅝c up. Provisions closed easy, unchanged to 12c lower with hollies suffering big loss.

STOCK MARKET IS RECOVERING FROM FRIGHT

NEW YORK, Sept. 6 (AP)—The stock market quickly recovered today from the scare which sent prices tumbling in the last hour of yesterday's session, bounding upward in impressive fashion under the leadership of the public utility issues, some uneasiness was apparent at the opening but the resumption of large scale buying operations by professional pools restored speculative confidence and in early afternoon nearly all of the leading groups presented several outstanding strong spots.

Call money dropped successively to 7 and then to 6 per cent in the final hour. Radio reached 112⅝ up 10 points and within striking distance of 114, its record figure. Public Utilities continued to soar, standard Gas and Electric rushing 1⅝ to 11½, more than 100 points above the year's low at 10⅝.

The market closed strong, total sales approximated 4,000,000 shares.

WOOL REPORT

Boston, Sept. 6 (AP)—The commercial bulletin will say tomorrow:

"Demand for wool continues of fair proportions, though somewhat spotty. Prices keep firm. There is little business being done at country points at the moment.

LINDY JOINS SEARCH FOR T. A. T. PLANE

(Continued from Page 1)

unable to find a landing place near the four men and as his fuel was running low he thought best to return to Winslow immediately and dispatch aid to the four men. He did not believe it would be possible to land an airplane any nearer to their location than the Walpi mesa.

There were but four airplanes here besides Tomlinson's ship and following their departure all other planes which arrive here will be dispatched at once to the Walpi area.

Tomlinson was flying at an altitude of a thousand feet when he spotted the distress signals. He did not dare to get any lower than that because of the rough country. He passed over an Indian hut and as he circled to turn four persons emerge from the structure and wave white cloths at him. Because of the altitude he could not tell whether they were Indians or whites and he immediately returned to Winslow to organize the search.

MEDICAL PLANE SENT OUT

ROCKWELL FIELD, Coronado, Cal., Sept. 6 (AP)—A relief medical plane was dispatched by the United States army air service this morning to Walpi, Ariz., immediately upon receipt of word that four men were seen on the desert near there thought to be survivors of the missing T. A. T. transport.

Dice Held Cause Of Two Murders

CHICAGO, Sept. 6 (AP)—John Stege, deputy commissioner of police, delivered himself today of some positive ideas in connection with Chicago gang murders—murders which he said were not really gang affairs at all.

Stege said he has learned the motive behind the double execution of Frank (Cy) Cowley and Edward Wescott, West Side hoodlums and gangsters who were slain early yesterday. That motive, he said, had nothing to do with gang vengeance or gang warfare. It evolved from a game of dice on a Sabbath
