Cheap Wheat Ranches

Sherman county farmers have some wonderful opportunities for safe investments in Morrow county wheat land and stock farms.

E. M. Shutt, an old resident of Sherman county, and known throughout Oregon as a man of reliability, has resigned the office of sheriff of Morrow county in order to establish a real estate office in Heppner He asserts, and offers positive proof, that Morrow county contains the cheapest good farm land and stock ranches to be had anywhere in the west.

The same quality of wheat land that is now selling in Sherman and Wasco counties for from $60 to $100 per acre, and in parts of eastern Washington for from $75 to $150 per acre, can now be had in Morrow county for from $30 to $50 per acre—simply because it has not been boosted nor as intensively farmed as yet.

These cheap Morrow county farms are the best and safest investment to be had today, and Mr. Shutt invites his old neighbors over here to call and see him at Heppner, or write to him for full particulars. He guarantees a square deal and no deception to all who intrust their business to him, and he will help those who purchase this land as an investment only, to find reliable renters. One or two good crops will pay for the land at present prices.

Herbert Nelson, who has been visiting with his mother, Mrs. Alex. Hunter, has returned to his home at Portland.
