HOOD RIVER.
HOOD RIVER.
HOOD RIVER.
Here is what Arthur K. Wilson, a prominent attorney of Portland, who has lately returned from a trip through the Eastern states in the interests of the Home Telephone Co., says about Hood River:
"Hood River is the best advertised town in the state," said Mr. Wilson. "Jonathan Bourne is giving Hood River apples away in Washington. Hood River alone, of all Oregon, is properly exploited at the Jamestown Exposition, and it is a shame that Oregon has not been better represented there. In every agricultural district I have visited Hood River is known and spoken of."
And he does not tell the half of it.
We own land in Hood River; bought it because we think it's the most fertile valley in the United States, bar none, and here is what we will do for you if you will buy.
10 ACRES FOR $3500.
We will plant it to year-old apple trees, of the best Spitzenberg and Newtown varieties. Every tree guaranteed to grow; and guarantee you TEN PER CENT ON YOUR MONEY for five years, provided you will give us the crop for that length of time.
We will back up our guarantee with land, or in other words, we will deed you in trust 10 acres adjoining which will be yours in case we fail to keep our agreement.
At the end of five years we will turn you over 10 acres of the finest orchard in the valley that will produce anywhere from $2500 to $5000 yearly, and on which you have been receiving every year 10 per cent interest on your money.
Can you afford to neglect an opportunity of that kind?
Think it over and come in and talk to us about it.

Is recognized to be the standard way of handling timber lands. The timber must first satisfy us, and our cruise reveals every detail of the conditions surrounding it. Our reports are prepared in such a way that the buyer knows whether or not the timber will satisfy him before he visits the tract.
Twenty years' experience and the clientage we represent, is a sufficient guarantee that our methods are right. You may waste your valuable time in looking up the tract you want. Take advantage of the results of our own constant efforts along this line and get the best.
