A RANTING HYPOCRITE.

Mitchell, the editor of the Rainier Gazette, knows that he was a dirty, malicious and willful liar, when he stated that the Oaxson Mirr gave any hint that Hon. Martin Both was supporting Governor T. T. Geer for United States Senator. The writer was in Portland several months ago that Mr. Both would probably support, Fulton, consequently never mentioned senatorial matter to him. Another thing Mr. Fulton's candidacy will not be advanced one iota by the advocacy of such a sheet as the Rainier paper, Mitchell was virtually kicked out of St. Helens. For some time he was superintendent of a Sunday school here, but spent the greater portion bawling around the saloon corner, going down to his Rainier paper about one day in the week. The Mitchell family are not slow at giving either. Mitchell has bored the members of the county court and democratic office-holders, until they wish he was in halves or some other place. The fact is Mitchell is not because the Oregonian asked the writer to interview Columbia county legislators on the bills that they intended to introduce at the coming session of the legislature.

Parties, who evidently know what they are talking about, say that he has robbed widows and orphans through his paper. In order to get notices of estates that are required to be printed, he has offered to print the three required notices in the probating of estates, he has agreed to do this work for a stated sum. After the first notice, he would charge the full rate. There is nothing honorable about the hypocritical thing. People who have done business with him, have learned something of his methods.

The article on senatorial candidates printed in the Mirr a couple of weeks ago has bestowed senatorial aspirations to action, and God Almighty only knows what the final result will be. Governor Geer has sent out letters to the legislators, claiming that he was endorsed by the people, and complied with law in getting the endorsement. Consequently legislators are asked to respect the provisions of the May act, and stand by him. Fulton, of Clatsop, is very anxious for a caucus, although he did not want one two years ago. Congressman Tongue and Malcolm Moody, also are mentioned as probable candidates, if the right card turns up. Brownell of Clackamas, announced himself as a candidate before the people last spring, but does not appear to be mentioned much in that line. There is one thing dead sure, he will not have an opportunity to pull Corbett's leg during the next session. Some people in Portland think it possible that George W. McBride might possibly loom as a dark horse.

The fact that Columbia county's assessment shows \$70,000 more taxable property than last year, is highly gratifying. With a wealth of over one and a half million dollars Columbia county is taking the front rank among the counties of the State. This fact, also is very complimentary to Assessor White, who has always made determined efforts to list all the taxable property it is possible to secure. It must also be noted that the assessed valuation of all property in Columbia county is very low—much lower than in many other Oregon counties.

Lumber shipment by water from the Columbia river will this year, for the first time on record, exceed 100,000,000 feet. Nine months shipment now shows 74,000,000 feet. There are many vessels in the river, and nine months shipment now shows 74,000,000 feet. These figures are compiled by the Oregonian. The larger part of these shipments are going from Columbia county, and the lumber is being shipped all over the world.

Columbia county is making a remarkable showing as a fine stock section, especially in the matter of blooded cattle. P. A. Frakes and H. West carried off valuable prizes at the state fair. The former has taken a carload to the North Yakima fair, and will no doubt carry off some valuable prizes.

The only place in St. Helens, to get 'High Standard Flour' is at Collins & Gray's.

The Rainier Gazette is evidently forsaking the party that is giving it support, and is taking up the republican senatorial fight.

Wheat reached the 16 cent notch in Chicago Tuesday, the highest price for over four years. Arnott & Company is said to hold the greater part of the supply.

New York democrats in convention at Saratoga are silent on the money question. An 18 to 1 is left out of the platform. David B. Hill will probably be nominated as governor.

The New York democracy tells how it would use its power, and the convention has declared for liberty to the Filipinos, and death to the blooded monarch.

The ocean steamers that daily pass St. Helens on the way to Portland, is a certain indication of the great commerce from Oregon this season. The lumber and grain shipments will run up into millions of dollars this year from Oregon.

According to the mention of sawmills, single mills and logging industries in Oregon, Columbia county is evidently far ahead of any other section in this line. The timber industry of Columbia county is something immense.

It is said that Brownell, of Clackamas is very busy explaining some things that took place at the State convention last spring. The delegation was instructed to give a solid vote for Senator Porter for state printer, but Clarke, of the Gervais Star, was told that he could have half the vote, if he so desired.

A dispatch from Oakland, Calif., states that oil as fuel has proved such a success on all the lines of the Southern Pacific, that general orders have been issued for the conversion of all engines into oil burners as soon as possible. Coal will be abandoned absolutely. Within a year the Southern Pacific will be on oil basis solely, thus saving upwards of \$100,000 per month.

A Typical South African Store. O. R. Larson, of Bay Vista, Sandvay River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by Edwin Ross, Druggist.

Stricken With Paralysis.

Henderson Grinnett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—Geo. R. McDONALD, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this liniment. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by Edwin Ross, Druggist.

INSANE MAN'S AWFUL DEED.

At La Center Just Across the River from St. Helens.

Craved by jealousy of his business rival and tired of living, Dr. R. S. Davis of La Center, Clark County, Sunday night set fire to his own drug store and that of his rival, Mrs. Sarah White, and then took poison, having surrounded him self with various weapons.

The people were aroused by an alarm of fire and found both drug stores in flames. The fire from Mrs. White's building ignited the residence of J. W. Bennett, dock agent of the Lewis River Transportation Company, destroyed its stock spread to a shoe store and a small photograph gallery, which stood between the two drug stores. All were completely destroyed.

The body of Mr. Davis was found in his own building, surrounded by a dirk knife, a Colt's revolver and a hammerless Winchester shotgun. Davis was an erratic sort of character, and had been up for examination as to his sanity. He had lived at La Center for nearly 25 years. He was very bitter toward the rival drug store, and everything points to the fact that he fired the property of his hated competitor, then that of his own, after which he took poison to end his life and had placed the weapons close in reach for use in case of an emergency, should he be discovered or the poison fail to bring death. Davis carried a stock of goods estimated to be valued in the neighborhood of \$2000 which together with all the property destroyed by the flames he kindled would foot up a total loss of about \$5000.

Davis hated Mrs. White who kept the opposition drug store about 50 yards from his own. He imagined that she was unfair in trade and that her efforts were directed toward injury of his business. Those who are acquainted with the circumstances covering their trade relations say there were no reason for this enmity. Notwithstanding, Davis bore toward Mrs. White a constant feeling of animosity, and the destruction of her property by fire and the following suicide are the result of the old man's insane imagination of wrongs done him, but which others failed to see.

A few years ago Davis was arraigned before Judge Miller in the Superior Court on a charge of insanity. The complaint filed against him was prompted by vicious actions on the part of the old man when measures were taken to build a sidewalk in front of his store. This improvement he positively refused to allow to take place, and he enforced his resolution to that effect by standing guard over the property with a shotgun. After hearing the evidence, Judge Miller decided that instead of being insane Davis was not. bly eccentric and ordered his release.

Dr. Davis, the dead man, was 86 years of age, and had owned and operated a drug store at intervals since 1878. He has no relatives in Clark County, nor any on the coast, so far as is known. Prosecuting Attorney W. W. Sparks received the information this morning, and has gone to La Center to make investigations.

The Thrice-a-Week World.

Time has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially, whether that news be political or otherwise, it is, in fact, almost a daily at the price of a weekly and you can not afford to be without it.

Republican and Democrat alike can read the Thrice-a-Week World with absolute confidence in its truth. In addition to news, it publishes first class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and the Oregon Mist together one year for \$1.80.

The regular subscription price of the two papers \$2.00. The Oregon Mist and the Thrice-a-Week World for six months for 95 cents; three months for 50 cents.
