Spanish Train Goes Into River and 300 are Drowned.

Madrid, July 1 .- Fourteen bodies and fifty injured persons have been extricated from the wreck of the Bilbao train which overturned at the Nejerilla river last night. According to official information, thirty persons were killed and sixty others seriously injured. Many of the latter will die. Of the 300 passengers on the train, it is stated that only six escaped unhurt.

The train, which was composed of two engines and 16 coaches, was crossing the bridge, when the couplings broke between the engines. The second engine left the track and fell, followed by the entire train, into the bed of the river. Fortunately, the wat-

America is Determined That Cattle Discase Shall Not Gain Foothold.

Washington, June 30 .- A matter of a good deal of importance has come to the attention of the department of agriculture. A shipment of bulls for breeding purposes has recently gone from Indians to Argentina, in South America. They developed foot and mouth diseare before they got there. Nothing of this kind exi ts in Indians, nor anywhere along the 'ine of travel to New York, from which port the animals were shipped. Sheep are just as liable to this di case as

cattle. The question presented to the department is whether it will stop the importation of wool from Argentina and such other countries as have foot and mouth disease. The department will make careful inquiry into this subject. Two propositions are presented. One is the shutting out of wool from these countries altogether; the other is the possibility of disenfecting at our own ports.

J. M. Reibs, local

manager of the American malting company, made the following statement: "The loss to the entire plant and contents will be about \$300,000. I estimate that about 408,000 bushels of grain and malt has been destroyed. The buildings destroyed contained 72 paseumatic drums in which all the

malt and grain was stored."

Oil Belt Has a Fire. Sour Lake, Tex., June 30 .- Much excitement prevailed in the oil field for a time just after the noon hour today, cansed by flames springing up on the five acres of oil waste belonigng to the Guffeys and Texas Addition companies. The fire was caused by some one throwing a lighted match into the oil. For a time the flames were flerce and led to the belief that the big Guffey tanks were on fire. The surface accumulations soon bruned over and by 3 o'clock the flames were under control. The loss is insignificant.

Denies Postal Charges.

Washington, June 30 .- The General Manifolding company, of Franklin, Pa., criticism of whose contract with the postoffice department presulted in the letter of Third Assistant Postmaster General Madden to the postmaster general asking for an investigation of the matter, has sent to the postoffice department a denial of the charges that it was a non-union shop, and says it has never employed child labor in its plant. The matter will be investigated.
