GOOD EVENING.

To-Night.—Chas L. Davis will be the attraction at the Opera House to-night in his play, "Alvin Joslin," which he has played from the Atlantic to the Pacific ocean. By his own endeavors, perseverance and strict application to business, his management of the Alvin Joslin Comedy company stands as one of the land marks of success in the theatrical firmament. He wrote his own play, designed his own printing and directs his own rehearsals, and is the only case on record in the theatrical business that a star has accomplished all this with success, as others usually make bad managers, and the reverse. The play will be mounted with Mr Davis' usual carefulness to detail that has always been a feature with him. As a money maker in this particular line Mr Davis has no equal. The play is put on in an elaborate manner, every detail being carefully looked after. The supporting company is the strongest Mr Davis has ever had together."

A Runaway Experience.—Mr Frank Gray, grand lecturer of the A O U W was driven to Lebanon this morning by one of Jim Schmeers drivers. On returning a few miles southeast of here the reach of the buggy gave way letting the men to the ground, while the horses ran away; but were captured and brought to the city, the buggy being left behind on account of its dilapidated condition. Mr Davy secured the services of J W Williamson, who was just starting on a hunt in a dog cart, to bring him to Albany, and he reached the city just in time to take the Salem train, pretty well spattered over with mud.

A Land Slide.—Mr Casper Vandran, of the Depot Hotel, returned this morning on the overland, several hours late, from a trip to Ashland. The delay was caused by a land slide in the mouth of tunnel No. 9, twenty miles this side of Grants Pass, and it took several hours to clear the track. A train passed through the tunnel just a few minutes before the accident, a close call to being buried in fifteen feet of dirt.

A Big Time.—The Odd Fellows are making preparations for a big time at their regular meeting tomorrow evening. In addition to the election of officers there will be work in the initiatory degree. There will be a large number of visitors from Lebanon, Jefferson and Harrisburg. Lunch will be served by the Benlah Rebekah lodge. Let all members and sojourning brethren attend. By order of N. G.

End Of His Tramp.—Johnny Morgan who left Albany several weeks ago in company with Hugh Patterson on a tramp returned home by yesterday morning's overland, after all the experiences he wished for in that line, and nearly starved. He had been as far as San Francisco. Young Patterson who left with him, had been sent home, but has not yet arrived.

Word was received today that all dates have been cancelled in this state on account of the existing hard times, and the troupe will go to California for the winter. —Walla Walla Statesman. But will stop off in Albany on the fifth on her way there.

Its a serious matter, this question of who does your laundry work. Think about it, digest it and act in the right way by sending your clothes to the Albany Steam laundry. How would you like to have the Celestials running things in your line of business. It wouldn't set well would it, and no wonder. Then send your clothes to Richard & Phillips who do the best work.

Sharp as Two Edged Sword.—Well, he is here. Everybody glad of it. Who? Uncle "Billy" Wright, the grinder. He grinds, not the poor, like the monopolies do, but he grinds knives, scissors and any dull thing, except the mind. He fixes these tools up in first-class style and to your entire satisfaction. When he calls give him a hearty welcome and your knives.

Thousands of lives are saved annually by the use of Ayer's Pectoral. In the treatment of croup and whooping cough, the Pectoral has a most marvelous effect. It allays inflammation, frees the obstructed air passage and controls the desire to cough.

For pity's sake, don't growl and grumble because you are troubled with indigestion. No good was ever effected by snarling and fretting. Be a man (unless you happen to be a woman), and take Ayer's Sarsparilla, which will relieve you, whether man or woman.

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling," and so on. CAMPBELL.—In Albany, on Tuesday morning, Nov 28th, 1893, after a lingering illness, Mr J H Campbell, at the age of 60 years. He leaves a wife and four children, Frank and Will Campbell, and Mrs John Fox, of this city, and Mrs Willis Calder, of Brownsville, and many friends to mourn his death. A strange fact in regard to his death is that thirty-six years ago today he was married. During his long and intense suffering he has borne it without a murmur, and was fully prepared to go.

BLAIN CLOTHING CO.

Cold cheery mornings,—
Clear invigorating afternoons—
Moonlight and starlight from evening till dawn—

Hence demand for warm sensible clothing increases. Some new lots received this week--just from the makers.

Some say trade's quiet, not that people don't need, but they can't afford to buy at high prices. We've cut off all but a shade of the profits—for cash.

Just rearranged.

More than 12 long counters piled high, all assorted, over 150 styles of goods, colors and shapes.

Prices vary, to say nothing of men's fine suits from $3.00 to $5.00. Here they go, —tickets and figures for every stock o garments, with the cheapest price.

Start in at $6.00 for something good, worth more of course; then $8.00 is the next jump, a big line to be sure, and better than you ever saw before for those figures.

$10.00 next. One easy way to tell of this—say what isn't in it.

Old slow poky styles.
Mean shoddy stuff.
Colors that won't last,

but these are all well made. Every day more of them are being tried.

What kind of a suit for $12?

Close to 300 suits to pick from—goods, some imported—some Eastern—some Albany and Brownsville, cheap at $17.50—they're wonder provokers—haven't time to tell much more—fine Cheviots, Meltons and worteds—nice enough for dress—good and warm enough to withstand real zero capering.

Then $14.00 to $20—$2.00 at a jump—makes four more lots.

Look at your last year's coat—than these—finer, better, tastier—the prices sell them.

'Comparisons are"--

Well, you know what. That's why stocks that are old and out of style, culled and high in price suffer when compared with our bright new natty goods.

We've no complaint. The public always wise, sees here the assembly of clothing that outstrips all rivalry.

The responsive sales are gratifying.

Short talks for pant buyers.

1000 odd pairs, one-tenth as many patterns. $1.50 is cheap enough for a good pair—then short jumps to better and best.

Great overcoat weather.
The taking styles—the new styles—the choicest shades.

Warm Wooley Worsteds.
Choice Cheviots.
Mouse Colored Meltons.
Dressy Clay Worsteds.

They are worth more than is asked, but they must go.

Too little time to tell what we have for the old and young. We haven't said a word about Underwear, Shirts, Neckwear, Headwear, Footwear and the rest of many many things we buy and sell.
