Bethlehem Owens Columbia River, Longview Bridge

SAN FRANCISCO, Mar. 27 (AP) — The Examiner says control of the Columbia river-Longview bridge which connects Oregon and Washington has passed to the Bethlehem Steel company through acquisition of practically the entire issue of the 4,000 shares of no par common stock outstanding from its former owners in the Northwest.

"Holders of the Columbia River Longview Bridge company first mortgage 6½ per cent sinking fund gold bonds," the newspaper says, "who were notified that the bridge company was unable to meet the semi-annual interest payments on bonds due April 1 have been asked to defer interest on the bond four coupons payable April 1, 1931, to October 1, 1932 and waive operation of the sinking fund until after 1935.

"In return for these concessions holders of each $1,000 first mortgage 6½ per cent bond will receive $150 of 4½ year secured notes dated April 1, 1931 and due October 1, 1935 bearing 7 per cent special interest payable semi-annually April and October.

"In addition they will receive two shares of the outstanding 7 per cent accumulative preferred stock par value $100 bearing 7 per cent accumulative dividends from March 26, 1930. As security for the notes the company pledges to keep all finished coupons alive," the paper concludes.

Strawberries On Local Markets; First of Spring

In spite of the fact that the weather is decidedly unspringlike, La Grande grocery merchants are displaying large and deep red strawberries sent directly from California. They are selling at 30 cents a box.

No other new vegetables were reported on the market this morning but spinach, turnips, carrots, tomatoes and other such vegetables are still holding sway.

Livestock Market Outlook Brighter

LOS ANGELES, Mar. 27 — The livestock market outlook appears to be somewhat brighter now than has been the case for some time due to improvement in value of certain byproducts, namely hides and wool. The last six months of 1930 witnessed a marked decrease in importations of wool, in the new world, of 10 per cent or more, coupled with the low duties into this country, tended as a value stimulus in this country, which necessarily restricted imports.

During the past month, domestic hide prices have moved higher and demand is the best seen in many months. New prices during the first two months of 1931 created an export market for American hides and this is, of course, reflected in helping to clean up the surplus.

No great increase in hide values necessarily can be expected until general business conditions show definite improvement, as a result of the depression, slow production in the United States fall of 1930 per cent. It is estimated that 80 to 90 per cent of all cattle hides are used in the boot and shoe industry.

Bob Kruse Downs Pinto, at Gotham

VANCOUVER, B. C., March 27 (AP) — Bob Kruse, Portland heavyweight, defeated Sammy Pinto, New York, here last night two falls to one in wrestling for the most straight contested wrestling bouts ever staged here. Pinto took the first fall in the fourth round after Kruse unexpectedly knocked himself out with frustrated flying tackle. Four minutes after resuming, Kruse got a fall on a toss and pinned the match in the sixth round with a back hold following a bridge and body scissors.

In the semi-final Jack McLaughlin, Vancouver middleweight, defeated Joe Dixon, Portland, taking two straight falls.

Football Rendezvous

The first football game played in the old Rose Bowl at Pasadena, Calif., was on January 1, 1902, between Michigan and Stanford. The score was 49 to 0 in favor of Michigan. The first game in the bowl, as it now stands, was played on New Year's day, 1923.

Named for Englishman

Mount Rainier was named for Lieutenant Rainier of the British navy by Vancouver, the navigator, who saw it from Puget sound in 1792. It is now known, by the Indian name of Tacoma, too.

Self-Defense

"Is it true that a man who wins a fight with his wife gets a medal in some service?" asks a correspondent. Well, only a bad conscience regard it a medal of some kind. Only the medal has to be the medal, courtesy title.

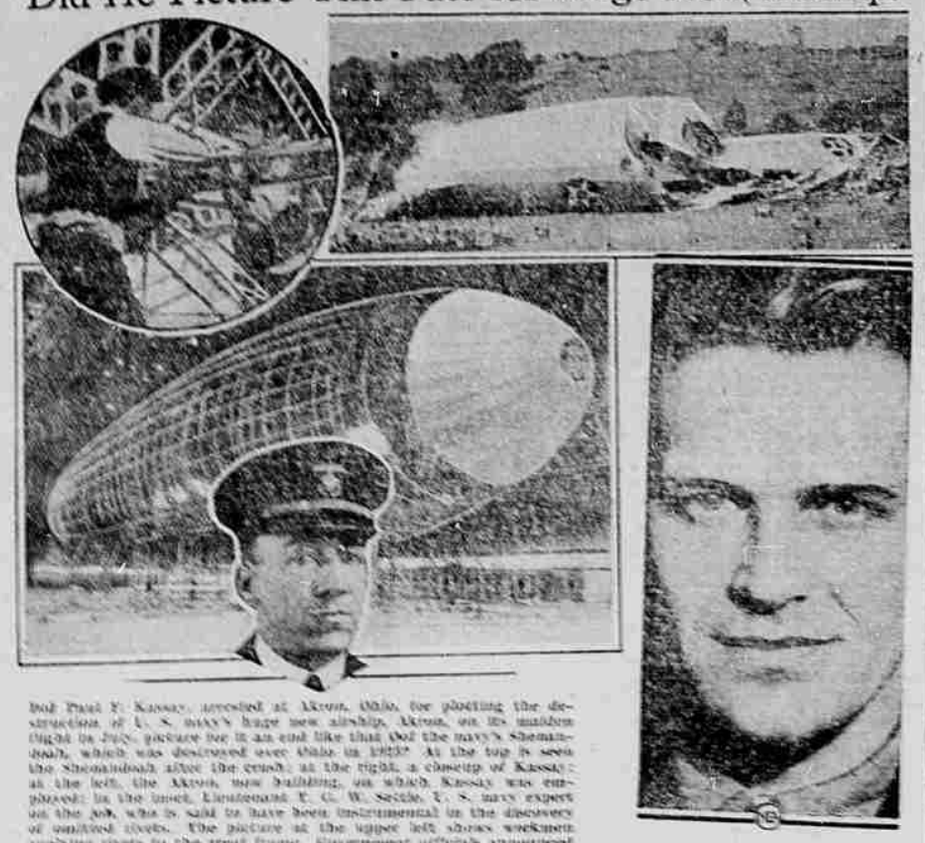
Did He Picture This Fate for Huge New Airship?



Bob Paul F. Kassay, arrested at Akron, Ohio, for plotting the destruction of U. S. NAVY's huge new airship, Akron, on its maiden flight in July, picture for it an end like that of the navy's Shenandoah, which was destroyed over Ohio in 1925? At the top is seen the Shenandoah after the crash; at the right, a close-up of Kassay; at the left, the Akron, now building, on which Kassay was employed; in the inset, Lieutenant T. G. W. Settle, U. S. navy expert on the job, who is said to have been instrumental in the discovery of omitted rivets. The picture at the upper left shows workmen applying rivets to the great frame. Government officials announced that Kassay had admitted he intended to damage the big airship, but he has since denied the charge.

Active Buying Of Potatoes In The Northwest

PORTLAND, Mar. 27 (AP) — Wool quotations unchanged, butter opened steady with receipts moderate and buying light while some of the egg market was easy under influence of liberal receipts and price shading in some quarters in the Portland wholesale market today.

Demand continued active for practically all lines of country dressed meats and poultry at around steady prices.

Conditions in the fresh fruit and vegetable trade were reported by government market news service as follows.

First California strawberries arriving Thursday, showed excellent quality and moved to the trade readily at $2.50 per 12-pint crate.

Cauliflower continues in very liberal supply, with prices nearly nominal. Quotations range from 60c to $1.20 per crate, depending on quality.

There is now fairly active buying of potatoes in Clark county and in the Willamette and Umatilla valleys. Very limited seed potato trade is reported with the Yakima valley, but several shipments of seed Burbanks are moving to California during the past few weeks. Limited purchasing power of Yakima potato growers is limiting the customary purchases of Oregon Netted Gem seed stock. The Portland feeding market continues quiet, with beets dominating the movement.

Receipts of California asparagus show mostly fair quality, with really fine stock very scarce. Most sales to retailers are at 7-8c per lb. with an occasional fancy lot as high as 9c.

Issues Wobbly In Closing Trading

NEW YORK, Mar. 27 (AP) — The weak-kneed performance of the stock market this week prompted bears to deliver a few resounding wallops in the late dealings today.

The list had withstood discouraging dividend announcements fairly well during the last two days, but their cumulative effects had left it in a vulnerable position. Stocks were sold in large volume, so the accompaniment of rumors that recent price advances might be cancelled, but they could not be confirmed, may have represented bear propaganda.

The list had been wobbly during the early hours, but trading light. The selling during the afternoon was so heavy, however, that the ticker fell a little in arrears. The turnover approximated 1,300,000 shares.

Weed Control Truck Will Be In City Today

OREGON STATE COLLEGE, Corvallis, March 27—Sixteen counties of this state will be visited by a weed control demonstration truck during the last week of March and first two weeks in April, according to a schedule arranged by E. R. Jackman, farm crops extension specialist, with the Chipman Chemical Engineering company, of Boise, owners of the truck.

The tour is designed to demonstrate most effective means of applying chlorate weed killers and showing available equipment. County agents, most of whom have conducted demonstrations of killing perennial weeds with chemicals, will be present at each meeting to discuss local weed problems and identify specimens of weeds brought in.

The tour will commence at Baker March 27 and continue west to Portland, where the truck will leave Oregon for a tour of Western Washington, returning to Portland later to continue south to Medford and across the mountains back through Eastern Oregon, Washington and Idaho, closing with a meeting at Ontario May 7. The schedule for Oregon follows:

March 27—Baker, 10 o'clock; La Grande, 2 o'clock.

April 4—Portland 1:35, poison oak demonstration for Boy Scouts.

April 5—Portland, for farmers.

April 6—Forest Grove, 10:10; McMinnville, 1:35.

April 7—Dallas, 9:15; Salem, 1:35 (for highway commission).

April 8—Corvallis, 9:15; Eugene, 2:10.

April 10—Medford, 1:10.

April 11—Klamath Falls, 1:15.

April 13—The Dalles, 9:35, (orchardists), 1:40, (grain growers).

April 14—Moro, 9:40.

April 15—Pendleton, 1:35.

May 1—Ontario, 1:40.

Record Newspaper

Probably the "biggest" newspaper ever published was the Illuminated Quadruple Constellation, issued in New York in 1876. The paper measured Six feet in height and six feet in width, and consisted of eight pages, each containing 12 columns.

Dangerous Life Period

Matrimony's most dangerous period is about the twenty-fifth year, declares a German expert, who adds that many of the belated marriage tragedies occur because husband or wife becomes too devoted to the children and neglect the other partner.

WOOL REPORT

BOSTON, Mar. 27 (AP) — The Commercial Bulletin of Boston will say tomorrow:

"The market here is distinctly quieter, after a very substantial movement in wool. Prices, except on scoured, which are somewhat dearer, are firm but not quotably higher.

"The foreign markets continue their upward surge and in many instances are 10 per cent above the low point around the first of the year. London, which closes Tuesday is firm, with good clearances.

"The piece goods market is quieter after the recent buying movement. Manufacturers complain, however, of the difficulty of getting higher prices for goods.

"In the west, buying operations have been going on in a small way in Southern California, Nevada, Southern Idaho, and Southwest Texas, as well as in Arizona at prices close to or fully on Boston parity.

"Little has happened in mohair since the resignation of Roger Gillis was announced as president of the National Wool Marketing corporation but a half-million pounds has been sold in Texas this week, which makes the range of prices paid there by Mills and dealers from 22 to 24 cents. The foreign market for mohair is a bit stronger."

The Bulletin will also publish the following quotations:

Scoured basis: Oregon — fine and f. m. staple 61-62; fine and f. m. Pr. combing 57-60; fine and f. m. clothing 51-52; valley No. 1, 52-53.

Mohair: Oregon — 27-28; domestic graded—first combing 32; good carding 24-25.

NASH

Save on the delivered price

BEFORE deciding upon any car, do this:—Get its f. o. b. (that is, the factory) price. Note the difference between *that* price and the price you are asked to pay for the car, completely equipped and *delivered*. Then compare that *difference* between the two prices, with the almost certainly smaller difference which exists between the Nash f. o. b. price and the Nash delivered price. Whether the allowance offered elsewhere on your present car be great or small, compare the actual *cash* investment you need to make to own a Nash—with that which you must make to own any other car in its field.
