DEPARTMENT OF THE INTERIOR, WASHINGTON, January 6, 1910.
PUBLIC NOTICE.
1. Pursuant to the provisions of section 4 of the Reclamation Act of June 17, 1902 (32 Stat., 388), notice is hereby given as follows:
2. Water will be furnished from the Umatilla project, Oregon, under the provisions of the Reclamation Act, in the irrigation season of 1910, for the irrigable areas shown on farm unit plats of townships 4 and 5 north, ranges 28 east, Willamette meridian, approved by the Secretary of the Interior December 17, 1909, and on file in the local land office at La Grande, Oregon.
3. Homestead entries accompanied by applications for water rights, and the first installment of the charges for building, operation and maintenance may be made on and after February 10, 1910, beginning at 9 o'clock A. M., under the provisions of said act for the farm units shown on said plats. Water right applications may also be made for lands heretofore entered and for lands in private ownership now held by patents which payments will be due therefor is hereinafter stated.
4. Warning and notice are hereby expressly given that no person will be permitted to gain or exercise any right whatever under any settlement or occupation begun, or under any filing or entry made or attempted to be made in violation of the provisions of the Reclamation Act or otherwise, prior to February 1, 1910, on any land shown on said plats and heretofore subject to withdrawal under the first form, and all such settlement or occupation, filing or entry is hereby forbidden.
5. The limit of area per entry, representing the acreage which in the opinion of the Secretary of the Interior, may be reasonably required for the support of a family on the lands entered subject to the provisions of the Reclamation Act, is fixed at the amounts shown upon the plats for the several farm units.
6. The limit of area for which water right application may be made for lands in private ownership shall be 16 acres of irrigable land for each land owner.
7. The charges which shall be made per acre of irrigable land in the said entries and for lands heretofore entered or in private ownership, which can be irrigated by the waters from the said irrigation project, are in two parts, as follows:
(a) The building of the irrigation system, $60 per acre of irrigable land, payable in not more than ten annual installments, each payment not less than $6.00, or some multiple thereof, per acre, except that in the case of lands hereafter entered the first installment of the building charge shall be $18.00 per acre and subsequent installments $6.00 per acre. Full payment may be made at any time of any balance of the building charge remaining due, after certification by the Commissioner of the General Land Office that full and satisfactory compliance has been shown with all the requirements of the law as to residence, cultivation and reclamation.
(b) For operation and maintenance for the irrigation season of 1910, and annually thereafter until further notice, $1.30 per acre of irrigable land, whether water is used thereon or not. As soon as the data are available the operation and maintenance charge will be fixed in proportion to the amount of water used, with a minimum charge per acre of irrigable land whether water is used theeron or not.
8. All entries made hereafter for any of the lands described, whether for lands not heretofore entered, or for lands covered by prior entries which have been canceled by relinquishment or otherwis, shall be accompanied by applications for water rights in due form and by the first installment of the charges for building, operation and maintenance, not less than $19.50 per acre for irrigable land. The second installment of the building charge, not less than $6.00 per acre, and the appropriate charge for operation and maintenance, shall become due on December 1 of the calendar following year. Installments of the building charge shall become due on December 1 of each year thereafter until fully paid.
9. For lands in private ownership and for lands heretofore entered, the first installment of the charges for building, operation and maintenance, not less than $7.50 per acre of irrigable land, shall become due on December 1, 1910. The second installment shall be due on December 1, 1911. Subsequent installments shall become due on December 1 of each year thereafter.
10. The first installment of the charges for all irrigable areas shown on these plats, whether or not water right application is made therefor or water is used thereon, shall be due and payable as herein provided.
11. The public notice of December 27, 1907, and November 12, 1908, contain provisions to the effect that for all applications for water rights filed after June 15 in any year, one installment of the charges for building, operation and maintenance must be paid at the time of filing, but the portion for operation and maintenance shall be credited on account of the installment of said charges for the subsequent year. Such provision occurring in any public notice heretofore issued for the Umatilla project is hereby revoked.
12. The regulation is hereby established that no water will be furnished in any year until the portions for operation and maintenance of all installments then due shall have been paid. Accordingly no water will be furnished for the irrigation season of 1911 for any lands, unless the portion for operation and maintenance of the installment due on or before December 1, 1910, has been paid, and in like manner no water will be furnished in any subsequent irrigation season unless payment has been made of the portions of the installments for operation and maintenance then due and unpaid.
13. The public notices issued November 12, 1908, for the Umatilla project contain provisions to the effect that no water will be furnished in any year unless the portion of the annual installment for operation and maintenance then due shall have been paid on or before April 1. Such provisions are hereby amended to read as follows:
"The regulation is hereby established that no water will be furnished in any year until all operation and maintenance charges due shall have been paid."
14. Failure to pay any two installments of the charges when due, whether on entries made subject to the Reclamation Act or on water right applications for other lands, shall render such entries and the corresponding water right applications, or the water right applications for other lands, subject to cancellation with the forfeiture of all rights under the Reclamation Act, as well as of any moneys already paid.
15. All charges must be paid at the local land office at La Grande, Oregon.
16. The charges may, for the convenience of applicants, be paid to the special fiscal agent of the United States Reclamation Service assigned to the Umatilla project, for transmission to the register and receiver of the local land office on or before the date specified for payment at the local land office, but in case this privilege is availed of, the necessary charges for transportation of the cash, as determined by the special fiscal agent, must accompany the payment of the water right charges. R. A. BALLINGER,
Secretary of the Interior.

SPECIAL NOTICES.

Proposals Invited.

NOTICE TO CONTRACTORS.
Notice is hereby given that, in pursuance of ordinance No. 50, now on file in the office of the City Clerk, providing for the construction, operation and maintenance of a system of water works in the town of Cathlamet, Washington, adopted at a regular meeting of the Council, held on the 3d day of Jan., 1910, and authorized by a special election in said town as required by law, on the 17th day of Jan., 1910, sealed bids will be received at the office of the City Clerk until 10 o'clock A. M., Feb. 15, 1910, and publicly opened immediately thereafter, for the furnishing of all materials and labor for the construction and completion of a city water works system, to be owned and controlled by the Town of Cathlamet in accordance with the plans and specifications filed with the City Clerk. The work will be let to the lowest and best bidder therefor, and the contract to be entered into will provide that payment shall be made for the work only by warrants upon the "Cathlamet Water Supply Fund," as created and established by ordinance No. 50, and the contractor shall have no claim against the Town of Cathlamet except as therein provided. Said ordinance provides that said warrants shall bear interest at the rate of 6 per cent per annum from the date of issue, payable semi-annually on the first day of Jan. and July of each year. Each bid must be accompanied by a certified check, payable to the order of the Mayor of Cathlamet, for a sum equal to 10 per cent of the amount bid, and no bid will be considered unless accompanied by such check. The estimated cost of said system to be approximately $8000. The successful bidder will be required to enter into a contract and furnish satisfactory bond for the amount required by the laws and laws of the State of Washington, within ten days after being notified of the award of the contract to him, failing so to do, the said check and the amount thereof shall be forfeited to the town. All bids must be made in accordance and compliance with the plans and specifications now on file in the office of the City Clerk. The town reserves the right to reject any and all bids. By order of the City Council.
JOHN T. NASS, Mayor.
(Attest.)
THEODORE M. NASSA, Clerk.

NOTICE TO CONTRACTORS.
Sealed proposals will be received at the office of the Sacramento Valley Irrigation Company until 4 o'clock P. M.
