UNIVERSITY MEN AT EUGENE GIVEN HIGHEST HONORS

EUGENE, Ore., May 2.—Two Eugeneans and two students, whose homes are in this city were among the seventeen members of the instructional staff and of the student body of the University of Oregon elected to active or associate membership in Sigma Xi, national science fraternity at its annual meeting.

Frank Vonder Ahe of the department of chemistry and Marian Hayes of the department of zoology were the Eugeneans honored by associate membership. The Eugene students named as active members were Percy A. Lasalle, chemistry, and Oscar Richards, teaching fellow in zoology.

Sigma Xi is to science what Phi Beta Kappa is to liberal arts. Both represent the highest scholarship. Sigma Xi elections are based also on original research. The only chapter of the organization in Oregon is at the university.

Others elected to active membership were: From the school of medicine in Portland—William P. Holbrook, instructor in biochemistry; Dr. Clinton H. Thines, instructor in pharmacology, and Dr. Warren C. Hunter, instructor in pathology.

Associate members elected were: George Riddle of Grants Pass and Vladimir B. Rojansky, Darmitra, Russia, of the department of mathematics; Walter Brattain, Tonasket, Wash.; Leonard J. Newman, Libby, Mont.; and Alton Gabriel, Milwaukie, of the department of physics; and the following from the school of medicine: Jessie L. Brodie, research assistant in experimental biology; Kenneth Smith, Jones fellow in pathology; Thomas Wyatt, assistant in physiology; Arthur C. Jones and John F. LeCocq, assistants in anatomy.

LEE DUNCAN IS THWARTED AGAIN IN JAIL ESCAPE

ROSEBURG, Ore., May 2.—Lee Duncan, prisoner in the county jail who escaped two weeks ago and was at liberty for a week before being recaptured, was found in possession of six hacksaw blades, a flashlight and a can of red pepper when officers searched his cell today. These articles are believed, Sheriff Starmer said, to have been slipped Duncan by Hudson, who is serving a sentence for having liquor in his possession.

District Attorney Gordon stated this morning that Hudson's actions would be investigated by the grand jury which meets on May 18.

Hudson, who is a trusty, has been working on the courthouse yard, trimming rose bushes and cleaning up the ground and, according to the authorities, is thought to have gone to his tent about three blocks from the jail yesterday and to have procured the articles found in Duncan's cell.

Sheriff Starmer stated that loose boards were found in Hudson's cell which are directly above Duncan's, and evidence, the officers said, indicated that Hudson slipped the hacksaw blades, flashlight and can of pepper through to Duncan, who hid them under his mattress.

Duncan, who is being held for the grand jury on a charge of robbing six Roseburg stores, as well as attacking an officer and breaking jail, has informed officers that it is his intention to escape again and that he will use every means to break out of jail.

MEXICO PROTESTS KILLING IN SAN QUENTIN IN 1924

WASHINGTON, May 2.—Secretary Kellogg has forwarded to Governor Richardson of California a note from the Mexican embassy complaining that in February, 1924, a Mexican named Antonio Hernandez was killed by inmates of the penitentiary at San Quentin, Cal., and that no steps apparently have been taken to punish the guilty.

The note was presented by embassy officials upon instructions from Mexico City and asked that the California authorities investigate the killing and punish not only those who killed Hernandez, but those who made the attack possible.

Secretary Kellogg wrote the California governor that he had no doubt the state would make a careful investigation and take such action as the facts warranted.

In a reply received April 24, the governor said the papers had been referred to appropriate state authorities for investigation and promised to advise the state department what might be disclosed.

HEAVY SENSENCES GIVEN OWNERS OF MT. ANGELL STILL

SALEM, Ore., May 2.—After disallowing a motion for suppression of all testimony in the case and for return of all the property confiscated, Justice of the Peace Small yesterday passed sentence on four men who were arrested in connection with the seizure of the huge still near Mount Angel early in the week. Joe Walker, on whose farm the still was located, was fined $3000 and sentenced to one year in the county jail. Lester Dickson, John Andrews and Henry Johnson were fined $500 each and sentenced to six months in the county jail on the charge of manufacturing liquor, and were bound over to the grand jury on a charge of possession of a still. The charge on which Walker was sentenced was possession of a still.

Attorneys for the defendants are fighting the case so stubbornly that it is believed they will appeal to the circuit court and possibly also to the supreme court.

POSTOFFICE MEN PRAISED, PENSION SYSTEM FAVORED

OMAHA, Neb., May 2.—The government postoffice department is the biggest business in the country and its employes are the most capable, hardest working and most faithful organization in the world, Congressman M. Clyde Kelley, of Pennsylvania, author of the postal salaries increase bill, told a gathering of railway mail clerks here last night. Success of the department, he continued, is due to the absolute loyalty of its employes, adding:

"The next step to work for is a retirement system that will provide for the worker who has given his whole life to the service and also for a system of promotion based upon merit."

Congressman Kelley predicted postoffice receipts of $1,000,000,000 within the next three years as compared to the present income of $700,000,000.
