YOUR BIRTHDAY by Stella Wilder

Born today, you are often to be found in the center of things, trying to keep everyone calm when there is a risk of things boiling over in some way. You thrive on fair dealing for everyone, and you will never stoop to taking undue advantage of anyone at any time -- even if it were to benefit you in some way. Despite the fact that you are a pacifist by nature, you are certainly not bland or forgettable. On the contrary, you are quite an exciting individual, and others are likely to remember you long after even the most quick and casual interaction. There is just something about you that sticks with people! It is likely that you will be widely admired throughout your lifetime.

WEDNESDAY, OCTOBER 3

LIBRA (Sept. 23-Oct. 22) -- You can find one or two important messages embedded in a recent dream, once a friend alerts you to the images that are most important.

SCORPIO (Oct. 23-Nov. 21) -- You may not be facing a serious problem, but something has recently happened that requires you to do things in a slightly different way.

SAGITTARIUS (Nov. 22-Dec. 21) -- Your awareness of what is happening in the shadows today allows you to make a decision that will benefit others as well as yourself.

CAPRICORN (Dec. 22-Jan. 19) -- You can shine a light on an issue today that has been overlooked -- or perhaps intentionally ignored -- for far too long.

AQUARIUS (Jan. 20-Feb. 18) -- If your environment isn't giving you what you need in the way of inspiration or support, make a change. Today is a good day to be bold!

PISCES (Feb. 19-March 20) -- A minor shock makes it difficult for you to do all that you had promised you would do, but friends will certainly understand your predicament.

ARIES (March 21-April 19) -- You are more capable than some, and less so than others -- but today it's all likely to even out and provide you with expected gains.

TAURUS (April 20-May 20) -- You may not be able to see through someone else's deception at first, but a warning from a friend alerts you to what is really going on.

GEMINI (May 21-June 20) -- You may have to deal with certain issues on a shallower level than usual. Still, you can make your point and have the desired impact.

CANCER (June 21-July 22) -- You'll want to be more positive in your outlook than those around you today, who fail to see the potential in a certain difficult situation.

LEO (July 23-Aug. 22) -- You may discover that a certain problem is not likely to go away on its own; this will require you to take a stand you've not taken before.

VIRGO (Aug. 23-Sept. 22) -- Say what you have to say and move on. Today, you must resist the temptation to linger and repeat yourself. Efficiency counts for much!
