# ALENDERFER HEAD OF ARRANGEMENT FOR SHRINE MEET

O. O. Alenderfer has been appointed chairman of the general committee of Shriners who will have complete charge of the entrtainment and other details of business of the Shrine conclave and ceremonial to be held here the 27th of this month. Serving on the general committee with Mr. Alenderfer are C. C. Lemmon and Howard Scheffel of Medford, Sam Baker and A. K. Cass of Grants Pass, Sam McNair and Andy McCallen of Ashland.

A number of auxiliary committees which will work with the general committee have also been appointed and consist of parade committee, Paul McDonald, chairman; decorating committee, Walter Leverett, chairman; public safety committee, C. C. McCredie, chairman; banquet committee, Clyde Eakin, chairman; publicity committee, Henry Fluhrer, chairman; golf committee, Vernon Vawter, chairman; hospitality committee, G. R. Chapman, chairman, and membership committee, L. P. Older, chairman.

Regular meetings of all committee chairmen are being held and final touches are being put on to what appears to be a most complete and comprehensive program of entertainment for the thousand or so Shriners who will invade southern Oregon and Medford during the two day meet. Indications are that over 50 novices will travel across the burning sands of the Shrine in one of the largest gatherings of Shriners ever held in the state of Oregon.

Word was received from Ben Ali temple of Sacramento that they wished to increase their reservation by some twenty-odd members. This is the second addition to the reservation list from the valley city. It is expected with additional names coming in daily that over 200 members, the Ben Ali patrol and band, drum corps and a carload of special scenery and equipment will make up the special train from the northern California cities. The train will arrive in Medford at 2:45 p. m., and will be welcomed en masse by Oregon members of Hillah temple. The Pullman cars will be parked on sidings and used to quarter the visitors during their stay here.

# WILLAMETTE DROPS AFTER SUDDEN RISE

EUGENE, Ore., April 16.—(AP)—The Willamette river, after approaching the 10-foot stage yesterday, with a rise of seven feet in 36 hours, was receding today after dropping to the 5.6 foot mark this morning, lessening the threat of high water and floods. The peak for Monday was slightly over 9½ feet. Flood stage here is 12 feet.

Burns. — Valley View hospital grounds will be beautified soon.

## Fruit cocktails are delicious and good to serve

EVERY time you serve a fruit cocktail, you bring enjoyment and health to your table. Every time you cut up, say a grapefruit, some pineapple, an orange, a banana—sprinkle it all with powdered or confectioner's sugar, and let it stand a little—you make that cocktail so delicious that it can mean even more to health.

The sugar dissolves and blends the flavors of the fruits.

It is this blending power of sugar that families rely on so much. Sugar adds to the enjoyment of combinations of the health-foods. Then a sprinkling of sugar accents the flavor of a *single* health-food . . . accents the flavor of strawberries, for example . . . sharpens up the flavor of peas when they cook.

Two fruits, two vegetables, are the daily rule. Use these two powers of sugar to give zest to their flavors—to make them more inviting. The best cooks are generous with sugar. The Sugar Institute.

# COPCO GROWTH IS SHOWN IN RETURN

The consistent growth and development of The California Oregon Power company is indicated by the regular quarterly letters accompanied by dividend checks on Copco preferred stock which have just been distributed to over 4500 shareholders of the company, many of whom reside in this locality.

Of primary interest to the company's local "partners in progress" is the quarterly statement of earnings which reflects a most satisfactory increase in revenue over the preceding 12 months period. Another item which shows the company's continued development concerns the building of a new high tension power line to provide improved service to customers of the Mountain States Power company and Copco. Details of this large new project are quoted from the letter as follows:

"Plans are under way for the construction of a transmission line from Dixonville to Marshfield, Ore., for the purpose of a more extensive interchange of power between the Copco system and the system of the Mountain States Power company, which is also one of the subsidiary public utilities of Standard Gas & Electric company. Marshfield is the headquarters of the Coos Bay division of the Mountain States Power company. Construction of this line will improve service in the respective territories by supplying a dual source of power through an inter-connected transmission network. Detailed plans are now in the course of completion, and active construction will begin in the near future. It is expected that the line will be ready for service by fall."

In closing, the letter states that information concerning other construction items and full details of the company's major activities for the past year will be furnished shareholders in the 1928 annual report, which will be distributed next month.

# PORTLANDER LOSES BY COURT DECISION

SALEM, Ore., April 17.—(AP)—N. L. Smith, ex-illicit liquor dealer of Portland, is deprived, by a supreme court opinion Tuesday of any interest in certain Portland property on 11th stret which was used as a distributing point for liquor.

No opinions pertaining to Jackson county cases were handed down.

Mr. and Mrs. V. T. Wilson of Jacksonville and Mrs. Charley Adams and Mrs. Jack Moore of Medford attended the funeral of Scott H. Claspell at Butte Falls Sunday morning.

# FLIER FAILED TO PULL PARACHUTE RIP CORD

ST. LOUIS, April 17.—(AP)—The body of Lieutenant Shapley Gray of the Missouri National Guard air unit was found this morning in a field near Gumbo, 20 miles west of here. The lieutenant had jumped from his plane when its motor stalled while on a return trip from Jefferson City late yesterday. The flier's parachute was found intact strapped to his body with the release cord still in his pocket, indicating he had failed to pull the ring.

Captain William B. Wimer, pilot, also leaped from the plane, but made a safe parachute landing. The plane, an army training ship, was demolished.

The homes of both fliers are in St. Louis.

Klamath Falls. — Ocla E. White Music company changed hands.
