Vacancies Dwindle—Only 100 vacancies for enlistment in the regular army air corps remain for the Oregon district, Sgt. Joseph W. Cushman, commander of the recruiting station in the Medford Federal building, said yesterday he had been notified by Lieut.-Col. B. H. Hensley, district recruiting officer in Portland. The vacancies exist at the air corps training center at Jefferson barracks, Mo. The vacancies offer an opportunity for eligible young men to study at air corps technical schools, Sgt. Cushman pointed out. Youths interested were asked to consult Sgt. Cushman.

In New Post — George C. Schmidt, educational adviser at Camp Steamboat near Roseburg, reported to Medford CCC district headquarters yesterday to take over the duties of district welfare and publicity officer as successor to Joseph W. Scobey. Called to active duty with the army at Fort McPherson, Atlanta, Ga., as a cavalry captain, Mr. Scobey, accompanied by his wife, was to leave for his new post this morning by car. Capt. Scobey had planned to leave last Friday but deferred the departure because of the necessity of transacting official army business in San Francisco tomorrow.

Lebanon, June 7—(AP)—Opening of the annual strawberry festival here Friday attracted an estimated 12,000 persons.

O. C. Wimer, N. G.
O. H. Bengtson, V. G.
L. O. Howard, Secty.

ASSOCIATED OIL COMPANY GIVING STAMPS TO STAFF

Tide Water Associated Oil company, through its president, William F. Humphrey, today purchased for its employees from coast to coast 10,019 U. S. Defense Postal Savings Stamps of $1 each and will present them, with a Postal Savings Stamp Album, to employees as the first step in an effort to raise $1,000,000 among the company employees for national defense.

It was the largest wholesale purchase of postal savings stamps to date and is expected to be followed by similar purchases by other large concerns for their employees. The stamps and albums will be distributed immediately to the Tide Water Associated Oil company's employees. The employees will be encouraged to purchase additional stamps to fill the albums to the $75 level needed to exchange them for U. S. Defense Bonds, series E, which in 10 years will have a value of $100. The company itself yesterday bought the full legal limit of Defense Bonds allowed any one corporation in any one year.

In announcing the stamp purchase Mr. Humphrey issued the following statement:

"The president of the United States has proclaimed an unlimited national emergency. The president has called upon all loyal citizens to place the preservation of our nation first in mind and first in action. This demands the moral, the physical and the financial support of every citizen in proportion to his or her capacity. The Defense Savings Bond program of the United States of America has the threefold aim of aiding national defense, promoting individual thrift and safeguarding the country from the dangers of inflation.

"This company itself has purchased the legal limit of United States Savings Bonds permitted to be purchased in any one year by a corporation. However, it is convinced that it has the additional duty to stimulate others to participate in this patriotic program. Accordingly, this company has procured from the government 10,019 Postals Savings Plan Stamp Albums and is presenting to each of its employes a stamp album with the first $1 stamp paid for and affixed thereto. It is hoped that the same sentiment which prompted the company's purchase of these stamps and the distribution of the almbums among its employees will encourage them to purchase periodically additional stamps until the album has been filled with $75 worth of postal savings samps.

"The completed album may be turned in at any United States post office in exchange for a United States savings bond, series E, which in ten years will increase in value to $100, the appreciation in value representing an interest return of 2.9 per cent a year compounded semi-annually.

"This program initiated by the treasury department of our government merits the support of all loyal citizens."

FIND HORSESHOE IN OLD OAK TREE

How old was the horseshoe and where did it come from?

That was the question left unanswered yesterday after a horseshoe had been found imbedded in the large oak tree pulled down Friday in the parking space behind the Trowbridge & Flynn Electric company, 214 West Main street.

The horseshoe was discovered when the tree was being sawed up into blocks. The saw struck the metal with a whang and the blow all but ruined the saw. Only the ends of the horseshoe protruded from the block and no effort was made to cut it out.
