HOROSCOPES *by Stella Wilder*

YOUR BIRTHDAY by Stella Wilder
Born today, you are not always the first one to answer a question or solve a problem, because you always try to take as much time as you need to ensure that the answer or solution you come up with will be the right one. You are never in a hurry, and you always trust that those working with you will have the patience to let you take time to formulate your thoughts, plan your actions and ultimately set in motion the kinds of events that can really have an impact on the world around you.
MONDAY, JUNE 21
CANCER (June 21-July 22) -- You're not likely to recognize something -- even when it is staring you in the face -- but it's important and will help you immensely very soon.
LEO (July 23-Aug. 22) -- Others will follow in your footsteps, but you can speed up the process by giving the impression that you don't care one way or the other.
VIRGO (Aug. 23-Sept. 22) -- You may find yourself dealing with a problem today that is left on your doorstep by someone who didn't want to go to the trouble.
LIBRA (Sept. 23-Oct. 22) -- Success comes to those who are willing to do the "impossible" today -- and that's you, certainly. You're not about to be held back in any way!
SCORPIO (Oct. 23-Nov. 21) -- "All good things come to those who wait" -- except today, when going after something aggressively is likely to get you the results you seek.
SAGITTARIUS (Nov. 22-Dec. 21) -- Can you do what others are doing and enjoy the same positive results? If you're unsure, you may want to hold back today to avoid danger.
CAPRICORN (Dec. 22-Jan. 19) -- A constant reminder of where you are right now -- and why -- can be dealt with in a productive way today. This is rather like a jailbreak!
AQUARIUS (Jan. 20-Feb. 18) -- Don't let yourself fall prey to those who would have you think you're less than you are. You can prove as much to yourself as to others.
PISCES (Feb. 19-March 20) -- You can trust your imagination to see you through a problem that has developed slowly over the past few days. The odds are in your favor.
ARIES (March 21-April 19) -- The more you are willing to give, the more you will surely get today -- but take care that you're not handing over something irreplaceable.
TAURUS (April 20-May 20) -- You're going to have to make a couple of tough decisions today, and though you're not the one most affected, you'll surely feel for those who are.
GEMINI (May 21-June 20) -- What comes to you today can be shaped and molded to suit your current situation, and you may acquire something you've long desired as a result.

MONDAY, JUNE 21, 2021
YOUR BIRTHDAY by Stella Wilder
Born today, you can sometimes be just a little too clever for your own good, and this manifests itself in situations where you find yourself making things far more complicated than they need to be -- and when you find yourself over your head in this way, it is always best to stop, reset, go back to the beginning and see what you can do to make your life -- and work -- more simple! You love any problem that requires careful thought and consideration.
TUESDAY, JUNE 22
CANCER (June 21-July 22) -- You can prove to be something like a philosophical safecracker today, able to solve all manner of "metaphysical" problems you encounter.
LEO (July 23-Aug. 22) -- You may find that your own desires collide with those of another, to the extent that someone will have to go without -- and it may well be you.
VIRGO (Aug. 23-Sept. 22) -- Expectations are likely to be confounded by a series of unanticipated events today. Alone you may be lost; as a team you can surely progress.
LIBRA (Sept. 23-Oct. 22) -- You may have to ask a favor of one who is not always on your side -- but today you each have good reason to come together to make something happen.
SCORPIO (Oct. 23-Nov. 21) -- You are likely to gather essential information faster than anyone else today -- but it's uncertain whether you'll be able to put it to use.
SAGITTARIUS (Nov. 22-Dec. 21) -- Recent preparations position you well today, but you may be somewhat baffled by the timing of certain events. Follow another's lead.
CAPRICORN (Dec. 22-Jan. 19) -- The old ways aren't likely to serve you well today, and yet you may not feel ready to try something new. Time is on your side for now.
AQUARIUS (Jan. 20-Feb. 18) -- A difference in methodology proves perplexing today as you find yourself competing directly with someone very much like yourself.
PISCES (Feb. 19-March 20) -- Your ability to sense when things are about to happen will serve you well today -- but there are times when you want to keep things to yourself.
ARIES (March 21-April 19) -- Communication is the key to progress and ultimate success -- but it may be difficult for you to get in touch with the one person who matters.
TAURUS (April 20-May 20) -- New methods and strategies can be devised rather quickly today -- just in time to deal with a situation that snuck up on you and those around you.
GEMINI (May 21-June 20) -- You'll perceive that there is, after all, an end to your current struggles -- though the light at the end of the tunnel is still a long way off.
