HOROSCOPES *by Stella Wilder*

TUESDAY, JULY 6, 2021
YOUR BIRTHDAY by Stella Wilder

Born today, you have been endowed with two remarkable talents that, when combined to work together toward a common goal, can enable you to achieve almost anything you may envision -- personally or professionally. First, you are known for your quiet, comprehensive understanding of yourself, the world around you and the people in it. This doesn't mean that you don't occasionally miss the mark, but on the whole, your view of things is far more accurate and all-encompassing than most people's. Second, you possess a tenacity, a staying power, that allows you to see things through.

WEDNESDAY, JULY 7

CANCER (June 21-July 22) -- You're ready to sit down and crank out a piece of work that could possibly be long remembered. Putting the first pieces into place is tricky.

LEO (July 23-Aug. 22) -- It's important for you to consider all possible points of view today before solidifying your own. "Yeah, but" is a fine way to do it!

VIRGO (Aug. 23-Sept. 22) -- You may be getting perilously close to a kind of honesty that no one is yet ready for -- but right now that's what you're all about!

LIBRA (Sept. 23-Oct. 22) -- What you're looking for isn't likely to be found today -- at least not by employing your usual search methods. You must try something new.

SCORPIO (Oct. 23-Nov. 21) -- You may find yourself embroiled in a conflict that cannot be solved unless all parties are willing to make a sacrifice. Are you?

SAGITTARIUS (Nov. 22-Dec. 21) -- You're playing with ideas that are certainly worth developing, but you must be willing to follow them down a certain difficult path.

CAPRICORN (Dec. 22-Jan. 19) -- Today you can treat yourself to something you've long wanted to try -- but you may be surprised by your own reaction to it. Try some more!

AQUARIUS (Jan. 20-Feb. 18) -- Appearances will tell you today that everything is in order, but they may prove misleading when you look closer. You have work to do.

PISCES (Feb. 19-March 20) -- Your quality control methods may be somewhat lacking today, so you may have to turn to a friend to ensure everything is up to par.

ARIES (March 21-April 19) -- Now is the time to do what you have been waiting to do, for if you wait any longer, the opportunity will have passed or dangers will have arisen.

TAURUS (April 20-May 20) -- You must be willing to do more than usual today to ensure that a certain situation doesn't get out of hand. Not everyone will cooperate.

GEMINI (May 21-June 20) -- You may be wondering if you know enough to engage in a certain contest with a certain formidable opponent. Why not try a trial run today?
