Dead!

"Dead" oil is damaging thousands of cars every day. Maybe it's damaging yours. You think not, of course. You wouldn't have it if you knew. But most oils do become dead before you know it.

SUNOCO
THE DISTILLED OIL

is different. It isn't compounded of light oil and "cylinder stock." It's such oils that quickly break down and go dead.

Sunoco has a longer lubricating life. It's the only oil of six types, each of which is wholly distilled. It's pure lubrication. It lasts longer and makes your car last longer.
