FREE TELEPHONE ALMANAC.

The new 1938 Telephone Almanac, an annual publication of the American Telephone and Telegraph company, is now available, and copies may be obtained free at the telephone office, according to Mrs. Lenora Langston, manager here for the Pacific Telephone and Telegraph company.

The new almanac, which contains interesting information on astronomical calculations, temperature and rainfall data for representative cities in the various states, and other typical almanac information, as well as many facts regarding the history and development of the telephone, is a valuable handbook for farmers, business men, housewives, students and other telephone users.

Heatless Light From Fireflies

The light generated from the luminous organs of fireflies and glowworms is almost perfect, in the sense that it is nearly heatless, and it has never been duplicated by man. These luminous organs are made up of cells, secreting a chemical substance which undergoes such rapid oxidation that light is emitted.

SCHOOL NEWS

West Side.

The Cottage Grove junior high basketball team will swing into action for its first game of the season when it meets Lorane on the local high school gym floor Friday at 7:30 p. m. The "Cubs" have given a good account of themselves in several practice tilts with pickup squads of high school students near their own size and expect a successful season. The starting lineup for Friday's game will probably include Jom Jones and Bob Daugherty as guards, Robert Blackmore, center, and Junior Langson and Bob Plaster at forward. Donald Williams, who has been doing good work at forward did not return to school immediately after vacation but may be back in time. Others who will no doubt see action are Harold Bauder, Howard Jenkins, Charles Cooly, Billy Goddard and Billy Pleuard. Brian Stroup has been out with an injured arm sustained during scrimmage.

• • •

During the Christmas vacation the floors of the west side school were varnished and the whole school was thoroughly cleaned.

The seventh and eighth grades assembled in the auditorium Monday to hear President Roosevelt's address to congress.

Joe Reller has withdrawn from the seventh grade. He will enroll at Walden.

Darling Davis returned to school Monday after being absent on account of illness for some time.

Bernice Peterson entered the Fifth grade Monday. She came from Hysham, Mont.

The "Murphy Movement"

The "Murphy Movement"—a movement to bring about temperance through personal pledges to abstain—spread over Ohio in 1877, the year after Francis Murphy originated the idea in Pennsylvania. Volunteer campaigners staged meetings in practically every community of the state and made individual contacts to solicit signatures on the dotted line. Many signed and many didn't.
