## Two Businessmen Give Peewee Bats

Drain led the CG PeeWees Monday night 16-3, but coach Fox says the kids were a little nervous as it was their first game with Drain and the next time they meet, Thursday night at 5:30, they should do a better job.

A dozen little league bats have been donated to the PeeWees by Art Weinkauf and Dick Chambers.

Monday evening pitcher Dully led the Giants to beat the Mighty Squirts 8-7. McCarty was losing pitcher.

## Morelock Ties CG Golf Club Record

Wally Morelock, who holds the 18-hole record for Omlid's Golf club of Cottage Grove with 34-35—69, tied the record for the nine-hole course Sunday with a 32, five under par.

Morelock had set the 18-hole record last year when Bob Gasper set the nine-hole record at 32. Other members of the foursome who witnessed the record were Junior Langston with 36, Cleo Morelock 38, and Hap Wolfard 44.

The record-holder collected an eagle-three on the second hole and had three birdies in the round and nearly had another birdie on the ninth hole, which would have been a new record 31.

Prizes were given for least putts in flight A, flight B and flight C, with Frances Hunter winning in flight A; Dorothy Calhoun, flight B and Myra Macready, flight C. Most penalties in flight A were made by Pat Daugherty; flight B, Lorraine Githens and flight C, Arliene DeJarnett.

Barbara Hill received the prize for low on ecceletic board and Mabel McCord had low score with handicap.

Golf was played in the morning followed by a luncheon at the golf course clubhouse and a business meeting with the president, Arliene DeJarnett, presiding. A summer handicap was planned for the next two weeks.

## Hileman Breaks Record at Shoot

W. W. Hileman, member of the Cottage Grove Rod and Gun club, broke the record at the recent Grand Pacific trapshoot at Elko, Nev. when he made the best score ever made on the Pacific coast for a four-day shoot. He either tied for runnerup or was high each day with a total score far above anyone else. He was presented a trophy for his shooting.

Hileman scored 392 out of a possible 400 in the handicap. He broke at handicap the following scores: 97, July 23; 98, July 24; 99, July 25 and 98, July 26.

In the 16-yard shoot he broke 96, July 23; 97, July 24; 97, July 25 and 95, July 26.

Hileman is on the board of directors and chairman of trapshoots of the local Rod and Gun club.

## Game Commission Sets Regulations

The 1953 hunting and trapping regulations were set by the Oregon State Game Commission on Friday, July 24, following a public hearing at the Portland headquarters of the commission. A complete printed synopsis of the regulations will be available for distribution by the first of September. Few changes were made in the tentative rules published following the initial public hearing on July 10.

The buck deer season will extend from October 3 to October 16, inclusive, followed by a hunter's choice season from October 17 through October 20. The bull elk season will extend from October 31 to November 22, inclusive. An antelope hunt for 400 fortunate permit holders will be held from August 22 to August 27, inclusive, in two areas in southeastern Oregon. License agents throughout the state have been provided with applications for antelope permits. Applications for permits must be in the Portland office of the game commission by 10 a.m. August 11. Drawings will be held August 13 and tags will be mailed on the following day. Local game agencies now have these tags.

The controlled elk hunt in the Lewis and Clark Valley was extended to run from November 28 through December 31. The areas in Douglas and Hood River counties to be included in the either-sex deer season were reduced. Changes were made in the boundaries of the Mt. Emily and McDonald Forest archery areas.

State-wide upland game seasons remain the same except for a reduction in the length of the season in Klamath county and a reduction in the sage grouse limit.

Trapping regulations remain the same except for a slight change in the beaver trapping area in Linn county.

## Chukar Partridges Released in Oregon

Liberation of the chukar partridges in eastern Oregon by game commission personnel is in full swing. First releases of this year's crop of birds took place about the first of July and since then more than 3,000 of the eight-week old birds have been distributed.

In May and June, 1,904 breeder birds held over from last year were liberated in the eastern part of the state.

This year's planting of chukars are being made in many areas not reached when the first large-scale plants were made last year. Some birds will be put in the same areas as last year, but the aim is for wider dispersal of the fastflying foreigners.

Field agents of the commission have found that chukars will migrate fairly long distances seeking the cheat grass type of cover that they prefer. Some of the birds liebrated last year were found several miles from the release sites.

A total of over 9,000 birds is scheduled to be released this year in counties east of the Cascades.

## Cardinals, Rams Meet In Portland September 7

PORTLAND—When the Chicago Cardinals and Los Angeles Rams come to grips here at Multnomah Staduim September 7, they will be nearing mid-season form and the game probably will furnish more thrills than last year's spectacular 24 to 14 victory by the Rams.

Los Angeles already opened its season in a game with Ford Ord Army. This week the Rams play another service team, the 11th Naval District All-Stars. Then they face three straight National Football League opponents before coming to Portland, going up against the Weshington Redskins, the Cleveland Browns and the San Francisco '49ers.

Chicago opens its season August 22 against the Baltimore Colts and then meets the Green Bay Packers at Spokane a week prior to the Ram contest.

So both coaches, Joe Stydahar of the Cardinals and Hampton Pool of the Rams, will have a chance to test their rookies under fire and to get their squads into top condition.

The Cards are counting on freshman Johnny Olszewski of California to provide the offensive spark they have been lacking, while Los Angeles is banking on Ed Barker of WSC to bolster the club at end, traditionally its strongest position.

## Social Security Man To Be Here Aug. 17

A social security representative is scheduled to be in Cottage Grove, in the council chambers of the city hall on August 17. He will be in the council chambers from 10:30 a.m. till noon for the purpose of assisting local residents with their social security problems.

It is extremely important that each individual have a social security number and that his employer reports it exactly as shown on the card.

The toughest thing for a good talker is to be a good listener.

## Blacktail Heavier Than Mule Deer

Weight records of 490 deer obtained throughout Oregon have revealed facts contrary to the beliefs of many of the state's hunters.

According to a survey made by game commission field agents, black-tailed deer bagged in 1952 weighed an average of three pounds more than mule deer taken the same year.

A rapid growth of tender browse plants in burned-over areas west of the Cascades has provided excellent food for the west side deer and since 1949 they have shown a gradual increase in weight. In the same period, mule deer have shown a slight decline.

The deer were classified by antler points and the average hog-dressed weights in 1952 compared as follows. Mule Deer: two point, 101 pounds; three point, 126 pounds; four point and over, 155 pounds. Blacktail: two point, 103 pounds; three point, 133 pounds; four point and over 154 pounds.

Though the blacktail were outweighed in the oldest age group by one pound in 1952, they held the lead in that category in 1951 and averaged five pounds more than the "muley."

Weight statistics have been gathered by game commission field agents for several years and are compiled in the 1953 annual game report.
