SALE OF CATTLE.—Mr. A. M. Johnson sold, this week, 100 head of three year old cattle, for thirteen dollars and a quarter per. head.

FOUND.—A pair of spectacles was found in the road near town and left at this office for the owner.

SUSPENSION.—After this week there will be no issue of the NEWS for two or three weeks, as we are compelled to be absent, on business to Coose Bay. We will resume our issue as soon as we return home.

NEW FIRM.—Willey & Co., Are out in our columns, this week. If you wish anything sent on consignement to Washington Territory, Mr Thomas Thorp of Scio is their agent and he can fully satisfy you that this is the house to consign to.

NEW ADVERTISEMENTS.—Our readers are requested to read the advertisement in this issue of Messrs. Morrow & Bro—they are in need of a little cash, and we can assure purchasers that they mean what they say; they will sell "remarkably low." Try them on, you who wish such bargains.

REPAIRS.—Mr. H. L. Turner, proprietor of the Scio flouring mill, is preparing to give the mill a thorough repairing—will build a capacious ware house, in which to store grain; rebuild the dam, and in short make it rank among the first class mills of the State—and Mr. Turner is the man to do it.

WHITE PINE LUMBER.—Honor Jno. Bryant & Co., have erected a sawmill in what is known as "white pine mountain," and have several thousand feet of this desirable lumber on hand. Those wishing nice finishing lumber will do well to lay in their orders soon as we are informed it is in great demand. This mill is on or, near the Quartsville road, east of Scio.

SAD ACCIDENT.—A son of Hiram Bishop living near Scio, had his hand badly injured, on Thursday last, in the Saw Mill of Donaho & Coffey. While gigging back the carriage by some mishap he staggered, and throwing out his right hand, to prevent falling, it came in contact with the saw. Three fingers was totally ruined, one of them, was thrown several feet from the saw. His four finger may possibly be saved though it was sawed through the bone near the first joint. The hand was also considerably lacerated.

LOOK OUT BOYS.—The boy that slipped that plug of tobacco in his pocket, the other day had better come back and pay for it, and give some assurance that he will let things alone in the store, or his name will be given that all may watch him. He thought that he was sly, but was seen taking it.

Boys had better learn while young, that "honesty is the best policy."

ARRIVED.—On Wednesday, in the family of our brother quill, Jas. O'Mera, Esq., of Portland, an accident happened. It was a boy.

Elisha Sprague, of Chicago, is to have a new trial in the breach of promise case with "Manly Craig," whom, it will be remembered, he "nuzed better than his Geasus" some years ago.

There are fifteen thousand men who can't find wives in Kansas.
