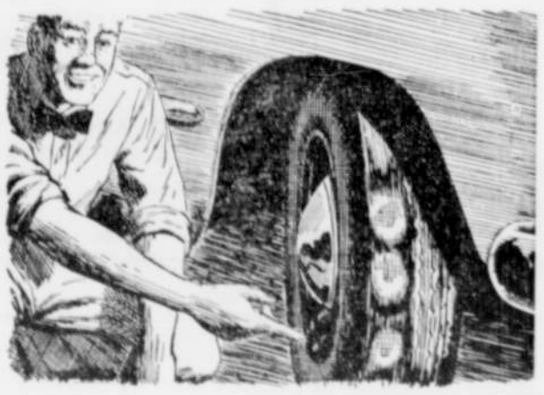
Are you saving pennies and wasting dollars with HIT-OR-MISS CAR SERVICE?

Excessive tire wear is a sign of real trouble. Trouble that can cost money to correct.

Road shock in normal driving loosens and wears steering linkage unless vital parts are protected with a cushion of lubricant. When these parts are worn, tires gradually get out of line and tread wear accelerates.



Best protection against this happening to your car is regular lubrication and inspection every 1,000 miles.

Our Car-Saver Service includes protecting these important points with the proper lubricant and an inspection every time we lubricate your car. It also includes a record of services performed and a reminder to you when services are due.

Be sure your car gets regular attention—put it in our hands for Car-Saver Service.
