DAYTON HERALD.
FRIDAY, JUNE 27, 1902.

The nearer you can come to making the people see the goods you are talking about, the better advertising you are doing, says the Michigan Tradesman. It is a good deal better to offer something special, even if it is not fully described, than to advertise in a general way.

The annual session of the Willamette Valley Chautauqua Association will be held at Gladstone Park near Oregon City, July 8th to 19th, inclusive. Many attractive features to the meeting, will be presented by the association, that will add greatly to the interest of the annual session.

An old building—formerly the Island House—one of the landmarks in Salem, was destroyed by fire early last Monday morning. A house near by, belonging to Judge R. P. Boise, with a large number of fruit trees on the latter premises, were also destroyed by the fire. The building in which the fire originated was occupied as a saloon and lodging house. One woman barely made her escape.

Portland has had two very destructive fires the past week. One of the most destructive fires occurred Saturday night that has lately visited that city. The fire started in the Phoenix Iron works—formerly Wolf & Zwicker's, and a clean sweep was made of all property from Johnson's boat yard to the Troy Laundry on the East side—two spans of the Madison street bridge destroyed. The loss was $386,300. The fire was seen at Salem, 52 miles distant The fire started about 11 o'clock at night. It is not known how it originated. Again Wednesday night another costly fire occured in Portland. A block of frame building were burned Park street, between Glisan and Hoyt; loss $32,300; insurance $18,200 Eleven horses were burned.

Chimerical schemes for the flooding of the desert of Sahara have often been discussed, but a far more interesting and unseful engineering feat of just the opposite kind is about to be accomplished by that most practical of peoples, the Dutch In Leslie's Monthly for July is the first thorough account of the proposed scheme for pumping dry and turning into arable pasture land the Zuyder Zee, that inland sea which covers over 1,400 square miles in the heart of Holland. This undertaking, which will take many more than 20 years to accomplish, should result in providing homes for 50,000 people and in adding greatly to the wealth and prosperity of Holland As an example of interior expansion, this undertaking is unique in history, and no more stupenduous engineering feat has ever been planned.

Geo. E Chamberlain, Governor-elect is out with the announcement that he is in favor of "flat" salaries, and he declares that he will "see that no fees or perquisit s are collected in violation of the Constitution" after he goes into office. He says, though, that he believes "it is in the power of the Legislature to grant state officers reasonable salaries, provided they are not given in the way of fees or perquisites." In other words, perhaps this is what he means: That the Legislature can give him $5,000 or $6,000 or even $10,000 a year as salary for simply being Governor, but that it cannot give him $4,250 a year for being Governor and also, by virtue of his office being inspector of the prison and member of the various boards. Here is a fine point, but, come to think about it, it may be worth raising The sum of $4,250 is not high pay for the Governor, whether he gets it for merely being Governor, or for being in addition, ex officio, member of various and divers boards.—Daily Oregon Statesman.

The State of Oregon is rich enough, and the citizens thereof liberal enough, and perfectly willing to pay their Chief Executive, and all other public officials a fair and liberal salary for their services Why not make a fixed and stated salary for the Governor, and all other officials, making a liberal and sufficient allowance to all and not allowing fees to any? Why make arranging of a fixed and stated salary and its payment to State officials a hair splitting matter? It certainly can be arranged to the satisfaction of all concerned Governor-elect Chamberlain will undoubtedly receive the hearty support of the people of the State of Oregon in his efforts to have the State officers paid a stated and liberal salary, cutting off ALL fees. Let this be done now, without, and regardless of the quibbling of politicians

HOW AMERICAN WOMEN TRAVEL.—Most American women abroad work hard. They travel in all sorts of discomfort, rising "while it is yet night," walking through miles of picture galleries, visiting ancient churches and cathedrals, "doing" all kinds of places in which they take no interest. They go to so many cities and see them so superficially that they know nothing about any of them, really. How can any one know anything of a country, its people, institutions, language, art architecture, morals, schools or anything else, just by racing through it with a party of nervous, hurried strangers, each member of it tired and worn to a frazzle?—June Woman's Home Companion.

STAYING POWER.—Dr Cuyler believes that more young men fail from lack of staying power than from any other cause. I is astonishing how many men lack this power of "holding on' until they reach the goal. They lack grit; they are easily discouraged; they get along all right as long as everything go s smoothly, but, when their efforts begin to drag, when there is friction and disparagement, they wilt and lose heart. They require some one near them constantly, to brace them up and reassure them. Such people can do considerable, if they only have some one to furnish stimulus and encouragement for them. They are dependent upon stronger personalities for spirit and strength Lacking staying power, they seem to lack everything. They have little backbone, little independence or originality. If enthusiasm is contagious in their neighborhood they catch it; but are powerless to generate it, and it soon evaporates. They only dare to do what others do, and cling to the conventional. They dare not step boldly out from the crowd and act fearlessly, regardless of consequences.

VIRULENT CANCER CURED.—Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case was hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious and microbe poisons the salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters, 50c, Salve 25c at Powell's drug store.

STOPS PAIN

Athens, Tenn., Jan. 27, 1901.

Ever since the first appearance of my menses they were very irregular and I suffered with great pain in my hips, back, stomach and legs, with terrible bearing down pains in the abdomen. During the past month I have been taking Wine of Cardui and Thedford's Black-Draught, and I passed the monthly period without pain for the first time in years. NANNIE DAVIS.

What is life worth to a woman suffering like Nannie Davis suffered? Yet there are women in thousands of homes to-day who are bearing these terrible menstrual pains in silence. If you are one of these we want to say that this same

WINE OF CARDUI

will bring you permanent relief. Console yourself with the knowledge that 1,000,000 women have been completely cured by Wine of Cardui. These women suffered from leucorrhoea, irregular menses, headache, backache, and bearing down pains. Wine of Cardui will stop all these aches and pains for you. Purchase a $1.00 bottle of Wine of Cardui to-day and take it in the privacy of your home.

In going over the famous "Shasta Route" of the Southern Pacific Co the traveler ever finds something new to excite his admiration and interest. Starting at Portland, one traverses the whole length of the Willamette Valley, the gem of the Northwest. Mt. Hood, Mt. Jefferson, and the Three Sisters and other snow-capped peaks are kept in sight for hours. The beautiful valleys of the Umpqua and Rogue rivers, with their orchards of peaches, prunes, apples and other fruits are a delight in themselves. The crossing of the great mountain barrier between Oregon and California reveals the grandest mountain scenery in the United States. The wonderful turnings, twistings and doublings of the railroad bring into view a grand array of towering mountains and profound gorges into which we gaze from dizzy heights, forest clad mountains slope stretching up to the line of perpetual snow, and the mountain streams dashing fiercely down deep canyons, now and then stopping for a short rest in some quiet pool. After a day's enjoyment of old Mt. Shasta, the finest peak on the continent, we drop rapidly down the canyon of the Sacramento to the broad plains of the Sacramento Valleyin California, and thence through vineyards and orchards to San Francisco.

READ IT IN HIS NEWSPAPER.—George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns, and when he saw Chamberlain's Pain Balm advertised therein for lame back, he did not hesitate in buying a bottle of it for his wife, who for 8 weeks had suffered with most terrible pains in her back and could get no relief He says: "After using Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very thankful and hopes that all suffering likewise will hear of her wonderful recovery. This valuable liniment is for sale by R. L. Harris.

SAVED FROM AN AWFUL FATE.—"Everybody said I had consumption," writes Mrs. A. M. Shilds, of Chambersburg, Pa, "I was so low after 6 months of severe sickness, caused by hay fever and asthma, that few thought I could get well but I learned of the marvelous merit of Dr. King's New Discovery for consumption, used it, and was completely cured." For desperate throat and lung diseases it is the safest cure in the world, and is infallible for coughs, colds and bronchial affections. Guaranteed bottles 50c and $1. Trial bottles free at Powell's.

Advice of a Druggist

"It is proper, I think, to let others know about the popularity and virtues of Acker's English Remedy for Coughs, Colds and Consumption. From the moment I began handling it, it sold rapidly, and the sales keep growing all the time as fast as people find out what a remarkable preparation it is. The satisfaction it gives is universal. Our best citizens use it and say it is the best thing for throat and lung troubles they ever saw. Mr. S H. Culver, one of our prominent townsmen, says Acker's English Remedy is the only medicine that helped his chronic cough of many years' standing. At first it gave relief, and now, after taking a few bottles, he is wholly cured. I buy it by the gross at a time, and my sales are larger on this one medicine than on any other in my store. It is a great pleasure for me to feel that while I am prospering I am also doing so much good to the community in selling such a grand medicine." (Signed R. R. DOUGLAS, Westfield, N. Y.
