farmers being shown about New York by a guide in the person of Jack Rose.

Upon the part of those who have followed the trial throughout a disagreement of the jury is the outside limit to the hopes of the accused men. They have told a remarkable story of the events of the early morning of July 16, which, though it was not broken down by the state, will be lacking in serious confirmation by any witnesses aside from those directly interested in the verdict which the jury will render.

The issue in the final analysis therefore narrows down to a question of veracity between Jack Rose, "Bridgy" Webber, Harry Vallon and Sam Schepps on one side and "Lefty" Louis," "Whitey" Lewis and "Dago" Frank on the other.

The group led by Jack Rose say the gunmen did the shooting. The gunmen swear back that Rose and his crowd are the guilty persons.

TIMBER OWNERS WANT REDUCTION

The county board of equalization has practically completed its work for the year, and will adjourn either late this afternoon or tomorrow. The question of the assessment of timber lands has occupied the most of the time of the board, but few changes are being made in other assessments.

Timber has been assessed in the county at from 91 cents to $1.25. The timber owners claim that this is too high, and should be reduced at least 50 cents per thousand. Up to a late hour this afternoon no definite action had been taken, but it is believed that the board will vote to maintain the assessment as fixed by the assessor.

The Weyerhauser Timber Syndicate owns the greatest amount of timber in this county, having about 160,000 acres.

GIRLS PRACTICE BASKETBALL PLAY

FOURTEEN STUDENTS OF THE HIGH SCHOOL AGREE TO TAKE PART IN SPORT—MORRISON TO BE COACH

A good basketball practice was held last evening by the girls of the high school at the pavilion. There were fourteen girls who signed up to take work in this line of exercise, and there was a majority of these present last night. All of the girls are enthusiastic over the prospects, and undoubtedly there will be some good preliminary games.

Mr. Morrison, who has charge of the boys' work, also coaches the girls in the fine points of the game.

POWER PLOWS KEPT BUSY AT THE FORT

The Weather Takes a Change for the Better, and Much Progress is Made In Preparing for the Crop of the Coming Year

Special to The Herald

FORT KLAMATH, Nov. 19.—We are having some very nice weather for this time of the year, and there is every indication of a mild winter, which, it would seem, we are entitled to after so much bad weather for the past year.

Two big power plows are now at work in the upper end of the valley, and they have enough work to keep them busy all winter if the weather will only permit, which is not likely; yet it has been known in the past for conditions to permit of plowing most of the winter.

All kinds of stock are doing fine on pasture at present. But it will not be long until it will be necessary to feed, whether we have snow or not, owing to the growth of the grass being checked by frost.

Mr. J. W. Cox, who has just finished plowing 900 acres of fine meadow land, left for his home in Medford a few days ago, to be gone until the 1st of April, when he expects to begin seeding his 1,100 acres for next season's crop. Mr. Cox expects to thresh several hundred acres of timothy next year.

The creamery at Fort Klamath is doing fine for this time of year. Owing to the fact that the cows are doing less at the beginning of winter than at any other time, it was not expected the output would be as great as it is, but by the first of the year, when all cows will be sheltered and fed, and the increased number of fresh cows, the output will be doubled.

News has just been received that George I. Nutley is very low with pneumonia at his home in Tacoma, Wash. Mr. Nutley is an old-time resident shoemaker of Klamath Falls, he moved to Washington about fourteen years ago, where he has been engaged in the hotel business.
