Extension Unit News

Henley - Midland

The Henley-Midland extension unit held its last meeting of the year Thursday at the home of Mrs. Arthur Moran in the Spring lake district. Fifteen members and friends attended and the topic was "Care of the Feet," with Mrs. William William's project leader in charge.

Most of the morning was taken up with study on the subject. Luncheon was pot luck at 12:30 o'clock. In the afternoon a business session was held and officers were elected for the coming year. Mrs. Fred Mueller was elected chairman, Mrs. Lawrence Birk vice chairman, and Mrs. William Cunningham secretary-treasurer.

The other committees and project leaders will be appointed by the chairman next September in the first fall meeting. It is hoped more women will become interested in the subjects to be studied next fall, as all subjects are pertaining to the home.

Olene - Poe Valley

Friday, May 9, at the Olene school house a meeting of the Olene-Poe Valley extension unit was held. This was our second meeting on weight control by the home demonstration agent, Mrs. Winnifred Gillen, who gave a very interesting and instructive talk. At noon a very tasty and satisfying reducing luncheon, consisting of lamb stew, steamed rice, spring salad and cocoanut crust cake with tea was served to 15 members and one guest. The afternoon business meeting was presided over by the chairman, Mrs. Frances Freuer. Roll call was answered with a favorite exercise.

The following officers were elected for the ensuing year, since this was the last meeting for this year. Chairman, Mrs. Francis Freuer, vice chairman, Mrs. Frank Sullivan, secretary and treasurer, Mrs. Irwin Ross

A Red Cross baby quilt was finished during the afternoon. The Olene club has gained more members this year and will be entertained with an afternoon by the Poe Valley group later in the season with the time and place to be announced later.

Votes of thanks to our home demonstration agent and officers were given for their very earnest efforts in having had a very splendid year of work and play.

TROOP MOVE REACHES HERE ON WEDNESDAY

A small advance force will arrive here Tuesday ahead of the movement of nearly 10,000 troops through here beginning on Wednesday.

On Wednesday, Thursday, Friday and Saturday nights, the troops will make camp at a site on Hauser Construction company property on Cumberland road, near the animal shelter and the old Great Northern roundhouse in West Klamath.

The 41st division of national guard troops is making the movement through here, on the way from Fort Lewis, Wash., to San Francisco, Calif., for maneuvers.

The division will make stops at Vancouver, Bend and Klamath Falls. The units are from 213 to 408 vehicles each. Largest group is expected Thursday night, when 2500 men will camp here.

Motorists were warned that the motor convoys will have right-of-way over civilian traffic and private trips should be planned in advance to avoid the military groups.

These units frequently are spaced far enough apart to allow civilian motorists to pass, but extreme care must be used.

Military convoys going through cities, if escorted by city police, may frequently move through stop lights and stop signs without halting. Motorists should never attempt to break through such a column or drive alongside. The Motor association advised civilian drivers to pull well off to one side of the street and let military convoys pass under these conditions.
