Town and County.

The steamer Empire called in Monday morning, on her down trip.

Uncle Shad Hudson, of Eckley, is making Port Orford a business visit.

The specialists advertised in this issue will be in Dairyville, Tuesday, July 22.

Public school will begin in Port Orford next Monday, with Miss Eva Hall, of Coquille City as the teacher.

The Arcata has been delayed in the city for a few days, owing to an accident on her down trip. She sails for Port Orford and Coos Bay tomorrow.

Rev. W. Horsfall writes us that he will not be able to visit Curry county during the present month, but expects to come sometime in August.

Some ten men are employed in rebuilding the wharf, and good progress is being made. The wharf will be straightened and enlarged, and will be almost entirely new throughout.

All operations performed at your home by the specialists. Remember the dates: Dairyville, July 22; Port Orford, Thursday, July 24; Wedderburn, Saturday, Sunday, July 26, 27.

Owing to ill health, Miss Bossen has been forced to give up her school in district 26—Elk River—and the directors desire to employ another teacher at once. Applications may be addressed to Mrs. R. Marsh, Clerk, Port Orford, Oregon.

News is received here that a girl aged 20 or 23 years, a daughter of Robert Smith, of Gold Beach, was killed last Sunday, by falling from a buggy, while returning from a dance at Bagnell Ferry. We have been unable to obtain full particulars.

The steamer San Pedro is due at Port Orford this week, and will take the lumber now at the wharf, amounting to some 300,000 feet. The lumber will be shipped to the Pacific Furniture & Lumber Co., Los Angeles, and will be the first shipment from the Elk River mill.

Mrs. Wootten, of Bandon, has been spending a few days in Port Orford and vicinity, and is forming a class in elocution. Mrs. Wootten is an experienced teacher and an accomplished elocutionist, and is entitled to every encouragement by the community, for her work, if undertaken, will result in great advantage to the rising generation.

If a girl loves a man, that's her business. If a man loves a girl, that's his business. If both love each other, that's their business. If they need shoes, that's our business, so we keep a full stock of the best, for ladies and gents, boys and girls, babies and children, and can fit any foot, with any style, at reasonable prices. For further particulars, call on Kerr & Co.

It is more than probable that some good substantial road work will be performed in the Floras creek district during the present season. Mr. W. V. Cope, the new supervisor, is not only a man of energy and hustle, but a practical road builder, who knows what is needed and how to do it. He is entitled to the credit of building the best piece of road ever constructed in the county.

President Stearns, of the Pacific Furniture & Lumber Co., who has been investigating the timber resources and manufacturing possibilities of the county, departed for home last Monday. Mr. Stearns appeared to be very favorably impressed with the country and the business prospects of the company. One result of his visit is, the beginning, yesterday morning, of the work of building another mill on Elk River, in the vicinity of Wm. Hurst's, expressly for manufacturing hardwood lumber. The machinery for the mill will arrive as soon as it is possible to get it here.

The specialists will be at Dairyville, Port Orford and Wedderburn, licensed to practice in this and many other states, and make a specialty of chronic cases, kidney, stomach and liver troubles, rheumatism and diseases of the blood. Consultation or examination free.

TIMBER MEN—I am prepared to furnish Blue Prints on short notice of any Township recorded in the U. S. Land Office at Roseburg, Oregon; price 50 cents each. Your business before the land office solicited. T. T. PARKER, Attorney at law, Roseburg, Oregon.

The rate of pensions for Oregon Indian War veterans has been fixed at $8,00 per month and the pensions are to be allowed from the date of the approval of the act, June 27, 1902.

Mr. Geo. Belloni, the Star Ranch dairyman, shipped sixty head of fine, fat hogs to the city by the Empire last Monday. Mr. Belloni buys all the fat hogs the people desire to sell, thus giving the dairymen a good market for all their surplus porkers right at home.

Our esteemed townsman, Ames S. Johnston, has been appointed a Deputy County Clerk, by County Clerk Geo. W. Smith. This is an act on the part of Mr. Smith for the accommodation of the people of the vicinity which will be appreciated by land claimants and others who have business with the Clerk which can be attended to without the necessity of going to the county seat. Mr. Johnston has duly qualified, and is prepared to make land filings, final proofs etc.

Dairymen and ranchers who milk eight or ten cows or more can well afford to buy a Separator, and thus not only save the time and trouble of setting and skimming but save a large percentage more of butter fat. Mr. George Belloni, one of the most experienced and best informed dairymen in the county, informs us that the Sharpless Separater is the best he has ever had any experience with, and he is willing to give anyone desiring to purchase full instructions as to use and factory price.

The Pacific Coast Lumber and Furniture Co., owners of the Corbin mill in this county, filed, on July 8, a copy of their articles of incorporation in the county clerk's office at Oakland, Cal. The company was incorporated in South Dakota. Capital stock, $1,000,000. As we notice that some of our exchanges have confounded this company with that of the Pacific Coast Furniture and Lumber Company, of Los Angeles, which is building up an extensive lumbering business at this place as well as at other points, it is timely to remark that the two are distinct companies.

Mr. Z. T. Finch, a wealthy farmer at Smith River, says: "I have been blind on one eye for 3 years, but the specialist has restored my sight." Mr. W. C. Netherton, of Smith River, says: "I have been treated one month and see as good now as I could 20 years ago." Mrs. A. Ulrich, of Smith River says: "I have suffered with headache for 10 years, but since the German specialist has fitted my eyes I have had no headaches." Write to these people and find out what your neighbors say about us. Port Orford, Thursday, July 24. Wedderburn, Saturday, Sunday, July 26, 27. Dairyville, July 22.

As a rule, owners of mining claims are in no hurry to patent their property. Either they have not the money to meet the cost or they will not part with it. On many a claim thousands of dollars worth of work has been done in excess of amount required by the government within the five years limit, still no patents have been asked for. The ending of the recent litigation over the Oregon King mine, in Cook county has bestirred owners, and United States Surveyor General Meldrum has received a number of applications for patents. Under the United States mining laws, the Surveyor General is required to make the final survey for the persons applying for it, and if there is any dispute about the title it must be contested in the land office of the district in which the property is situated. In the fiscal year ending on June 30, deposits amounting to $1470 were made with the Surveyor General for work in Oregon. Deposits for the current year will be double those of last year.—Oregonian.

The Lymph treatment for consumption will be administered by Dr. Mayfield, from the Koch Sanitarium, at Dairyville, Tuesday, July 22; Port Orford, Thursday, July 24; Wedderburn, Saturday, Sunday, July 26, 27.

Gold Beach News.

Gold Beach, July 13, 1902.

The tug Katie Cook has gone to Coos Bay.

Some extensive and badly needed repairs will be made on the court house before the next term of the Circuit Court.

M. Doyle is having a new residence built. Chas. Wakeman is doing the work, and has the frame of the new building about completed.

Miss Eva Hall, of Coquille City, is visiting Miss Ruby Stewart. Hardy Stewart is also visiting at Judge Riley's for a few days.

Clarence Caughell, youngest son of Capt. James Caughell, while at play last Monday, fell in such a way as to break one of his arms. Dr. Caldwell was called, and now the little fellow is at play again, and the broken arm is rapidly recovering.

R. D. Jones, Supt. of the Elk River mill, passed down last Saturday, on his way to Trinidad. He says everything is running full blast at the mill, which is cutting on an average about fifteen thousand feet a day. ZIP.

Railroad Prospects.

Grants Pass, July 7.—The surveying of the Oregon and Pacific Railroad from the Crescent City end has begun. The surveying party have completed their work of establishing terminal lines at Grants Pass and Waldo, and have been transferred to Crescent City, where the same work has been under way at that point. The surveyors are now engaged in marking out the actual route of the new line between Grants Pass and Crescent City. The committee appointed by the Grants Pass Board of Trade and Council has obtained an option on land for adequate terminal grounds and right of way in this city, and a joint meeting of these two bodies will be held tonight to map out a plan for further procedure in the matter. The systematic way in which the work is being taken up by the company, and also by the citizens at each end of the line, is a positive indication that the proposed road is soon to become a reality.

Chicago, July 7.—Renewed activity in completing the surveys of the proposed line of railroad to Coos Bay, with an extension probably to Portland, Or., and the acquirement of options on property at the former place that will be very valuable only in the event of the completion of the road, have started speculation as to the interest behind the proposed line. It is being pointed out that the railroad situation west of the Rocky Mountains favors the supposition that the Gould interest would profit most largely by the construction of a new line from Salt Lake to Coos Bay, and the Eastern Oregon country. Such a line would give the Goulds a route through to the Coast.

DR. KOCH,

Discoverer of the great lymph treatment for consumption, administered by Dr. Mayfield, at Dairyville, Tuesday, July 22; Port Orford, Thursday, July 24; Wedderburn, Saturday, Sunday, July 26, 27.

A recent dispatch says it will be probably six months before the first pension is granted under the Indian war veterans' bill recently passed, as claims of this character will be considered in their order along with all others that reach the pension office, and cannot be made special, although the Orogon delegation requested that this be done.

Over 10,000 Oregon Republicans scratched their candidate for governor, and that enabled the Democratic candidate to pull through by 256, offical. The Republican majority on supreme judge was 17, 146.—Globe Democrat.

Ask your local physician what he thinks of the Dr. Koch lymph treatment, as used in Germany, and get one of our books free. We treat chronic cases only. At Dairyville, Tuesday, July 22; Port Orford, Thursday, July 24; Wedderburn, Saturday, Sunday, July 26, 27.

Star Route Box Delivery.

Notice is hereby given to the public that the contracts in effect July 1st, 1902, for the performance of mail service on the star routes in the States and Territories hereinafter named provide that, in addition to carrying the mails to the various postoffices, the carrier will be required to deliver mail into all boxes and hang small bags or satchels containing mail on cranes or posts that may be erected along the line of the route, under the following regulations of the Department:

Any person living on or near the route and not within the corporate limits of any town or within 80 rods of any postoffice, who desires his mail deposited at a given point on the line of the route by the carrier may provide and erect a suitable box or crane on the roadside, located in such manner as to be reached as conveniently as practicable by the carrier without dismounting from the vehicle or horse, and such person shall file with the postmaster at the postoffice to which his mail is addressed (which shall be one of the two postoffices on the route on either side of and next to the box or crane) a request in writing for the delivery of his mail to the carrier for deposit at the designated point, at the risk of the addressee. The small bag or satchel above described, as well as the box or crane, must be provided by the person for whose use it is intended without expense to the Department.

It shall be the duty of the postmaster at every such postoffice, upon a written order from any person living on or near the route, to deliver to the mail carrier for that route any mail matter, placing in the respective satchels, where such are used, the mail for the persons to whom such satchels belong, with instructions as to the proper mail box or crane at which said mail matter shall be deposited; but registered mail shall not be so delivered unless expressly requested by the addressee in his written order. No mail matter so delivered to the carrier shall be carried past another post office on the route before being deposited into a mail box or hung on a crane or post.

The carrier on the route will be required to receive from any post master on the route any mail matter or private mail satchel that may be entrusted to him outside of the usual mail bag, and shall carry such mail matter or private mail satchel to and deposit it into the proper mail box or hang it on the proper mail crane placed on the line of the route for this purpose; such service by the carrier to be without charge to the addressees.

The mail carriers must be of good character and of sufficient intelligence to properly handle and deposit the mail along the route.

The Department does not prescribe any particular design of box or satchel to be used for this service, but the person providing either should see that it is of such character as to afford ample protection for his mail. If there is a lock attached to the box, a key is not to be held by the carrier, as he is expected to deposit the mail without the necessity of unlocking the box. The box or crane should be so located on the roadside that the carrier can deposit the mail without leaving his vehicle or horse, and yet not where it will obstruct public travel.

The carrier is not required to collect mail from the boxes, but there is no objection to his doing so if it does not interfere with his making the schedule time. The law provides that every carrier of the mail shall receive any mail matter presented to him if properly prepaid by stamps, and deliver the same for mailing at the next post office at which he arrives, but that no fees shall be allowed him therefor.

The box delivery above described is required by the contracts effective July 1, 1902, on all the star routes (with but few exceptions) in Arkansas, Louisiana, Texas, Indian Territory, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota, Montana, Wyoming, Colorado, New Mexico, Arizona, Utah, Idaho, Washington, Oregon, Nevada, California, Alaska, and Hawaii.

SHERIFF'S SALE.

Notice is hereby given that by virtue of a writ of execution issued out of the Circuit Court of the State of Oregon for the County of Curry, on the 19th day of June, 1902, in favor of W. Rigby, Jr., Plaintiff, and against Charles Bailey, Jr., Defendant, for the sum of $102.90, with interest thereon from July 26, 1898, at 8 per cent per annum, to me as Sheriff of the County of Curry, directed and delivered, commanding me to make said sum of $102.90 and interest as aforesaid out of the personal property of said judgment debtor, and if sufficient personal property belonging to him, said judgment debtor, could not be found in my county, then out of the real property belonging to him in said county; and because no personal property of the said judgment debtor could be found in my county out of which I could make the same, I have levied upon the following real property belonging to said Charles Bailey, Jr., judgment debtor aforesaid, to wit: SE¼ section 31; SW¼, W½ of SE¼ of section 32, Township 35 south, range 14 west, and the W½ of the NE¼ of section 5, in Township 36 south, of range 14 west, situated in said Curry county, Oregon, and I will, on

Saturday, July 26, 1902,

at the court house door in Gold Beach, in said Curry county, at the hour of 2 o'clock in the afternoon, offer for sale at public auction, to the highest and best bidder for cash, all the right, title and interest which the said Charles Bailey, Jr., had in or to said lands on the 22d day of May, 1902, or at any time afterward, to satisfy said execution, together with the costs and expenses of making such sale.

Dated at Gold Beach, Oregon, June 23d, 1902.
