OUR AGENTS:

A. B. SABIN, Bandon Oregon.

The Emperor of Japan has invested much money in developing the production of rice in Texas by his countrymen. He now owns a million acres in this country. It is said that Americans cannot acquire land in Japan, which statement, if true, does not show the kind of reciprocity we want. But it does show that Japan got the best of us in Treaty making.

The politicians and tricksters in our legislature are trying to break down the effectiveness of our Direct Primary Law by having Statement No. 1 struck out, or amended. It is the very best part of the law, and no better evidence can be adduced than to point to the late quiet, decent, election of two United States Senators under it. The Direct Primary Law has come to stay. The people want it because it has killed the Political Boss and relegated most of our tricksters to the back-ground where they belong.

Hitchcock.

Senator Carter of Montana, on Jan. 30th, delivered in the senate one of the severest attacks upon Secretary Hitchcock that was ever made in that body against a Cabinet officer. We will publish portions of the speech in next week's TRIBUNE. Hitchcock goes out Mar. 4th, virtually kicked out, and the most hated man in America. He has branded the West as "Land Thieves," and while preaching virtue, he put the Land Department under inquisitorial and unlawful regulations, to the injury of the poor man and to the benefit of the rich scrip holder. If he did so ignorantly, he is a fool: If he did so purposely, he is a rascal. The Senate is now investigating him on two charges and it remains to be seen how his own medicine will affect him.

Radicalism V. S. Conservatism.

Be a radical or else you will be nothing. Read anything that helps your reason to discover truth, and do your own thinking, fearlessly about every subject conceivable. Your own reason will often be in error and lead you to wrong conclusions, but it is honest. You do not know that another's conclusions are honest. As we cannot fathom our own mind, how foolish to expect to fathom another's. If there is one kind of men who have done this world more harm than any other kind it is the "conservative" man. He is the most slippery thing ever thought out and a living moving lie in whatsoever direction he goes. He sees no interests but his own and will betray everything in life that his pathway may be smooth, the skies serene and his skin unscratched. He never leads, he never takes chances, but lurks in the rear in secrecy and safety, watching for spoils, while radicals are fighting the battles of progress. You will hear men that ought to know better, preaching "Conservatism!" Under Conservatism, there would have been no civilization, for it is the child of Radicalism. Conservatives are hypocrites, moral cowards and time servers. They toady to the rich and great, always with a view to selfishness.

Cures Women's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Diotca*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." Re continues "in Helonias we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrheal atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding) due to a weakened condition of the reproductive system; amenorrhoea, suppressed or absent monthly periods, usually from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present to invite women to try something better than like Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its power effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all enfeebled states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Attorney Delmas of California delivered an address on the 17th in New York, on Alexander Hamilton which is a matchless gem in diction, and should immortalize both the speaker and the subject. As an English Classic, we know nothing that surpasses it in the whole range of literature. Ex Governor Black's speech nominating Roosevelt may surpass it as a specimen of Saxon, but Delmas surpasses Black in the quality of his pure English.

A Parallel.

Buchanan's administration was immortalized by the "Dred Scott Decision" which declared that a Negro Slave was but chattel property. It was denounced by liberty-loving people from Maine to Oregon, and hastened the war which destroyed slavery and made Human Beings of the "Chattel Property" of that monstrous decision of our Supreme Court, headed by Judge Taney.

A decision even more monstrous has just been made by our Supreme Court which destroys the sanctity of homes, equalizes brigandage methods of kidnapping people from their homes and families, to jails and shackles in other states. This decision, if permited to stand sounds the death-knell of Liberty and Justice, and destroys at one blow both the written and unwritten law of Extradition recognized since the foundation of this government. This "Commercial age" may rest supine under such acts of tyranny but the future will not; and just as certain as the stars return to their places, so will come a restoration of the Rights of Man, and the fall of Tyranny. The American people will not condone the kidnapping of Moyer, Hayward and Pettibone, the Supreme Court to the contrary, notwithstanding.

WASHINGTON, Jan. 24.—An appropriation of about $95,000,000 is provided for in the naval appropriation bill agreed upon today by the House committee on naval affairs. The bill provides for an additional battleship of the type agreed upon in the naval appropriation bill of last year. It also makes provision for two torpedo boat destroyers and appropriates $2,000,000 for submarines. This $2,000,000 is additional to the $1,000,000 appropriated last year for submarines, which has not yet been expended. Provision is made for 3,000 additional sailors and 900 additional marines.

The new battleship provided for in the bill is a sister ship to the monster authorized by Congress last year, which, the bill required, should be a "first class battleship, carrying as heavy armor and as powerful armament as any known vessel of its class, to have the highest practicable speed and greatest practicable radius of action."

IF YOU WANT CASH

For Your Real Estate or Business
I CAN GET IT

No Matter What Your Property is Worth, or in What Town, City, State or Territory it is Located

If I did not have the ability and facilities to sell your property, I certainly could not afford to pay for this advertisement. This "ad" (like all my other "ads") is practically sure to place on my lists a number of new properties, and I am just as sure to sell these properties and make enough money in commissions to pay for the cost of these "ads," and make a good profit besides. That is why I have so large a real estate business today.

Why not put your property among the number that will be sold as a result of these "ads?"

I will not only be able to sell it—some time—but will be able to sell it quickly. I am a specialist in quick sales. I have the most complete and up-to-date equipment. I have branch offices throughout the country and a field force of men to find buyers.

I do not handle all lines usually carried by the ordinary real estate agents. I MUST SELL real estate—and lots of it—or go out of business. I can assure you I am not going out of business. On the contrary, I expect to find, at the close of the year, that I have sold twice as many properties as I did the past year, but it will be necessary for me to "list" more properties. I want to list YOURS and SELL it. It doesn't matter whether you have a farm, a home without any land, or a business; it doesn't matter what it is worth, or where it is located. If you will fill out the blank letter of inquiry below and mail it to me today, I will tell you how and why I can quickly convert the property into cash, and will give you a complete plan

FREE OF CHARGE

and terms of handling it. The information I will give you will be of great value to you, even if you should decide not to sell. You had better write today before you forget it.

If you want to buy any kind of a Farm, House or Business, in any part of the country, tell me your requirements. I will guarantee to fill them promptly and satisfactorily.
