Ruef Has Confessed.

As a blubbering act Ruef's confession in open court was without precedent. As an impersonation of the "Baby Act," it has never been equalled. He is sorry, he says. Of course he is.—sorry that he is caught. He is no doubt sincere: he was always sincere! a sincere robber! and now he is a sincere penitent! Who wouldn't be if in his shoes? The good thing, however, in his confession is that it will trap the Big Thieves, and may even catch Harriman! The weak thing in his confession is his boasting of his "nerve" while blubbering like a baby. His confession will make Mayor Schmitz unmask, and reveal the whole show.

Watch This.

The President has released quite a lot of the Forest Reserve in Curry county, but it will not be subject to settlement until July 25th, and cannot be filed upon until August 22nd. We do not believe that the President has any legal right to juggle with the public domain. Congress has no right to delegate such vast and dangerous power to any one.

It strikes us that this releasement will serve as a notice to the Scrip Sharks to get ready for a rush, and that the common man will look on like a helpless baby.

It would take a large checkerboard to hold all the moves of our erratic, vascillating, oscillating Land Department.

We were not aware at the time that we were touching a tender spot in the Globe, and in fact did not have that paper in mind, when we mentioned in a recent issue that contemporaries of the TRIBUNE in Curry, had in the past, all found their way to the newspaper bone yard. But our friend must have a horror for this lonely spot, else exception would not have been taken to the remark. For reasons obvious to the intelligent reader, the TRIBUNE would still contend that it is the leading weekly paper of Curry county, though the Globe's circulation was twice as large; however, in order that our readers may see for themselves, we suggest that the TRIBUNE and Globe publish, under affidavit, their list of bona fide subscribers. Will the editor of the Globe endeavor to make good his assertion?

The entire West is disgusted with Harriman. No one but a few paid flunkies has any faith in his promises. In crushing rivalry, he has crushed the last traits of honorable character in himself, until our people are in rebellion against his robber policy of oppression, repression and corruption. The Railroad question is now the chief topic of our country. Earnest men are discussing it everywhere. Men who sneered at Government control, even a short time ago, are now talking seriously of Government ownership,—resolved, at any cost, that whatever happens, the Railroads shall no longer be supreme dictators. The people must and will rule this country or lose thir liberty; not railroads only are the robbers and tyrants, but all the vast combinations that crush competition are their allies, and must be controlled or owned by our government. The Harrimans have educated the people by object lessons that cannot be forgotten, and if the lessons prove their undoing it is but another case of "History repeating itself."

The TRIBUNE believes in free speech and a free press. For the past fifteen years it has been publishing articles from the pen of Hon. J. H. Upton, during which time it has grown and prospered, and it hopes to continue receiving communications from the same source for a similar epoch in the future. When we need your advice "Sunny Jim" we will ask for it.

Game Law.

Our already obnoxious game laws were amended from bad to worse, at the recent session of the legislature, as can be seen from a perusal of the deer law in another column.

Of all counties in the state, Coos and Curry stand out pre-eminently as ones that are entitled to, and should have, a lenient game law; yet they do not even get a fair break, as an act of special severity is passed for their benefit, making it unlawful to kill a doe at any time of the year, or own, control, or have in charge any dog found running a deer. The latter part of the foregoing clause, if strictly adhered to in Curry county, would in the course of a few years, drive half of our stock-men out of business, as it is doubtful if there is a good dog in the county, that under certain conditions will not run a deer; and with the watchful dog gone, sheep and goats on our mountain ranches would soon be a thing of the past and the increased number of wild animals would kill un-numbered times as many deer as our dogs and hunters combined.

We are not upholding the practice of purposely running deer with dogs and believe that it should be stamped out, yet it seems a travesty upon justice that a man should be held responsible for the action of his dog when nature has implanted in the latter the deer running instinct, which may break out at any time regardless of its training.

Some months ago a deer wandered into the streets of Port Orford and soon all the dogs in town had joined in the chase. Under the present law our town dog owners would have been liable to a heavy fine, while some of them probably did not own a gun and their dogs had never before seen a deer.

In a county like Curry, all that is needed to preserve the game is to keep the hide peeler and city sport out of the mountains, but unless our people awake to their interests some crank will be getting a bill through the legislature prohibiting the killing of deer at all.

Roseburg to Coos Bay.

The few hours soliciting by the committee have settled the electric railroad question—it is now assured. The committee, Messers W. H. Fisher, A. C. Marsters, F. E. Alley, W. L. Cobb and J. Henry Booth, have "made good" by raising $120,000, and they can now start for Marshfield backed by money. Coos is ready and waiting, and it will be but the matter of a few days until incorporation will follow.—Umpqua Valley News.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be sold except on prescriptions from reputable physicians as the damage they will do is ten fold the good you can possibly derive from them. Hall's Catarrh cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

CURRENT TOPICS.

Editor TRIBUNE:—Writing on the subject of earthquakes last week I tried to write "seismic" disturbances, but the typos landed me high and dry.

The passing of Dennis Kearney was recently the signal for press discourses wise and otherwise, but mostly otherwise. The Oregonian intimates that the deceased became wealthy through pickings thrown his way during the workingmen's party city administration. Nothing could be further from the truth, since it has been admitted that that was the cleanest two years administration up to that time. Besides it was not long after the election in 1879 until Kearney became persona non grata with the party for his championship of the railroads against reduction of freights, alleging that such a move would cut down the wages of employes, but the boys saw through the claim and ever afterward entertained the suspicion that he had been bought by Leland Stanford, which was supposed to explain his sudden rise to affluence.

And what gave point to the suspicion of a deal with Stanford was the fact that Wm. Wellock, the workingmen's candidate for railroad commissioner, after he took office, stood in with the Republican member of the Board against Commissioner W. W. Foote, and completely blocked every effort at Railroad regulation. And Wellock came out of the office rich.

The Examiner is away off when it says that Kearney led the mob against the landing of the Chinese at the Pacific mail dock, for I personally know that he was a member of Wm. T. Coleman's "pick handle brigade" that assailed the mob. Mr. Coleman was a wealthy merchant, class conscious and a man of recognized courage, an aristocrat from the south, a social despot who would not, under ordinary circumstances, step aside to allow a laboring man decent room to pass on the sidewalk. The which is why I marvel that he could assemble nearly 100 poor toilers to rake rich men's chestnuts out of the fire, at great risk of life and limb. But the proletaire has been learning since those days and they too have rapidly become class conscious.

It was as much as a month after the Coleman raid when Kearney went on the warpath, and not until he had lost his savings of a few hundred dollars through the collapse of Duncan's bank, other poor men had lost their deposits by the bursting of the Farmer's Savings bank, and am not certain whether the French and German Savings banks had already gone up. Any way there was general distress in the city and state for the panic of 1875 was still in 1876—1877 in full play, wherefore the "Chinese must go" issue was a false issue, yet it served a good purpose, in that it demonstrated that, once aroused, the plain, Common People can get together and carry cities and states, and finally the General Government. That panic was the outgrowth of scarce money, but the people did not realize the fact, but began to take notice of the going into effect of the Bland Bill in 1878 restoring silver to its place as full legal tender money, when the dark pall of destitution began gradually to lift.

IF YOU WANT CASH

For Your Real Estate or Business

I CAN GET IT

No Matter What Your Property is Worth, or in What Town, City, State or Territory it is Located

If I did not have the ability and facilities to sell your property, I certainly could not afford to pay for this advertisement. This "ad" (like all my other "ads") is practically sure to place on my lists a number of new properties, and I am just as sure to sell these properties and make enough money in commissions to pay for the cost of these "ads," and make a good profit besides. That is why I have so large a real estate business today.

Why not put your property among the number that will be sold as a result of these "ads"?

I will not only be able to sell it—some time—but will be able to sell it quickly. I am a specialist in quick sales. I have the most complete and up-to-date equipment. I have branch offices throughout the country and a field force of men to find buyers.

I do not handle listings usually carried by the ordinary real estate agents. I MUST SELL real estate—and lots of it—or go out of business. I can assure you I am not going out of business. On the contrary, I expect to find, at the close of the year, that I have sold twice as many properties as I did the past year, but it will be necessary for me to "list" more properties. I want to list YOURS and SELL it. It doesn't matter whether you have a farm, a home without any land, or a business; it doesn't matter what it is worth, or where it is located. If you will fill out the blank letter of inquiry below and mail it to me today, I will tell you how and why I can quickly convert the property into cash, and will give you a complete plan

FREE OF CHARGE

and terms of handling it. The information I will give you will be of great value to you, even if you should decide not to sell. You had better write today before you forget it.

If you want to buy any kind of a Farm, House or Business, in any part of the country, tell me your requirements. I will guarantee to fill them promptly and satisfactorily.
