Local Happenings

County Court convenes at Gold Beach today.

J. B. Curl is contemplating putting in a store front in The Kozy.

Born—In Port Orford, on April 7th, 1920, to Mr. and Mrs. Warren Jamieson, a son.

Jesse Sutton returned home Saturday from spending two or three weeks visiting relatives at Gold Beach.

Lester Fitzhugh has moved his family in town from Sixes. They are living in the Mrs. B. W. Dean residence on Oregon street.

Mrs. R. Leutwyler was a Langlois visitor Sunday, where she went to see her new grandson at the home of Mr. and Mrs. Jas. W. Crew.

Mrs. A. McLellan returned last week from California, and has joined her husband at the Inman mines on Sixes where she has accepted a position as cook.

Many fishermen have passed down the coast the past week or two en route to Rogue river to be in readiness for the fishing season that opens there on the 15th.

Mr. and Mrs. S. P. Peirce were in town Sunday from their home on Sixes. Mr. Peirce was looking up matters in connection with the building of the wharf.

Because of the continued rains throughout March and the first few days of April, the roads both north and south of Port Orford are worse than at any time during the winter.

W. R. Coy, of Euchre creek, was in town last Friday night while on his way to Coquille to attend the funeral of his sister, Mrs. Laura Reese, who died last week at Powers.

The extension schools at Langlois and Denmark, by the Oregon Agricultural College, are attracting much attention among the ladies' and will be largely attended by them.

E. L. White made two trips to Rogue river last week with his Ford car and a load of passengers, and despite the condition of the roads he got through with but little trouble.

Joe Kreutzer, prosperous Denmark farmer, passed up the coast Friday returning home from a trip to Gold Beach where he went on business in connection with some Lakeport property he owns.

Born, in Langlois, April 1, 1920, to James W. Crew and wife, a son. "Jim" wasn't excited at all, but later in the day he rushed up town and hailing a friend on the street remarked, "I've got a son, its a boy."

Miss Dollie James, of Gregs creek, arrived in town yesterday, on her way to Coos county, for further treatment of her crippled feet. Her many friends still entertain hopes that she may yet recover the full use of her limbs.

After spending a few days attending to business matters here, F. F. Friant started Thursday on his return to Dos Cabezos, Arizona. Mrs. Friant is stopping at the home of Mr. and Mrs. L. Knapp, where she will spend the summer.

Atty. C. H. Buffington passed down the coast last week returning to his home at Gold Beach from a short business trip to Portland. The Oregonian referred to Mr. Buffington during his visit in that city as being the lowest salaried County Attorney in the state.

The Easter exercises in the local church were enjoyed by a large audience. The church was tastefully decorated with flowers and evergreens, and both the singing by the choir and the instrumental selections by the orchestra were very much enjoyed. The Scripture lesson was read by John D. Loucks.

School Supt. Kent writes to the Tribune that Mr. J. H. Churchill, State Superintendent of Public Instruction, will be in Port Orford the evening of April 14th, to speak on the subject of School Consolidation and the two mill tax bill, both of which are of vital importance to the people of Port Orford. There will be vocal and instrumental music, and as large an attendance as possible is desired. Mr. Churchill will speak in Langlois the evening of the 15,

Editor H. T. Stewart departed yesterday morning for a business visit to Gold Beach. Commissioner Cope also passed down at the same time, to attend the regular term of the County Court.

C. H. Buffington, announces in this issue his candidacy for the Republican nomination for District Attorney, an office which he now holds, and to which, if we may judge by the excellent official record he has made, he will be re elected by a large majority.

The Marsh brothers have bought a Ford truck to use in connection with their ranch work. The machine has over-sized pneumatic tires on front and rear wheels, which makes it ride easier than the ordinary truck, and gives it more clearance.

The Robinson Bros. are putting a store front, with plate glass windows, in the Tillicum club building for W. H. Bennett. As soon as this is done, Mr. Bennett will have his present store building moved behind the other building and joined to it, which will make him a very nice business house.

Dr. F. A. Voge, the Bandon Dentist, will make one of his periodical professional visits to Port Orford, and will remain here from the 19th to the 23d of this month. This will be good news for all those with defective teeth, as the doctor's reputation as a dentist is well and favorably known in this neighborhood. Call early and avoid the rush.

Mr. and Mrs. Spray Osborne returned, Sunday, to the McKenzie home on Elk river from spending the past two or three months at Bandon. Mrs. Osborne, formerly Miss Ena McKenzie, had been helping nurse at that place during the late influenza epidemic and her skilled services were a big help to many of the sick. Mr. and Mrs. Osborne will return this spring to their home in Canada.

The announcement of Arthur Walker as a candidate for the Republican nomination for County Clerk appears this week. Arthur is a native born Curryite, and was one of the Yanks that gave the Clown Prince an irresistable longing for that beautiful home across the Rhine. He is well equipped with the necessary qualifications to make an excellent Clerk.

Roderick L. Macleay, accompanied by his cannery superintendent, Geo. Johnson, and the latter's son and wife, passed down the coast last Friday enroute to Wedderburn. Mr. Macleay has come in from spending the winter at Portland to be present when the fishing season opens in the Rogue on the 15th. Earl Allred drove the party to Wedderburn in his auto, a team accompanying the car up the mountain to pull it through some of the mudholes.

A. McLellan was shaking hands with his friends in town one day last week for the first time since he was crushed by a log at the Inman mines a little over a month ago, and at that, he has made a remarkable recovery. Mr. McLlellan was caught by a large log and crushed about the chest so severely that 12 bones were broken, including six ribs and three breaks in the collar bone. His recovery was considered doubtful, and the attending physician said it would be at least six months before he would be able to go to work again, but in about three weeks he was up and around and says that he now feels about fit to take a man's job.

Road Is Being Patrolled.

W. P. Laws has been placed in charge of the Bandon-Curry gravelled road and is constantly employed with a truck hauling gravel to the weak spots repairing fills and gutters etc. Mr. Laws also attaches a grader to the end of the truck as he drives over the road the grader levels off the bumps and scrapes scattered gravel back into the roadway. The idea of every section, as people are beginning to realize that a valuable bit of road improvement always needs care to assure the maximum length of usefulness, is that something like this should be done.—Western World.

WE BUY, raise and sell fur-bearing rabbits, and other fur-bearing animals. List what you have with us, stating your lowest prices on large lot shipments. The Fur & Specialty Farming Co., 515-517 N. P. Ave., Fargo, N. Dak.

Former Curry County Resident Dies At Powers.

Mrs. Laura Reese died at Powers last Friday, aged about 41 years, and was buried Sunday in the Coquille cemetery.

The immediate cause of Mrs. Reese's death was dropsy, although her ailment dated from about a year ago when she suffered a severe attack of influenza in San Francisco, at which time her husband also had the disease and died with it.

The deceased was formerly Miss Laura Coy and was born and grew to womanhood on Cedar Fork, near Rogue river. She is survived by two sons and one daughter, the youngest being a boy 11 years of age, and by one sister and several brothers.

Many friends and former acquaintances of Mrs. Reese in this county will regret to learn of her death.

O. A. C. Extension School, Langlois.

The dates for the O. A. C. Extension School at Langlois and Denmark are April 15, 16, 17. A competent instructor in the art of millinery work will have charge of the classes, and will have all day sessions, beginning at nine o'clock. Meetings at Langlois Hotel April 15th and 16th, and at Denmark School House April 17th. The people of Denmark will give a picnic lunch and hot coffee on the 17th.

All women and girls are invited to take advantage of this opportunity, because it is practical and useful. We all wear hats. It is one means of receiving direct returns for taxes which each taxpayer pays anyway toward the support of our State institutions.

Portions of a letter to the Club Secretary, printed below, explain clearly the purpose of the school, and gives all necessary instructions. Langlois and Denmark extend a cordial invitation to all women to attend these meetings, and assure out-of-town visitors every comfort while attending meetings at either place:

This millinery meeting is more in the nature of renovating and remaking old hats than it is making new hats. Can you advertise it well so that the women will know that they are expected to bring their old straw hats of whatever color or design or material, and, also, bring old trimming, faded flowers, old pieces of ribbon and silk and other materials that can be used for the trimmings and facings or linings. Old Georgette waists which are worn out usually have enough good material in the part of the sleeves to make a facing for a hat. If it is not the desired color it can be dyed at the meeting. Worn out silk waists and skirts make facings and linings and trimmings. What I want to emphasize is that the women should bring all the material that they have that can be used.

The millinery demonstration agent will show the women how to renovate and use these old materials and will help them do it. She will carry a limited supply of wire and millinery supplies of that sort which the women may need. Of course, it would be impossible for her to make a hat for every woman who might attend such a meeting as this, but she can help the women to make the hats for themselves.

There will be no charge whatsoever for the services of this millinery agent since she is a part of the Extension staff of the College and her services to the people of the State are free. We expect the local people to make arrangements for the meeting, to advertise it well, and to provide these local supplies which might be necessary. The millinery supplies, such as wire and buckram and a few trimmings which the millinery agent carries with her are priced at cost and a woman pays for them according to what she uses. Yours very truly,

MRS. JESSIE D. MCCOMB,
State Home Demonstration Leader.
[From Mrs. A. W. Cope, Pres. Club.]

The Shadybrook Union Sunday School, which will be discontinued until the first Sunday in October, held its last meeting at Saunders Creek, Easter Sunday. An appropriate program was rendered, after which a picnic dinner was enjoyed by all present. Mrs. Della Nichols, who has had charge of the work the past two years, reports a good attendance and a lively interest on the part of the children in the neighborhood.

WESTERN WORLD

BORN—Thursday morning, April 1st, to Mr. and Mrs. James Crew Langlois, a son.

One of the daughters of Mrs. Rachel Marsh of Elk river has been at Emergency hospital this week for medical treatment.

BORN—To Mr. and Mrs. Andrew A. Thorhaven, of Langlois, a son. Mrs. Thorhaven is at the Emergency hospital.

The Bandon Garage company last week received a shipment of nine Fords—three trucks and six touring cars. This was one of the biggest single shipments of cars so far received in Bandon. The company has also been receiving Fordson tractors.

Miss Emma Sydnam of Denmark underwent an operation at Emergency hospital in Bandon Tuesday for the removal of a tumor. The operation was a serious one but Miss Sydnam is recovering rapidly.

Mrs. J. S. Hughes and daughter, Miss Anna of Sixes, left this week for an extended visit in the East. They will go as far as New York City and will visit relatives and friends in that state.

R. L. Wagner was up from his Elk river ranch attending business matters Tuesday. Mr. Wagner is one of the butter magnates of the famed Elk river country. His herd is entering on its spring production.

E. B. Thrift is here from his new home at San Jose looking after business matters in Bandon and Langlois. He states that land values are going sky high in the Santa Clara valley, the result of the high prices that are being offered for fruit.

John A. Juza, editor of the Gold Beach Reporter, has been at the Emergency hospital for the past week. He has been ill more or less since he had a severe attack of the "flu" last winter. His present condition is said to be more of a nervous breakdown. He is getting along nicely and hopes to get back home again soon.

NOTICE TO CREDITORS.

In the County Court of the State of Oregon, for the County of Curry.

In the matter of the Estate of Jonah H. Hufsess, deceased.

The undersigned having been appointed by the County Court of the State of Oregon, for Curry County, Administratrix of the Estate of Jonah H. Making the Nation's Credit Liquid

RESERVOIR systems insure a steady water supply in every city and large town. The faucet is of very little value without the reservoir behind it.

The Federal Reserve Banking System is a simple and practical means of making the nation's credit liquid at all times.

As a member of that system, this bank is as independent of local conditions as it is humanly possible to make it.
