OCHOCO REVIEW.

SATURDAY, JUNE 7, 1890.

A CLEAN SWEEP!

Democratic Victory!

THE WHOLE TICKET ELECTED!

Crook County 135 Democratic!

Gov. Pennoyer Has 375 Majority.

The Rest of the State Ticket Gets a Rousing Vote.

Crook the Banner Co. in the State.

The democrats of Crook county have at last won a complete victory and for the first time have ever succeeded in electing their entire county ticket. The result is a welcome surprise to even the most sanguine, as but very few even dared hope for such success. The republicans of the county had concentrated their efforts upon the sheriff and clerk, and many feared that the combinations they were making would prove too strong to be overcome by any majority the democrats had upon a strict party vote, but the result of last Monday proves that there are still enough true democrats in the county, who cannot be induced to leave the party principles and sacrifice a good man on their ticket in order to satisfy the wishes of the opposing party, no matter what influences are brought to bear, to elect even the most popular man in the republican ranks.

To the REVIEW the result of the election is most acceptable. During three campaigns it has floated the banner of democracy, but on each occasion prior to this, when the count was made, it was forced to record the defeat of one or more of its champions. This time it can congratulate each of its fellow partisans and break the glad tidings of their election, and say with all due pride, "we have met the enemy and they are ours." While we feel much elated over the success at the polls, we have no disposition to boast over the republicans or speak in derisive terms of their fallen heroes. They fought nobly, and deserve credit for having put their champions so near the goal of victory. On the other hand, we have thanks to offer many of the republican party who had the independence on election day to throw off the party yoke and vote for principle and men. Especially do we thank those who spoke in such unmistakable terms their disapproval of their party's nominating a man for governor whose interests were foreign to theirs, and helped to swell Governor Pennoyer's majority to 375.

The result of last Monday's election establishes the fact that Crook county on party issues is safely democratic, and is, we believe, the banner democratic county of the state when the voters all come to the polls. Four years ago Gearin carried the county over Hermann by a majority of only 12, while this year Miller's majority will aggregate at least 135. Then the entire vote of the county was 1002, while this year it is nearly 1200, showing that when the voters all come to the polls the county is overwhelmingly democratic, probably the strongest in the state considering the number of voters, so we can consistently say, hurrah for Crook!

The election returns from various parts of the state give very flattering reports of democratic gains in every county. Pennoyer ran ahead of his ticket everywhere, and is surely elected. The *Oregonian* claims Hermann is elected by as large a majority as he was two years ago, but its dispatches do not bear it out in this statement. The republican majority in the legislature will be considerably diminished, but there is no hope that the democrats have gained control of either house.

OUR COMMON INTEREST.

Men should influence one another in their business and their homes, in the intercourse of chance acquaintance and the close ties of friendship. This it is that keeps them from growing narrow and bigoted in their own opinions, and draws them together in love, in friendship, in a common patriotism and a human brotherhood. But this constant influence needs to be balanced by a firm individuality, a manly self-respect, and a steady adherence to the principles that appeal to each one's sense of right. Therefore, unless there are times when the man retires voluntarily from all human sight, where no public or private pressure can sway him, and where his own thoughts, his own feelings, his own concetience may assert themselves, unrebuked and unassisted, he can never preserve that personality which is or should be the core of his being. And of all men and communities, we, of Crook county, should hold these ideas uppermost in our minds and remember that we have interests that are common to all, and that the development of our natural resources and the retaining of the properties we have accumulated by years of toil, depend upon a concentrated action for the promotion of all and the advancement of our common interests. One of the principals of which is the development of our country and a combined effort to induce home seekers, those who have means to invest and who are willing to work, to locate within our borders. Selfishness on the part of some who desire to grasp everything that is in sight, though much of which is not within their reach, may cause them to disfavor any move that will tend to induce strangers to look this way with a view of locating, but even these, if they look at matters rightly, should see that it is to their interest to have the vast territory not now utilized owned by some one and placed in a state of production, and such selfishness should not predominate to such an extent as to cause them to discourage the would be settler. We want more people in Crook county. We want every foot of arable land cultivated. We want our water power utilized to turn the wheels of machinery manufacturing our raw material into commercial commodities. We want our forests of timber converted into lumber, and we want a railroad built to haul it and other products of the country to the markets of the world. In short we want every natural resource of Crook county developed, and it is the common interest of all that it be done.

For the next two years the democrats will have sole control of the affairs of Crook county; and the welfare of the county as well as the success of the party depends almost exclusively upon the manner in which they demean themselves in the future. If their administration for the coming two years is economical, wise and just, the affairs of the county will not suffer, and the voters of the county will have confidence in the party that put them in office, and at future elections will support that party's nominees. Gentlemen, much depends upon your actions; let not your conduct betray the confidence reposed in you.

Although the present outlook for crops in this county are anything but flattering, there will no doubt be considerable grain raised and enough hay to feed all the stock in the county during the next winter. It seems that this county is destined to a succession of unfavorable seasons, but let us hope that this is the last and that succeeding years will be more favorable and that the great bunchgrass region will regain its former standing as the best part of the state.

The people of Crook county are solicitous to know why it is that work has not begun on the Oregon Pacific. A year ago they were promised that work would begin at the front this spring as soon as the snow was out of the way and that the road would be completed in time to move this season's crop of wool. Although the snow has been out of the way for some time, not a stroke of work has been done at the front. If the O. P. folks do not prove themselves better promise keepers, the people on this side of the mountains will after awhile lose confidence in them.

Mr. Booth and Mr. Combs, the recent candidates for sheriff, can well feel proud of the vote each received in his home precinct. This precinct, Mr. Combs' home, gave him 194 votes out of 293, and Mitchell precinct, Mr. Booth's home, gave him 113 votes out of 142. The vote a man receives at home, where he is best known, is certainly a gauge of his personal popularity, and in this instance both these gentlemen are warranted in feeling complimented.

Crooked river and Camp creek precincts are entitled to the honor of being the banner democratic precincts in the county, with odds in favor of the former. It gave a straight party majority of seventeen, while out of its forty-five votes it gave Pennoyer forty-two to three for Thompson. Camp creek gave a majority of sixteen to most of the candidates, and thirty-three for Pennoyer to one for Thompson.

By the overwhelming majority given Governor Pennoyer last Monday the people of Crook county spoke in loud terms their approval of the governor's honest, faithful, clean administration of state affairs, and their antipathy to corporations and corporation men of the class which Mr. Thompson represents.

Royal Baking Powder

ABSOLUTELY PURE

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

$200 Reward

$200 REWARD will be given by the Cattle and Horse Protective Association of Crook County for the arrest and conviction of any person or persons found stealing stock—horses or cattle—belonging to the members of the Cattle and Horse Protective Association of Crook County.

By order of the Association.

A. C. PALMER.
Sec. C. & H. P. A. of Crook Co

Oregon Land Co.,

—WITH ITS—

Home Office at SALEM, OR.

(In the State Insurance Building)

AND BRANCH OFFICES IN

PORTLAND, ASTORIA AND ALBANY,

Has for sale a large list of grain, stock and fruit farms, also city and suburban property.

The Oregon Land Co. was especially organized for the purpose of buying and subdividing large tracts of land, and has during the past two years bought and subdivided 3200 acres of land into 5 and 20 acre lots. The succes of this undertaking is shown in the fact that out of 230 tract placed on the market, 225 have been sold.

We claim that ten acres of choice land in fruit will bring a larger income than 160 acres in wheat in the Mississippi valley.

We also make valuable improvements in the way of roads, fences, etc. We can sell a small tract of land for the same price per acre you would have to pay for a large farm.

Send for pamphlet, map and price list.

ADMINISTRATOR'S NOTICE.

Notice is hereby given that the undersigned has been appointed by the Hon. County Court of the State of Oregon, for Crook County, administrator of the estate of W. G. Higgins, deceased, and all persons holding claims against said estate are required to present the same to him, properly verified, at Harlin, Oregon, within six months from the date hereof.

WILLIAM McLAGAN,
Administrator.

Dated April 28, 1890.

I, [illegible] H. BAILEY, Cashier of the above-named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief. [illegible] H. BAILEY, Cashier.

Subscribed and sworn to before me this 2d day of June, 1890. Z. M. DAVIS, Clerk.

[Seal]

CORRECT—Attest: HENRY BARNES, B. F. ALLEN, M. SCHAL, } Directors.

A sea-serpent, 80 feet long, was seen to coil itself up in slippery folds on the coast of Florida last month. Three reliable persons saw this or some other distinctly.

Reader, if above is a "yarn," If people would believe the following truthful statement as readily as they swallow sea-serpent stories, it would be the means of saving thousands of lives. Dr. Pierce's Golden Medical Discovery, if taken in time and given a fair trial, will actually cure consumption of the lungs, which is really scrofulous disease. If this wonderful medicine does not do all we recommend, when taken as directed, we will cheerfully and promptly return all money paid for it. Can any offer be more generous or fair? No other medicine possesses sufficient power over that fatal malady—Consumption, to warrant its manufacturers in selling it under such trying conditions. The "Golden Medical Discovery" is not only the most wonderful alterative, or blood-cleanser, known to medical science, but also possesses superior nutritive and tonic, or strength-giving properties, which assist the food to digest and become assimilated, thus building up both strength and flesh. For all cases of Bronchial, Throat and Lung Diseases, accompanied with lingering coughs, it is absolutely unequaled as a remedy. For Weak Lungs, Spitting of Blood, and kindred affections, it surpasses all other medicines.

$500 REWARD

is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of Catarrh in the Head which they cannot cure. Dr. Sage's mild, soothing, and healing properties, Dr. Sage's Remedy cures the worst cases, no matter how bad, or of how long standing. Fifty cents, by druggists.

WHAT IS

SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla.

"My daughter Mary was afflicted with scrofulous sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLILE, Kauright, N. J.

N. B. Be sure to get only

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.
