Judge Bradshaw has exercised his usual energy in disposing of business coming before the circuit court, and thus reduced the expense of the term to the minimum figure.

Six hundred head of cattle belonging to Jesse D. Carr passed through town Tuesday morning en route to Malheur county, Idaho. They were bought in Klickitat county, Wash.

Last week the R. R. & R. Co. shipped a load of the sweetest sheep, but owing to the inclemency of the weather, the sheep fared rather poorly after shearing, though there was no loss.

About 1000 shade and ornamental trees were set out in Prineville this spring, and nearly all of them are growing. If they meet with no backset this town will look like a forest in a few years.

The exchanges of this district which have published the judicial ticket have incorrectly put before the initials of Mr. Moore's name. It should be J. F. Moore instead of A. H. or A. F. Moore.

Sufficient snow is piled up in the mountains to keep the banks of Crooked river and Ochoco full until late in the season, hence there will be an abundance of water with which to irrigate the farms along those streams.

The stirring news is wafted from Texas that the prohibitionists have met and nominated a ticket. There, one by one are popular illusions rudely dispelled. There are some things in Texas besides democrats, whisky and rattlesnakes.—Ex.

The Willow creek school will close next Saturday. In the evening there will be an entertainment. The programme will consist of declamations, songs and dialogues. The exercises will closer with a broom drill, and the exercises of the day "Dismiss."

Lumbermen out my road during the other day were Mr. Gibson is a terrible nuisance. He was overheard by three republican candidates, and judging from the troubled look he wore after treating himself from their musclinations, we believe he resulted his support to each of the trio.

Try Dr. Good's Syrup of Wild Grape, the great blood purifier and system tonic. This preparation is composed principally of native herbs and was growing up Oregon soil. It is purely vegetable in its composition, and will thoroughly cleanse all impurities of the blood. For sale by all druggists.

A. M. Roberts, democratic candidate for representative, visited Prineville this week, and made the acquaintance of a large number of voters from different parts of the county who were in attendance on court. Mr. Roberts is a pleasant gentleman, and makes friends readily.

Frank Wheeler, of Albany, is showing up, having arrived from below on Friday of last week, and is making himself special help to his many old friends here. Time seems to have dealt kindly with Frank, as he appears to be no older than he was when he used to gallop over the hills of Crook in search of bronchos.

The report being rife in some parts of the county, to the effect that in the event of no election to the office of assessor in this county, I would not qualify, I take this method to contradict the same, and assert that if elected to that office, I will qualify and attend to the duties of the same.

Percy Dyke started last Saturday for Boise. Mr. Dyke will gather his horses in Harney county and ship them east next month. Proclamation to all who suffer from dyspepsia and the kindred ailments, know all ye, that there exists a cure, and a wonderful remedy. Clean will positively effect a cure in all cases whether acute or chronic. Every bottle is sold under a positive guarantee. It will be found invaluable in all stomach troubles. Ogden, Clarke, King of Dyspepsia.

The locality of a town of Orcutt cost is a good point by which the prosperity and liveliness of a community may be judged, and not infrequently can certainly be measured to such a point with could be done. We may find a form of circular with this week, and all the cases but two were disposed of during the first five days. They were but two jury trials, one civil and one criminal.

Sawmill work is beginning a place of good proportions. The Gibson, the saw of Bridge creek, and a call that weighed 141 pounds, when four days old, and at the age of three weeks it weighed 224½ pounds. Not bad, considering Gibson was out of a herd of 225 cows before harvest of the lambs. What neighbor can beat this? Who can beat this record?

A recent bulletin issued by Oregon has been issued from 220,000 to 300,000 in Idaho instead of any other State in the Union. Oregon's indebtedness in 1890 is given as the amount 22,000,000 for Washington and 22,000,000 for California, Oregon's county debt is 2,000,711, her assessed property 41,270,414, and her school debt 2,000,000.

On Friday of last week the north bound express and passenger train on the Seattle & Tacoma was wrecked one mile north of Bonte Point. Two tie were placed crosswise on the track, and the engine and mail and express cars were thrown. The engineer jumped from the engine and escaped with a bruised wound, but the fireman was caught and his leg was broken. One tramp who was riding between the mail and express cars was also badly injured. There is no clue to the perpetrators of the criminally dead. Robbery was suspected to be the object of the wreckers, but no effort was made to rob either passengers or the train.

On Tuesday of last week Perry Read, of Willow creek, met with an accident which should serve as a warning to all married men. He was in Kennedy cutting wood when his shoulder, unaccustomed to such exercise, was dislocated. Perry remained at home until the Friday following, when the pain becoming so severe, he came to town and found to his surprise that his shoulder had resulted against such work to the extent of becoming dislocated. Dr. Gates set the injured joint and Mr. Read is now able to be about. It has been a painful lesson, but the severity will only tend to make him more cautious in the future about performing such menial labor.

Exonerated.

Isaac Hinkle, who was brought before the grand jury on the heinous crime of incest, has been exonerated by that body, the jury having returned not a true bill in his case. It was horrifying to think that a man of Mr. Hinkle's age and standing could be guilty of such a crime, and we are glad to know that he has been exonerated from committing one of the worst crimes in the criminal calendar.

The Favored Classes.

Teachers, Ministers, Farmers, Mechanics, as well as their wives, daughters and sons, who would like to devote at least a part of their time and attention to a work that would bring them in a lot of ready money during the next few months, would do well to look up the advertisement of B. F. Johnson & Co., Richmond, Va., in another column, as it may be the means of opening up to many a new life and larger possibilities. These gentlemen have been extensively and successfully engaged in business for many years, and they know what they are talking about when they tell you they can show you how to better your financial condition.

The School Entertainment.

The concert given by Mrs. Raymond and Miss Wilson on Tuesday evening for the benefit of our public schools was one of the pleasantest occasions that has ever occurred in Prineville. Gibson's hall was filled with all that could be comfortably seated, and the large audience showed their appreciation by frequent applause.

The concert was opened with the reading of a piano duet "Gathering Waves" by Misses Wilson and Combs. Next Mrs. S. I. Belknap, the Paul Revere, Miss Combs and Miss Wilson followed with the entertaining vocal quartet, "Away Over Yonder." "Dreamland's Shore," was next rendered by Miss Maggie Glass, Miss Wilson's recitation of their sad and pathetic selection, "The Black-smith's Story," was followed by affectionately and her abnormally powers made no readers most vivid. "Beautiful Moonlight," by Mrs. Complicton and Miss Glass, was well received, and the piano duet, "Gathering Waves," by Misses Combs and Wilson was also a happy feature of the entertainment. This was followed by Mrs. S. I. Belknap singing "Waiting" and the recitation "Over the Hill to the Poor House" and "Over the Hill from the Poor House" by Miss Wilson and Mrs. Belknap respectively, that the hearers could see in them prototypes of Carlotton's immortal sketches of the feeble mother driven to the poor house and the wayward son who rebelled on his aged mother's home. "Escape for Bride," a selection from one of the best poems extant, was pathetically rendered by Miss Hattie Combs, and Miss Jessie Dashiell's recitation of the poem "Old Hoss" was very good. The closing piece, "Only Somebody," was the best feature of the evening. In the first Belknap impersonated on the stage singing the patriotic Air Ireland, Miss Combs and Mrs. Complicton representing Great Britain and singing the praises of the English Isles. Miss Combs, dressed in the Scotch costume of the Emerald Isle, followed and sang of the Highlands of Ireland in Scotch, and Miss Wilson, representing a German dame, completed the quartet and sang patriotic to old Germany's fatherland.

Senator Cogswell's Speech.

Last Saturday evening Hon. C. A. Cogswell, democratic candidate for joint senator for Crook, Lake and Klamath counties, spoke to a large and attentive audience at the court house. The speaker confined his remarks by a comparison of his opponent on the republican ticket, Hon. A. Parker, of Lakeview, in the west. He said he had known Mr. Parker for more than twenty years, and had always found him an honorable, upright gentleman, and to whom the people could place confidence. Mr. Cogswell then explained some of his acts while in the senate during the past two sessions. After speaking for nearly three hours he closed by a humorous and pathetic appeal, which, in the opinion of many, was the most effective speech ever delivered in Prineville.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional remedy. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Almost a Fatal Accident.

Last Thursday Mrs. D. P. Stewart was cleaning the windows in her house, and had put one of the upper sashes in place when it started to fall. She reached out to catch it, and her hand went through one pane of glass, which severed two arteries in her wrist, and also received a severe cut on the temple. Dr. Belknap was immediately summoned, but Mrs. Stewart came near dying from the loss of blood before the doctor succeeded in stopping the flow. Mrs. Stewart is very weak from the loss of blood, but we are glad to state that she is now out of danger.

Grand Jury Report.

To the circuit court of the state of Oregon, for the county of Crook:

We, the grand jury of the above entitled county and state, respectfully submit the following report:

We have been in session four days in all; have found and returned into court twenty true bills of indictment and two not true bills. We have investigated and carefully considered all matters presented to us.

We have examined the books and records of the offices of the county clerk, sheriff and treasurer, and so far as we are able to ascertain, find everything connected with said offices properly attended to, and the books and records neatly and properly kept.

We have visited and examined the county jail, found it clean and in good condition, but would recommend that bars be put on the outside windows and the doors be made more secure, so that persons confined on charges of not a serious nature may be allowed more room for exercise than is afforded in the cells. We have also visited the city jail and find it in condition to meet all requirements.

We would suggest to the county court that, inasmuch as the room used as an office for the county clerk is liable to be an act of fire to originate, a suitable place be provided outside of, and away from, said building.

We also urge that a more strenuous effort be made to collect delinquent taxes.

Further, we find that the safe in the county clerk's office is not a safe to hold the county's records, and in case the building were destroyed by fire many valuable records would thereby be destroyed, for the sole preservation of which we earnestly recommend that a fireproof vault be provided.

Having no further business demanding our attention, we most respectfully ask to be discharged.

P. J. Stevenson, Foreman.

Dated May 5, 1892.

Mitchell Notes.

May 2, 1892.

All is calm and peaceful in our little town of late.

Gentle spring seems loth to come from her retirement and don her sunny robes. Instead of balmy showers and balmy days we have nothing but snow, wind and mud.

Sheep herders are plentiful at the Central Hotel. They all hail from California. They are all heavy weights and the weightiest of them pulls down 260 pounds.

Miss Estella Boardman has returned to school at The Dalles, where she will remain until June 17th. During her absence Mrs. Boardman will have charge of the millinery establishment.

Miss Anna Evans, after a long visit in Mitchell, has returned to California. After spending a few months visiting there, she will go to her home at Sullivan, Ill.

Our school, under the guidance of Mr. Estes, has progressed finely during the winter, and will close on the 27th.

John Gage and family have moved to Mountain creek to spend the summer.

Mrs. Scheer has received her millinery stock.

J. H. Oakes and Dr. Center have just returned from a business trip to Portland and The Dalles. Mrs. Oakes and daughter visited in Antelope during Mr. Oake's absence. On their return they were accompanied by Mrs. Shaw, of Burnt Ranch.

REASONS WHY

Dr. Price's Cream Baking Powder Is The Best.

FIRSTLY.—It is the oldest Cream of Tartar Baking Powder in the world, and has stood the test of 40 years.

SECONDLY.—Its makers have never succumbed to the temptation to introduce ammonia or alum in their goods, for the purpose of cheapening the cost.

THIRDLY.—It is made from the purest Cream of Tartar, refined in the immense plant at Jersey City controlled by this company, by patented processes used by no other refiner.

FOURTHLY.—The governments of the United States and Canada have endorsed Dr. Price's Cream Baking Powder after thorough examination, as have also the heads of our great universities, prominent physicians, boards of health and the public. It is used in the United States Army and Navy and in the cuisines of the most select clubs, hotels and private families.

FIFTHLY.—It is just what it is represented to be, viz: a pure Cream of Tartar powder and can stand on its record without any bolstering up by means of fraudulent certificates, or resorting to any other tricks practised—sometimes successfully—by other makers of so-called "absolutely pure" powders.
