Prineville Review.

SATURDAY, APRIL 13, 1901

CROOK'S MINES.

Glimpse at the Trout Creek Mining District.

Ashwood Prospector.

The Prospector man had the opportunity, this week, of looking over some of the claims in the Axe Handle district. The "Badger" owned by Miller & Nelson has the greatest amount of developement work done on it, having a 75 foot shaft and showing some very nice ore. This claim has not been worked for some time and it was impossible to get any of the results of assays from the claim. However some rich looking ore has been found, and developement of this claim promises big results.

The "Red Jacket" owned by Perry Maupin has two twenty-foot shafts on it and the quartz taken from it promises to lead to something rich. The "Widow" owned by Grandmother Maupin also shows good prospects and is bound to become a good producer. The "Merchant" shows up well from two shafts about 20 feet deep. About the most promising of the group visited seem to be the "Consolidated Virginia" owned by T. L. Childers and Milo Wood. This claim is located on a well defined ledge and has three shafts, the deepest being 17 feet. Out of the shafts have been taken some very fine specimens of quartz which will no doubt assay well.

There are several more claims in this locality which were not visited on this trip but quartz was seen from some of them and they all bid fair to yield good returns. At sometime in the near future another visit to this Axe Handle county will be made and a more extended account will then be given.

W. H. Grater & Son are now developing a group of claims, consisting of the Silver Queen, Lucky Boy, Eldorado and Grater, which are showing up wonderfully well. The Silver Queen assayed $6.50 near the surface, and after going down seventeen feet, almost a solid body of ore has been struck. The Graters have had to quit work in the Queen for the present, owing to the water in the shaft, but just as soon as a pump can be put in, work will be resumed. Developement work will be pushed on all of the claims in this group.

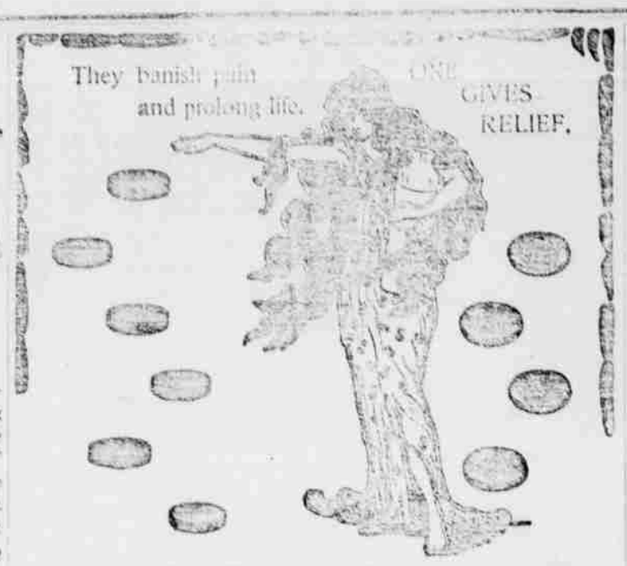
Ed Finnell returned from Lawton last Tuesday, where he has been employed in the "Red Boy" mine for the past six months. Ed says that he has not seen anything in that country that can equal some of the ore taken from the Trout Creek Mines. He will remain here.

Horse thieves throughout the range district of Eastern Oregon, Idaho and Neveda will to a great extent be cared for by a protective association which was recently organized at Onario. Too many horses in Eastern Oregon have been stolen during the past year and the new association will hereafter have one or more members traveling along the lines of the different railroads upon which large stock shipments are to be made. It will be agreed by each member that no horses shall be sold except upon a bill of sale that shall accompany the same until the animal reaches the final destination in the east. The inspector on the railroads will be notified of any case of stealing, and will look out for the outfit. It would not be a bad idea for the horsemen of Grant county to organize along the same line of the Ontario organization. It would put a stop to the "swiping" of many an excellent animal from the range in this interior county.—Blue Mountain Eagle.

Edwin Stone has been in Portland where he met A. B. Hammond and brother W. H. Hammond who have just returned from California. In a few days it can be announced whether Mr. Hammond will undertake to build the C. & E. road over the mountains this year.—Albany Herald.

Governor Geer has pardoned Edwin L. Mims who was sentenced from Umatilla county to serve five years in the penitentiary for killing H. L. Miller, of Pendleton.

They banish pain and prolong life. ONE GIVES RELIEF.



R·I·P·A·N·S

No matter what the matter is, one will do you good, and you can get ten for five cents.

A new style nickel pedestal for sixty cents is now on sale at one druggist's in this town. It is made for sale of some druggist who is a member of the Anti-Cigarette League. The pedestal is for the cigarette fiend to stand on while he is being kicked off the premises by the druggist who sold him the cigarettes. The pedestal is also for the druggist who sells the cigarettes to stand on while the cigarette fiend is being kicked off the premises by his father, who has just learned that his boy has been smoking cigarettes.

THE NEW YORK WORLD,

THRICE-A-WEEK EDITION

12 Pages a Week
156 Papers a Year.

Published every Alternate Day except Sunday.

The Thrice-a-Week Edition of The New York World is first among all "twice-a-week" issues in size, frequency of publication, and the freshness, accuracy and variety of its contents. It has all the merits of a great $6 daily at the price of a dollar weekly. Its political news is prompt, complete, accurate and impartial as all its readers will testify. It is against the monopolies and for the people.

It prints the news of all the world having special correspondence from all important news points on the globe. It has brilliant illustrations, stories by great authors, a capital humor page, complete markets, department for the household and women's work and other special departments of general interest.

We offer this unequaled newspaper and the PRINEVILLE REVIEW together for $2.05.

The regular subscription price of the two papers is $3.

Columbia Southern Railway

WAREHOUSE

AT SHANIKO, OREGON.

The Columbia Southern Railway Co. controls 50x100 feet o the Shaniko Warehouse building, to be used as a freight warehouse through which they will receive and forward freight in the usual manner.

The supposition that all business must be done through forwarding houses is an erroneous one, and we take this means of dispelling it. Freight received and b in 24 hours will be dispatched to a forwarding house and just to the order of the Consignor.

The rate on wool in sacks or bale from Shaniko to The Dalles is 25 cents per 100 pounds.

For rates and other information call on or address
