# Doctors Predict Ike To Play Golf Soon Despite Attack

DENVER (AP)—'It is quite possible.'

That remark by a foremost heart specialist who examined President Eisenhower would surely have put a wide grin on the chief executive's face if he had been there to hear it.

For Dr. Paul Dudley White of Boston was saying "it is quite possible" Eisenhower will be able to play golf again—provided of course, he has a normal recovery from the heart attack which hospitalized him Saturday.

The doctor also said that all the golf the President has played possibly "helped to delay" the attack.

To Eisenhower, golf is one of life's joys. He loves it. And his friends have been saying they can't think of anything he would miss more.

From the time the President came to Colorado Aug. 14 for a work-and-play vacation until he was stricken four days ago, he played hundreds of holes of golf at Denver's Cherry Hills Country Club.

In Washington it was more difficult to get away, but he played whenever he could. And in the spring, at Thanksgiving time and at Christmas he has relaxed at the Augusta National Golf Club in Georgia.

Dr. White said at a news conference:

"Now I know there is a likelihood of some people thinking the golf he played the day before his illness might have been instrumental in the production of this attack, or the high altitude at which he has been lately.

"I believe they have no influence in having precipitated this attack.

"We see these attacks come frequently at sea level, and in people who never play golf. My own feeling is that golf has been wrongly blamed, that those who play golf and have an attack at the age of 65 might have had an attack at 45 if they hadn't played golf. . . .

"We just don't know, but we don't think exercise itself is responsible.

'In fact, I am of the impression that it really helped to delay the onset of this (rather) than to cause it."

## Lumberman Faces Theft Charges

FRESNO (UP) — Gordon B. Cromwell, a Hanford timber operator, will be sentenced Oct. 31 in federal court on a charge of theft of government timber.

Federal Judge Gilbert H. Jertberg set the date yesterday after Cromwell pleaded guilty to one of four counts of an indictment charging him with cutting, processing and removing about 200,000 board feet of timber from a federal reserve along Kings River. He also pleaded nolo contendere to another count, while the remaining charges were dismissed.

## Girl Scouts Take Trips

The last weekend before hunting season found two Girl Scout troops enjoying camping trips in the woods. Troop 30, seventh and eighth graders at Altamont Junior High, spent two nights at Camp Esther Applegate at Lake of the Woods, and Troop 67, fifth graders at Roosevelt, pitched their tents Saturday at Kimball State Park at Wood River, returning home Sunday.

The group at Camp Esther Applegate found the water level very low and took advantage of the opportunity to remove rocks from what will be the bottom of the swimming area next summer. They were amazed at the number and size of the fish which had been washed ashore after the treatment of the lake last week.

Included in the party were Patty Esgate, Monta Jo Granquist, Pat Harkey, Carol Mudder, Joanne Olson, Penny Preston, Judy Purser and Christine Wright. Troop leader Mrs. Willis Glidden and her husband, Mr. and Mrs. Don McPherson, and Mrs. Keith Cobb were in charge of the trip.

Camping at Wood River were Nancy Baker, Cheryl Ball, Mary Lacey Dixon, Barbara Evans, Mary Jean Hessig, Connie Thomas, Francis Northrup, Janice LaGrand, Gail Voight, Robin Hiatt, Carol Bousquet and Judy Hoppe. Mrs. Glenn Evans and Mrs. Richard Hessig, leaders of the troop accompanied the girls, and Mr Hessig and Jack LaGrand helped set up and break camp.
