HAVE A FIT

When you buy shoes why not demand a perfect fit. You can get that if you buy your shoes of us, as we carry shoes in all sizes and widths from A to EE, giving you the same range of sizes to select from that you would find in a city shoe store.

RIDEOUT & FOSTER

We would call the attention of our readers to the ad. of the new harness and saddlery shop at Redmond. Mr. Ehret has just opened up a new line of goods and invites a share of the patronage tributary to his section of the county.

Many old-timers will be pleased to hear that J. N. Duncan, an old Crook county man, is hale and hearty and enjoying life in Albany. Mr. Duncan years ago was a partner in the stock business with J. H. Gray.

Rumor has it that A. C. Kitching has purchased a half interest in the sheep business and ranches with J. B. Cartwright of Trout creek. Mr. Kitching was in Shaniko last Monday night on his way to Portland.—Shaniko Republican.

The Crook County Real Estate Company is a new firm just started in Prineville. The organizers are W. H. Huston, A. Thomson, L. A. Lafollett, J. W. Collins and Walt O'Neil. The gentlemen are well-known business men that may be relied upon to do business efficiently and promptly. As the name implies they handle improved and unimproved lands. They buy and sell timber lands and do surveying and estimating.

Thomas Sharp, Jr. returned Tuesday from a three week's visit in Portland.

Rev. B. W. Bass, wife and baby came in on Friday's stage from the railroad. He will occupy the pulpit of the Union church every third and fourth Sunday of each month.

Workman are engaged in building additions to the McCallister building on lower Main street. The millinery stock of T. F. McCallister & Co. will be placed in one of the new additions and the other will be used for a warehouse.

A burning flue at the home of Dan Powell yesterday afternoon caused an alarm of fire to be turned in and in a twinkling both hose companies were on hand. Their services were not needed. It is reassuring, however, to the people of Prineville to know that the city is protected by such efficient fire fighters.

A large party of people from Lamonta, Crook county, looking for agricultural land arrived in Silver Lake Monday. The party consisted of M. M. Monteith, E. F. Cooper and wife, James Newman and wife, T. H. McGhee and son Carl. Mr. Monteith is an old newspaper man and claims to be the originator of the point system.—Silver Lake Oregonian.

The Deschutes Telephone Company has purchased the Lone Pine Trading Company's telephone line between O'Neill's and Forest. Bell phones will be installed in place of the private ones now in use and this will give subscribers the benefit of the Prineville exchange. It will also put our merchants in direct touch with the farmers in that section of the county and hence will be a benefit all round. H. C. Ellis of Bend has charge of the installation.

The consolidation of the Gatewood Mining & Trading Company's property at Howard with the Washington Meteor Mining Company is to be made an occasion of general rejoicing on October 8. There will be feasting and dancing and a general good time at Howard. The object of the celebration is to give the people of Prineville and neighborhood an opportunity to meet the new officials of the consolidated company and establish a feeling of mutual goodfellowship. The committee of arrangement is composed of M. E. Brink, Thron Thronson, A. H. Kennedy, Jack Summers and R. E. Gray.

School Boooks and School Supplies at ADAMSON'S

Funeral services over the remains of B. F. Zell were held this morning at the Union church by Rev. J. T. Moore, in the presence of a large gathering of relatives and friends. Many flowers were placed upon the casket by sympathetic friends who regret his untimely end. Mr. Zell was born in Lebanon, Or., June 14, 1866, and came to Crook county in 1889. He was married to Miss May Yancey May 3, 1891. He was a highly respected member of this community and was much esteemed by all who knew him. Mr. Zell was an Odd Fellow and his brother members of that order attended in a body.

Mrs. Laura Wright, wife of William Jasper Wright, died in Portland, Or., September 20, 1906. The remains were brought to Prineville for interment and were laid to rest in the city cemetery Monday at 10 a. m. The cause of death was cancer. She leaves a husband and five children, all living in Crook county. Mr. and Mrs. Wright were married at Sweet Home, Linn county, Or., and afterwards moved to Crook county where they made a home on the Upper Ochoco, about twenty-two miles above Prineville. Many friends and relatives attended the remains to their last resting place.

A trip to the Crook County fair grounds yesterday disclosed the fact that the association has an ideal tract of land for a site. Its location is not too far from the city yet far enough to avoid many petty annoyances that necessarily attend upon fairs. Feed and water are abundant and a better camping ground could not be wished. Fifty acres of rye hay were cut this season and about eight acres of alfalfa so that the question of feed for stock at the fair might as well be considered settled. Campers and others who contemplate a visit to the county seat at fair time can rest assured that the fair managers are sparing no effort to make their visit both pleasant and profitable.

J. E. Roberts, who lives on Alkali Flat some twenty miles south of Prineville, was in town Monday with a load of hogs. He had sixteen head of fine fat porkers from eight to eleven months old. He sold the bunch at the rate of 6 cents a pound, live weight. The load netted him $139.40. Mr. Roberts is one of the most optimistic men in the county. He says that while his crops are a little short he can sell his produce at a price that will more than make good the shrinkage. He sells oats and barley at the ranch for 80 cents and wheat and rye for $1. His cereal crops averaged him 15 bushels to the acre. Mr. Roberts had the misfortune some two weeks ago to fall and pull his wrist out of joint. He is still obliged to keep his arm in a sling.

C. M. Zell and Miss Ora Lewellen were united in marriage at the home of the bride's parents, Mr. and Mrs. W. J. Lewellen, at Springwater, Oregon, Sunday September 22.

There seems to be no diminution of the numbers looking for timber claims, and strange as it may seem all find something that looks good. Four estimaters left for the Matoles country the other day and it will not be long before something is doing over there.

There is on display at the Poindexter Hotel the exhibit of the Gatewood Mining & Trading Co. that was at the Redmond fair. The specimens will form part of the mining exhibit to be made by this company at the coming Crook county fair. The ore was taken from different parts of the mine and represents values all the way from $45 to $107 a ton. A bottle of concentrates represents an intrinsic value of $200 a ton. Mr. Gatewood brought down from the mine yesterday a gold brick valued at $500 which represents an average two-day run. A car load of concentrates will be shipped to Tacoma just as soon as teams can haul it to Shaniko. Three thousand pounds are already on the way and it is expected to put on six or seven next week.

J. H. Gray returned from a trip to the Willamette valley towns recently. He comes back better pleased than ever with Prineville. While away he made a study of the conditions that made for growth and progress in some of the places and in others the lack of elements that are necessary to make a progressive community. The wide-awake communities were up and doing all the time. They neglected no opportunity to impress upon the stranger the advantages of the place and the desirability of the town as a place of residence or business. You were made to feel, said Mr. Gray, as though you would like to become a part of that community. On the other hand those places effected with dry rot were those that were satisfied with well enough. They had no desire to grow if the effort cost anything. The homeseeker could stay or go as he saw fit. Usually the knocker was on hand with his little hammer and the result was the place was given the go-by. Mr. Gray thinks that Prineville possesses more of the elements that make for good substantial growth than any town he visited. All we have to do is to take advantage of our natural opportunities.

The Gatewood Mining & Trading Company located at Howard, Crook county, has been taken over by the Washington Meteor Mining Company of Blewett, Wash. The companies are to be consolidated and will in the future be under one management. Last Sunday O. J. Hobson, president and superintendent of the Meteor company; Claus Selz, director and expert accountant, and George K. Rodgers, fiscal agent, passed through Prineville on their way to Howard to make a final examination of the property that was favorably reported by Mr. Hasseltine a few weeks ago. These men are experts in their different lines and are connected in an official capacity with the mines at Blewett. All are very much pleased with their mine at Howard. They believe the mine to be a valuable one that needs only modern methods and scientific knowledge to be made a good paying investment. The plant is to be enlarged and more men put to work. An electric light plant will be installed, hoisting works put in and the mine equipped with air compressor drills. These changes will effect a great saving in the expense account. The gentlemen taking hold of the Crook county property are rated A1 by the commercial agencies and come highly endorsed by banks and business firms with whom they have been doing business. Messrs. Hobson and Selz left yesterday for Seattle. Mr. Rogers is still here closing up the details of the transfer.
