ST. JOHNS REVIEW

VOLUME 14 — ST. JOHNS, PORTLAND, OREGON, FRIDAY, MAY 17, 1918. — NUMBER 27

Our Political News Letter

By F. J. Kupfer.

Tomorrow, Friday, is the day for every good citizen to exercise his or her rights, and according to indications we believe there will be at least 75 per cent of the registered voters who will cast their baliot. There has been very little "mud slinging" in this campaign and every candidate has confined himself in bringing out his own virtues and qualifications for the office he aspires. In the Senatorial contest Senator McNary's friends have tried to "stir up something," but so far have not made very much impression, while Robert N. Stanfield has been abused considerable on account of his wealth, the average citizen does not begrudge him of it, so long as he has made it honestly. Mr. Stanfield during all his life has made it a rule to follow the Golden Rule and to benefit his fellow citizens.

A. W. Orton, Republican candidate for Circuit Judge, Department No. 6, is a Spanish war veteran, having served in Cuba and the Philippines. He has been practicing law in Oregon for nine years. Was twice elected to the legislature and made a good record during his two terms. He was for four years Register U. S. Land Office at Lakeview, where he heard and decided thousands of contested cases and helped poor people to obtain free land. Mr. Orton believes in recommending beneficial changes in the laws.

Among the legislative candidates Mr. H. L. Idleman is seeking the nomination for Representative. He is specially interested in favoring laws for the working masses. He is the author of several amendments to the mechanics' lien law, which better protects small property holders and the laboring man from losing his money. Mr. Idleman is a director in the Morgan - Bushong Investment Co. He has resided in this city since he was 16 years old.

Mr. Elmer E. Pettingell is a candidate for the legislature. He is a lawyer and has been prominent in the upbuilding of better labor conditions. Mr. Pettingell is well thought of in the community and through his good qualities has made many friends. Mr. Pettingell would make a good representative and should receive the support of every laboring man.

Mr. Sam Martin, the County Auditor, is on the ticket for re-election. Mr. Martin has resided in this city for 25 years and during that time has made a host of friends. Mr. Martin has conducted the office of County Auditor for two successive terms and has given entire satisfaction. He is always attending to his duties, and every one who has business with him invariably receive courteous treatment at all times.

Mr. J. T. Wilson, Republican candidate for County Commissioner, is one of our substantial business men. He has been in the auction business in this city for over twenty years and today has one of the largest establishments in the city. If he can conduct the county's affairs as well as he has his own he should receive the votes of the the people. Mr. Wilson has been a success and he has always conducted his business on strictly honest methods.

The Knights and Ladies of Security held another one of their popular meetings to the public Monday night, which was greatly enjoyed by all present. The Juvenile orchestra, under the leadership of Mrs. Frank Rice, as well as the Juvenile drill team, under Mrs. Moreing, came in for more praise than printers ink can describe. They put on some fine floor work considering the short time that they have been organized. Much credit is due Mrs. Moreing for her untiring work in this training of the children. At last Saturday's dance there were eighteen applications written up and there were a good many more written up on Monday evening.—Reported.

H. M. Waldref's auto containing Mr. and Mrs. J. H. Anson, Cecil Muchison and Miss Edith Anson, with Mr. Waldref driving, was run into by another machine, on Columbia Highway May 5th, resulting in Mr. Anson having his collar bone broken and otherwise bruised, Mr. Waldref sustaining a fractured rib and other members of the party being badly shaken up. The report that A. Anson was injured in last week's paper was incorrect.

AMERICAN NAVY ELIMINATES WASTE

SLICING BACON ON BATTLESHIP

HOW THEY PEEL POTATOES ABOARD SHIP

JACKIES in the American navy are classed as the best fed body of men in the world. In the ship's galleys every effort is made to eliminate waste.

In the upper photo one of the cooks on the North Dakota is operating a meat slicer that cuts bacon with the least possible wastage. Fat is fuel for fighters. Bacon is badly needed in the allied armies and navies. The allied needs in pork products are 150,000,000 pounds monthly, three times as much as before the war.

Another waste eliminator on the North Dakota is the potato peeler, shown in the lower photo. Nothing is lost except the actual potato skin.

There is a sufficient quantity of potatoes in America for greater use in every home and for all needs of army and navy. Eat more potatoes, eat less wheat.

Plan Your War Garden Now; Save Time and Money.

HELP INCREASE OUR EXPORT FOOD STOCKS

IN CITY and country more war gardens are needed this year than ever before. Patriotism prompted 2,000,000 Americans to plant gardens last year, according to estimates of the United States Department of Agriculture. Transportation facilities of the nation will be strained this year hauling munitions of war and foods for the Allies. The surplus food created by home gardens will help in the railroad problem. And the nation will eat less of the goods we must export—wheat meat, fats and sugar. Every boy and girl that helps with the garden is helping win the war. Leaflets of instruction in garden making may be secured from the Department of Agriculture at Washington, upon request, without charge.

EVERYONE MUST HELP.

Wars cannot be fought without money, and upon the Treasury centers every financial demand upon the Nation.

The rich of this country cannot alone meet the needs of the Nation: the men of the country cannot do it alone; the women of the country cannot do it alone; but all of us, the people of the United States, disregarding partizanship, forgetting selfish interests, thinking only of the supremacy of right and determining to vindicate the majesty of American ideals and secure the safety of America and civilization, can do the great and splendid work which God has called upon us to do.

W. G. McADOO,
Secretary of the Treasury.

Vote X 47 J. B. Schaefer, Water Superintendent Division No. 1. You will make no mistake by voting for him. His well known recognized qualifications and integrity are a guarantee for efficiency and economy in the office to which he aspires. He has proven himself one hundred per cent American in daily deeds. He is a tried, true friend, and able champion of labor, not only in words, but in recorded deeds. He is the only candidate for this position from Portland and Multnomah County and being a progressive citizen who has borne and received many distinguished honors in private and public life in this City. He is certainly entitled to your undivided and loyal support.—By A. L. Treber, 423 Bristol street, St. Johns Oregon, paid adv.

I, J. N. Ellefsen, Cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

J. N. Ellefsen, Cashier.

Subscribed and sworn to before me, this 15th day of May, 1918.

L. J. Wright, Notary Public. Multnomah county, Ore.

Correct—Attest: F. C. Knapp, H. E. Pennell, Thos. Autzen, Directors.

R. Smith, who is now stationed in Florida, in writing to his father, F. E. Smith, 838 N. Jersey street says: I am sending you a picture of myself and a broken piece of a propeller of an airplane that fell here and killed two men. I wish you would keep it so I can have it for a souvenir. When this machine fell I was the first one to get to it. I got one man off and he had his head mashed. I could not get the other out. He was in under the machine all cut up. One of the men grabbed the control of the machine when they were coming down in a trial spin, and they could not straighten up the machine. One of the men lived in California and the other in Colorado. Well, I am well and having a good time here.

A big crowd of St. Johns boosters witnessed the local ball team whallop St. Helens Sunday at that place to the tune of 6 to 3, making the fifth straight victory for the home club and retaining the lead for the pennant. The Foundation club defeated Supple-Ballin by the lop-sided score of 26 to 3, and Cornfoot defeated Peninsula 11 to 3 at the local grounds. Sunday the local team meets the Cornfoot club at the St. Johns grounds.

Stand by your present SENATOR

CHARLES L. McNARY
Republican Candidate For
U. S. SENATOR
Number 18 on Ballot
VOTE FOR HIM ON MAY 17

With our country in the greatest war in history, Oregon is to be congratulated that it has the present opportunity to return such an able and loyal representative to the United States Senate, thus relieving the State of the necessity of sending in his stead a new, untrained man to Washington.

Believing that the supreme obligation he owes to his country and to the people of Oregon is to help the United States win the war, Senator McNary determined to forego the prosecution of a personal campaign in Oregon. Accordingly, he has remained on duty in Washington, for the welfare of the people of his country and state.

Senator McNary has introduced and is working strongly for a bill extending price-fixing to a large number of commodities. This is its purpose:

"During the consideration of the Food Control Bill I took the position that the law, to be effective, should be comprehensive in its application to prevent profiteers from gaining control of those commodities not coming within its operation. This Bill will, if it passes, correct some of the wrongs now practiced upon the producing and consuming public. The measure empowers the President to fix the price of petroleum and its products, hides and skins and their products, such as shoes; hemp, jute, cotton and wool and their products, such as clothing, also wheat substitutes, corn, rye, barley, oats, etc.; also on livestock and its products, farm implements and machinery. Unless a change of policy is made, it is inevitable that the price of wheat substitutes will advance until actual suffering will come upon the people.
