WHEAT TUMBLES NEARLY 2 CENTS

CHICAGO, June 17, (AP)—In a rush of selling, wheat prices tumbled almost two cents a bushel today, but later recovered in full.

A majority of traders construed the processor tax play as bearish, but a flood of crop damage reports from spring wheat territory both north and south of the Canadian boundary led afterward to rallies. Estimates indicated the 1933 Canadian spring wheat crop would be less than harvested last year.

Wheat closed firm at the same as yesterday's finish to ⅛c higher, compared with yesterday's finish, corn ⅜c-1⅛c up, oats 1⅛c-1⅜c advanced, and provisions varying from 2c decline to 5c gain.

Stock Market Quotations

NEW YORK, June 17, (AP)—Although the currency stabilization bogey still lurked in the stock market shadows today, prices of leading shares maintained resistance to sporadic profit taking flurries. There were several gainers of 1 to around 2 points, but the range generally was narrow. The close was steady to firm.

Trading volume dwindled to the smallest in some weeks, transfers approaching only 1,400,000 shares.

Week end business and trade reports disclosed further improvement in the economic picture. Freight car loadings for the week ended June 10, it was disclosed, made a particularly strong showing. Loadings totaled 564,546, an increase of 56,312 over the previous week and a gain of 6,861 over the same 1932 period.

Among the stocks that drew a following was Bethlehem steel, which spurted more than 3 points on reports that the government's ship-building program was to be inaugurated soon.
