THREE EXECUTED AT N. Y. PRISON

OSSINING, N. Y., Aug. 18, (AP)—Three times six equals eternity for three.

That's Sing Sing mathematics—a multiplication example for murderers.

With the precision of a slide rule, the machinery of doom took life last night from three men. The operation took 18 minutes, divided neatly into periods of six minutes each.

John Jordan, 33, was first. His lips formed the word "frame-up" as they strapped him, at 10:04 p. m., (E. S. T.) into the electric chair.

George Swan, 21, was next, six minutes later. He was convicted, with Jordan, of killing two men while holding up a restaurant in Astoria, Queens. There was a flower in his buttonhole, a cigar in his mouth and something that looked like a smile on his lips. At 10:16 the law had finished with him.

Last came Stephen Witherell, 30, a parricide. He slew his father, Charles, in Hopkinton, because his father wouldn't lend him money.

At 10:22 o'clock they took his body away.

The machinery of death moves swiftly and smoothly at Sing Sing. It is supervised by Warden Lewis E. Lawes, who doesn't believe in capital punishment.

A total of 218,171 motor vehicles of every nature were manufactured in this country during May, 1933, as compared to 184,295 units in May of last year.

Roosevelt is a great man, not only because he has a great mind, but because he has wonderful technique in handling men.—Paul Claudel, former ambassador from France.

National, Local Markets

SELLING ON WHEAT MART DROPS PRICE

CHICAGO, Aug. 18, (AP)—Profit taking by recent buyers became an outstanding feature in all the grain pits late today, and prices slipped back fast from early upturns. Wheat showed pronounced lack of aggressive support, and hit the minimum permitted for one day's decline, 5c per bushel.

Considerable selling wheat was done on resting orders, and was looked upon as due to readjustment of the market position of various speculators. An advance of 2½c to 3c per bushel in wheat at Liverpool was attributed to a sharply higher rate for sterling, and was without effect here.

Wheat closed weak at the day's bottom figures, 5c under the average of yesterday's finish; corn ⅛c off to ⅛c up; oats, 1⅛c to 3c down, and provisions varying from 32c decline to a rise of 5c.

Stock Market Quotations

NEW YORK, Aug. 18, (AP)—Stocks followed wheat in a last-hour selling drive today, but support arrived just before the close and losses of 1 to 4 or more points were reduced substantially. The alcohols and farm equities were the principal sufferers. Final casualties averaged around 1 to 2 points. Turnover approximated 2,150,000 shares.

French Soldiers Slain By Rebels

PARIS, Aug. 18, (AP)—Government dispatches reported that 250 French soldiers, most of them native troops, were killed the past week in clashes aimed at cleaning up the last Rebel strongholds in the Atlas mountains. Thousands of Insurgents have surrendered to the 25,000 troops engaged in the warfare.

Four daily air services are now operated between London and Paris.

BOSTON WOOL MART DEMAND QUOTED DOWN

BOSTON, Aug. 18, (AP)—The Commercial Bulletin will say tomorrow.

"Demand for wool has been somewhat slower than a week ago, but the manufacturers are watching the market carefully, and some of them are buying fair weights of wool now and again. Medium quality wools are very strong.

"The manufacturers are still chiefly concerned over the problems of making price adjustments under the code. They look for an improvement in business after the holiday and when the code problems have been adjusted.

"The foreign markets are quiet, as usual in mid-August, but there is reported a good undertone in the markets abroad. The good business is expected in the fall.

"Mohair is dull, but very firm in price."

The Bulletin will publish the following quotations:

Scoured basis—Oregon, fine and fine medium staple, 76c to 78c; fine and fine medium French combing, 73c to 75c; fine and fine medium clothing, 70c to 71c; Valley No. 1, 70c to 73c.

Mohair—Oregon, 28c to 30c; domestic graded, first combing, 45c to 50c; second combing, 40c to 45c; third combing, 35c to 38c; fourth combing, 30c to 33c; good carding, 34c to 35c; first kid, 60c to 65c; second kid, 50c to 55c.

WEAKNESS SHOWN IN BUTTER TRADE

PORTLAND, Aug. 18. (AP)—Extreme weakness of the butter trade at California and Puget Sound points continued to dominate the entire Pacific slope markets. Local trade was directly affected, inasmuch as it closed the outlet for the normal surplus of this territory.

Extreme depression in the Puget Sound market has left the trade there somewhat bewildered.

Production was decreasing, but much less so than during any recent season for like period. Storage stocks were increasing at practically all points.

Butterfat values were weak.

Market for eggs was generally unchanged for the day. Offerings of strictly fresh stock continued scant, but much so-called fresh goods were in evidence. The latter were chiefly out of store.
