PHONE HEARING NOT OVER BUT ADJOURNED

Many Obscure Points Yet Remain to Be Cleared Up.

ADVERSE DECISION DENIED

Question of Rates Still Open; Taking of Testimony May Be Resumed on Ten Days' Notice.

Little attention should be paid to lists of telephone subscribers who have declared they will dispense with the service rather than pay a higher rate, W. J. Phillips, manager of the Pacific Telephone & Telegraph Company in Oregon, told the Public Service Commissioners at the rate hearing yesterday.

Mr. Phillips denied that he had issued orders to telephone company agents of the state to make a list of all subscribers who met the rate increase announcement by stating that they would have their phone taken out rather than pay more.

The four-day hearing, in which the Oregon Public Service Commission sought to learn from officials of the Pacific Telephone & Telegraph Company just why increased phone rates are necessary, terminated yesterday with many obscure points yet remaining. The Commissioners indicated this by calling upon the company representatives for all sorts of data not produced at the inquiry.

The hearing is not concluded. It is to be resumed upon 10 days' notice. One of the Commissioners suggested that "the whole question is still open." Chairman Miller carefully explained that new testimony and new exhibits may be introduced and that in all other respects the second part of the hearing will merely be a continuation of the investigation.

Additional Evidence Expected.

As cross-examination of Mr. Phillips was finished, Assistant City Attorney Tomlinson, representing the City of Portland in the matter as Mr. Bailey represented the State, moved that the petition for the increase in rates be denied. He declared that "not sufficient evidence to base the rates upon" had been adduced.

Chairman Miller denied the motion, with the explanation that the hearing is yet to be completed.

James T. Shaw, attorney and rate expert for the telephone company, was in the witness chair during most of the day. At one juncture he was charged by Commissioner Buchtel with being insulting and making the hearing as fruitless as possible. The flare-up in proceedings was glossed over and there were outward expressions of good will as adjournment was taken.

Mr. Shaw Ignorant of Bond Issue.

Mr. Shaw told the cross-examiners that he knew nothing whatever of the new bond issue of $48,000,000 put out by the parent corporation, the American Telephone & Telegraph Company, just before the Government took over lines of communication.

"Wasn't the property of your company put in as part of the security back of the bonds?" asked Mr. Tomlinson.

"I don't know, but I don't think so," was Mr. Shaw's reply.

Both Mr. Shaw and Mr. Phillips, only witnesses of the day, were questioned at length with regard to differentials in rates between cities and between the wall and desk phone. For the latter the company now proposes to charge 25 cents extra per month, or $3.25.

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about $2.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain granulated sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.
