Voting Precinct Increased Because of Increase Of Voters in the County.

The Board of County Commissioners increased the voting precincts from 18 to 29. Most of the increase is in Tillamook City and neighborhood, which have the largest population. The increase was made necessary on account of an increase in the voting population, as some of the precincts contained too many voters. We give below the boundaries of each voting precinct, and it would be a good thing for some of the citizens to preserve this sheet, for there will be a good many inquiries made as to which precinct voters are in.
