CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

Drowned at Eugene.

Eugene, Or., July 17.—Ray Summer, a popular student of the Eugene high school, was drowned in the Willamette river a mile and a half below this city Sunday afternoon about 5 o'clock. The young man was swimming in the river with five others. He was in a deep portion of the stream when he was seized with cramps or became exhausted and began to sink. He called for help and Emil Kuest, one of his companions, swam out and attempted to keep him afloat, but the drowning boy's struggles almost caused young Kuest to drown and it was with difficulty that he saved himself. The other boys attempted to dive for the body at the bottom of the river, but were unsuccessful. A number of men soon afterward arrived on the scene and brought the body to shore, and they worked with it for a long time but were unable to produce any signs of life.

OUR COLD STORAGE

Keeps the meat cool and fine, and as we select nothing but the choicest meat, our customers can always depend upon getting the best.

Remembers Napoleon.

Naples, July 17.—In Pieligrotto, one of the poorer quarters of this city, there lives a family of five generations under one roof. The great-great-grandmother, Carmelia San German, is 108 years old. Her daughter is 72, her granddaughter 45, her great granddaughter 20, and there is a great-great-granddaughter, a few months old. The aged head of the family is believed to be the oldest woman living in Italy. She is quite strong and healthy and still rather sensitive on the point of personal appearance. She ascribes the good color of her complexion to the moderate use of wine, which, she says, is as good as fresh blood to old people. Her memory is rapidly vanishing. The only historical person she remembers at all is Napoleon. The old lady lives on a small pension granted her by the state since she was left a widow 70 years ago.

Paper Jobbers Talk Business.

Saratoga Springs, July 17.—The paper trade situation in the state of New York, out side of New York City, is the subject of discussion at the annual meeting of the Empire State Dealers' Association, which opened here today. The convention, which is attended by about 50 paper jobbers from all parts of the state, excepting New York City, which has its separate organization, will remain in session several days, and some important matters will be considered. This state is a great producer of paper, and the deliberations of the convention will probably be of considerable weighth with the national convention of paper dealers, which will be held later in the season.

STALLION

Tidal Wave

Will remain two or three seasons at the Fair Grounds, Oregon, for the service of mares. Examine carefully his breeding; examine him as an individual; examine his racing qualities before choosing a stallion for your mares. Then if you find fault with him the expense you have been to to see him will be cheerfully paid by the owner. Mares from a distance will be furnished good pasture free of charge. Due care and caution will be given to prevent accidents, but will not be responsible should any occur. For the convenience of owners of mares TIDAL WAVE will be at Independence Thursday of each week. Season service the low price of $30, with return privileges. Owner S. S. Bailey. Address S. B. Lindsay or Alpha Macsey, Fair Grounds, Oregon. 6-16-3m

KICKS ABOUT HOBOES

Picturesque Element of Eastern Tourists not Welcome in Klamath

The O. N. C. has been employing quite a number of men on its extension and now that men are scarce, the problem is not easy of solution.

When men are employed at Reno, they with their effects are given transportation to Madeline. Such a man's belongings usually consist of a pipe with the strength of Hercules, a plug of ancient tobacco, and a small roll of blankets. This is where the tramp shines by imitation. He comes, he sees, and is quick to grasp the opportunity to bum a ride. He gathers up a few old barley sacks and rolls and wraps them in a small piece of canvas so as to resemble a bed. With this junk swung onto his back he appears at the employment agency at Reno and asks for work at Madeline. To his delight he is offered work and given a pass over the road. He rides in a car jeweled with a number of other gin soaked tobacco seasoned, blossom-nosed members of the fraternity; and he rejoiceth exceedingly. Upon arriving at Madline he throws his bunch of burlap at the depot and strikes out to bum some grub, with never a thought of working for the railroad, as he agreed.

From reports we learn that quite a number of such rolls of mock bedding now grace the depot grounds at Madeline, and that a large number of such adventurers are in the vicinity, while a number of them are drifting this way.—Alturas Republican.

If the country south of us fills up with a lot of hobos, we are sure to get some of them. Every farmer, and everybody else, should watch for those kind and make it as difficult for them to secure "grub without work" as possible. There will be plenty of work this summer and the man who is traveling hunting work, ten chances to one he wouldn't work if he had a chance at the best wages. The man who is able to work and won't has no claim on the country for a living and should not be assisted in his vagrancy by the generosity of Lake county people.—Lakeview Examiner.

BURNED TO DEATH BY ELECTRICITY

One of the most distressing accidents ever recorded in Baker county occurred on the county road yesterday afternoon about three miles from town, near the Eppinger ranch, in which Earl Willett, the 19-year-old son of S. B. Willett, manager of the ranch, was the victim and narrowly escaped instantaneous death from electrocution, and may yet die in the Baker City Sanitorium from the effects of his terrible injuries.

The details of the accident as given to Dr. W. J. May, who with Dr. Patterson, are in charge of the case, are as follows:

Young Willett and his father were engaged in transferring a hay derrick from one part of the ranch to another. In doing so they had to move the derrick across the public highway, which carried the main transmission line of the Baker City Light & Power Company from Rock creek to this city. They let the top of the derrick down so that it could pass under the wires. The derrick had plenty of room and safely got under the main line. The elder Willett cautioned the son to keep away from the derrick until it had passed into the road. This the boy did, but jumped back onto the machine when he saw it had got into trouble. It seems that the motion of the derrick caused the high part to fly upwards again and a hook accidentally caught on the transmission wire. Young Willett caught hold of the wire cable attached to the upper derrick and tried to unhitch it from the wire. Immediately he was in a burning condition, receiving 22,500 volts of electricity in his body. It was with difficulty he was detached from the steel cable. The only wonder is that he was not burned to death at once. His left hand was burned to the bone and the hand and arm scored to the elbow. The body was also badly burned under the left arm. The most dangerous wound was a deep burn on the right side, extending to the back. If it proves that this burn penetrated the lungs there will be little hope of life.

At last reports the young man was still conscious and his pulse fair.

A dispatch Sunday says death had relieved the little sufferer.

Eminent Doctors Praise Its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes than *any other drug with which I am acquainted*. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women, constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions * * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion*. It is *universally* regarded as *the* tonic useful in all debilitated states."

Prof. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Pennsylvania Endeavorers Meet.

Altoona, Pa., July 17.—One of the most interesting and best arranged programs has been prepared for the annual state convention of the Society of Christian Endeavor which opens here today at the Second Presbyterian and Eighth Methodist Episcopal churches. A chorus, composed of 500 members of the local churches, has been carefully trained for many weeks and will furnish the principal musical numbers of the program. The attendance promises to be very large.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson, of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by J. C. Perry, druggist. Price 50c.

Buy at our prices and save money on your groceries. Our offerings should appeal strongly to you, because their values can be seen at a glance.
