Ordinance No——

An ordinance establishing sewer district No. 2 in Oregon City and providing for the time and manner of constructing and laying down certain sewers in said district at the expense of the property benefitted by such sewers as provided for by section 100 of the charter of said city.

Oregon City does ordain as follows:

Section 1. That all that portion of Oregon City included within the following described boundary and all lots and blocks without said boundary but contiguous thereto are hereby constituted a sewer district to be known as Sewer District No. 2, to-wit: Beginning at the bluff on Third street, thence easterly on Third street to Jefferson street; thence southerly on Jefferson street to Spring street; thence easterly on Spring street to Prospect street; thence easterly on Prospect street to Jackson street; thence northerly on Jackson street to Sixth street; thence easterly on Sixth street on the prolongation of Polk street; thence northerly to the intersection of Seventh and Polk streets; thence westerly on Seventh street to Jackson street; thence northerly on Jackson street to Eighth street; thence westerly on Eighth street to the bluff; thence along the bluff in a southerly direction to the place of beginning on Third street.

Section 2. The location and kind and quality of sewers to be constructed and laid down in said district are as follows, to-wit:

1st. A twelve-inch pipe sewer beginning at the intersection of Center and Seventh streets, thence southerly along the center of Center street to intersection of Fourth and Center streets, also from intersection of Seventh and Center streets westerly to the edge of bluff.

2nd. A ten-inch pipe sewer from the intersection of Center and Fourth streets southerly to the intersection of Center and Third streets.

3rd. An eight-inch pipe sewer from intersection of Center and Seventh streets easterly to center of Madison street; also from intersection of Center and Sixth streets easterly to the center of Jefferson street; also from intersection of Center and Fifth streets easterly to the Center of Adams street; also from the intersection of Center and Fourth streets easterly to the center of Adams street; also from the intersection of Center and Third streets easterly to the center of Adams street; also from the intersection of Seventh and Adams streets northerly to the center of Eighth street, thence easterly on Eighth street to the center of Madison street.

4th. A six-inch pipe sewer from the intersection of Sixth and Center streets westerly to the center of High street; also from the intersection of Center and Fifth streets westerly to the center of High street; also from the intersection of Center and Fourth streets westerly to the center of High street; also from the intersection of Center and Third streets westerly to the center of High street; also from the intersection of Eighth and Madison streets easterly to the center of Jackson street; also from the intersection of Seventh and Madison streets easterly to the center of Jackson street; also from the intersection of Jefferson and Sixth streets easterly to the center of Jackson street; also from the intersection of Adams and Fifth streets easterly to the center of Monroe street; also from the intersection of Adams and Fourth streets easterly to the center of Monroe street, also from the intersection of Adams and Third streets easterly to the center of Madison street, thence southerly to Spring street.

A six-inch tiling underdrain shall be laid along side of all sewer pipe; also an eight-inch steel pipe with necessary elbows from the top of bluff to the foot of same; also a twelve-inch sewer pipe from said steel pipe at the foot of bluff along the center of Eighth street to the easterly line of Water street; also an eight inch steel pipe with necessary elbows from the easterly line of Water street into deep water of the Willamette river.

Section 3. That portion of the streets in said district in which said sewers are to be constructed and laid necessary to be used for the digging of the trenches shall be cleared of all obstructions except water mains, at the expense of the contractor, who shall after the pipe is laid and the trenches are filled, replace the pavement and all portions of the steeet improvements disturbed, leaving the street in as good order as the same was when the work was begun, except such portions as the committee on streets and public property may direct to be omitted for the purpose of making other improvements.

Section 4. The sewer improvements herein provided for shall consist in putting in sewers of terra cotta pipe of six, eight, ten and twelve inches of inside diameter, as above indicated, with catch basins, manholes, lamp holes, sockets and branches at such points as the committee on streets and public property and the city engineer may designate along the line of said sewers. The work to be done and the materials furnished shall be strictly in accordance with the plans and specifications therefor, to be prepared by the city engineer and filed in the office of the city recorder before bids for constructing said sewers are invited.

Section 5. The contractor shall take and have entire charge of the work during its progress and shall be responsible for any loss or accident resulting from carelessness or neglect.

Section 6. Said improvements shall be completed to the satisfaction of the city council of Oregon City.

Section 7. The contract shall contain a provision that for each day required to complete said contract after the expiration of the time fixed for its completion, the contractor or contractors shall forfeit to Oregon City for the use and benefit of the property holders affected by such delay, the sum of fifteen dollars.

Section 8. The committee on streets and public property are hereby authorized and directed to advertise for and receive proposals, and report the same to the city council, and thereafter the mayor and recorder shall enter into a contract with the person, firm or corporation to whom the city council may award the contract.

Section 9. ——are hereby appointed assessors to estimate the proportionate share of the cost of said sewers to be assessed to the several owners of the property to be benefitted thereby, in accordance with the provisions of section 106 of the charter of said city, and report the same to the city council within ninety days after the date of the approval of this ordinance by the mayor. Said assessors shall hold stated meetings in the office of the city recorder of said city, and all persons interested may appear before said assessors and be heard in the matter of making said assessment or estimate. Such assessors shall give one week's notice by the publication (one insertion) in the city official paper, of the time and place of their meetings, and shall give like notice when they shall have determined upon an apportionment of the cost of the sewers herein provided for, notifying all persons to appear and examine such apportionment and make objections thereto if there be good cause for so doing. Any person interested in property within the limits proposed to be assessed shall have the right to appear before such assessors in person or by attorney.

Section 10. All property owners who shall be assessed for the cost of said improvements may avail themselves of the provisions of the Bancroft Funding Act, if they so desire.

Read first time and ordered published at an adjourned regular session of the city council held April 11, 1899.
