Poultry.

544 EGGS per month from 30 hens in January and February. A. S. Pujol, New Orleans, La., sent us the above report; says that he is using Pratt's Poultry Regulator daily; that it has worked wonders with his hens; that before using "Pratts" the number of eggs laid was very discouraging; and that 3 settings of 13 eggs brought 13 strong, healthy chicks, all of them developing into fine birds. Pratts Poultry Regulator, mixed with a good egg-making ration, not only makes hens lay, but the eggs wanted for hatching will produce sturdy chicks that will develop into A-1 pullets and cockerels. Sold on a money back if YOU Are Not Satisfied." Pratts Poultry Preparations will make your poultry pay. GET EGGS ALL WINTER and plenty of them. Keep your flock on the job right through the colder months—as thousands of other poultrymen are doing—with a good egg-making ration and Pratts Poultry Regulator. You'll get the eggs when prices are high and be interested in making good money from your birds. Now's the time to begin using Pratts. "Your Money Back If YOU Are Not Satisfied." Sold by all first-class dealers everywhere.
