The beautiful home of the Schwartz family is progressing rapidly, and will be ready for occupation before many weeks. Mr. Chalupsky's work is certainly of a high order.

The firm of Peters & Aden has been taking stock for the past week, so that pre-occupied expression upon the faces of these merchants and their clerks, only means that very few firms in the country have such an immense stock to keep track of, and Wilsonville people are fortunate in having this strong, enterprising firm in such convenient quarters.

So many young people living in Wilsonville and vicinity would be benefitted by a high school in our village, and as the time is approaching when this matter will be voted upon, it is to be hoped that everyone interested will get down to business and do something towards giving our boys and girls a chance in the world of today. Let us all remember the old saying, "there is no pocket in a shrowd," and if we wish to benefit the community, for miles around, how better can we do so than by voting a small tax, which will mean but a pittance to each one, when taken separately, but the benefit to be derived from it can hardly be estimated.

**Catarrhal Asthma and Hay Fever.**

Tens of thousands of sufferers from hay fever and catarrhal asthma find great comfort and quick relief by breathing Hyomei.

Of course where asthma is not caused by a catarrhal condition, but by nervous contraction of the bronchial tubes, Hyomei is not recommended.

But in a case of asthma where there is a discharge of mucous, breathing Hyomei gives most wonderful relief by soothing the irritated and highly inflamed membrane.

Mr. W. A. White, R. F. D. No. 1, Evansport, writes: "I have been bothered with asthma for over five years but could not get any relief until I tried Hyomei. I have spent lots of money on remedies for asthma and if I could not get another bottle I would not be without Hyomei for $50. I recommend it."

A complete Hyomei outfit, including hard rubber pocket inhaler, costs $1.00, with instructions for use in hay fever and asthma. Extra bottles of Hyomei cost 50 cents at druggists everywhere and at Huntley Bros. Co. 22-6

*Silence!*

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

*It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in his offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.*
