WORK ON CHURCH AT CANBY IS STARTED

Ground has been broken for the basement of the Methodist church at Canby, and from now on work will be rushed so as to get the outside work finished before the fall rains start. The Cause of Constipation.

Constipation is, in some cases, the direct result from a torpid or slow acting Liver, brought about by the withholding of the flow of bile. This condition is commonly allied with more or less indigestion and dyspepsia, partly due to the constipation itself.

Many persons have found it comparatively easy to overcome such conditions with a treatment of Rexall Liver Salts.

In our judgment, we feel that this preparation is remarkably well fitted to overcome these conditions, and recommend them to you with the understanding that any money you may have spent with us for the preparation will be refunded in case there are no beneficial results.

COUNTY'S WEALTH AMAZES EXPERT

SAN FRANCISCO BANKER ASTONISHED AT PROSPERITY OF FARMERS AND MERCHANTS.

MORTGAGES FEWER THAN ELSEWHERE

Large Deposits in Oregon City Banks Favorable Sign—Statement Made After Examination of Conditions.

That the farmers of Clackamas county are more prosperous than those in the majority of counties in this and other states, was the declaration made Tuesday by Ralph Emerson Pearce, of the Marine Bank & Trust Company, of San Francisco, who has been here several days investigating the banks and general financial status of the residents of the city and county. Mr. Pearce is an expert in financial matters, and the above statement, coming from such a source, should be most gratifying to Clackamas county residents.

"There is a far less per centage of mortages on the farms here than I expected to find," said Mr. Pearce, "and the people are in a truly prosperous condition. I also was gratified at the showing made by the banks in the county."

Mr. Pearce was amazed at the amount of deposits in the Oregon City banks, and intimated that he had visited few communities that were as prosperous as this section of the state. He declared that there is a great deal more money here than he had expected to find, and that there were no signs of any suffering for lack of money.

Miss Heurth was assisted in the entertainment of her guests by Miss Helen Brunner. Games and music were the features of the evening's entertainment.

Those present were Miss Gladys Wyman, Miss Minnie Johnson, Miss Blanche Davenport, Miss Laura Brunner Miss Helen Brunner, Miss Marie Holmes, Miss Mary Heurth, Miss Sophia Gray, Will Lucas, Charlie Lucas, Willie Maple, Leslie Clyde, Willie Maple, Leslie Clyde, Willie McMann, Dan McMann, Harry French, Lester Brunner, Henry Wyman, Gussie Rivers.

Several persons residing in the vicinity of Willamette saw a reported "wild man," supposedly the same fellow as the Bolton people saw.

CONCERT BRINGS OLD FRIENDS TOGETHER

SIMON MAC DONALD MEETS MEN WITH WHOM HE WORKED IN SCOTLAND.

Simon MacDonald, the Seventh street fish man, attended the Scotch concert Friday night and later was talking with a friend when he noticed a couple of strangers who appeared to him to be Scots as well as himself. Speaking to his friend in Gaelic, Mr. MacDonald kept his eyes on the strangers who took the bait and soon drew near to join in the conversation, it being seldom that Gaelic of the genuine triple brand is heard in this country.

After talking for a time and comparing notes Mr. MacDonald identified the strangers as brothers named McSween with whom he had worked at Peolewe in the north of Scotland. These old friends are the first acquaintances from the old country that Mr. MacDonald has met in this country in three years.

The brothers McSween left Scotland about five years ago and MacDonald arrived in Canada about six years ago. He has been home several times since then, however.

SOUVENIRS TAKEN TO COURT AS EVIDENCE

Justice of the Peace Samson has under advisement a suit of Block & Block, of Cincinnati, against R. G. Marchbank, of Estacada. Mr. Samson also has in his possession a large box of chinaware, which was the cause of the suit. The Estacada firm alleges that it had a verbal agreement with the Cincinnati concern to furnish it chinaware upon which was to be pictures of various buildings in Estacada. It is charged that the goods delivered did not contain the pictures. The firm desired the chinaware to sell as souvenirs, and alleges that without the pictures it is worthless for that purpose. Justice of he Peace Samson ordered be attorneys to submit briefs.

LEMON GROWN HERE WEIGHS 15 OUNCES

The lemon plant of Mrs. K. L. Newton, of this city, on exhibition for several days in the publicity building of the Oregon City Commercial Club, attracted much attention. Mrs. Newton purchased the plant from an Eastern firm about two years ago. A lemon plucked from the tree on Wednesday measured 12 3-4 inches in circumference, and weighed 15 1-2 ounces. There are other lemons on the tree, which are ripening, and a few blossoms still remain on the bush.

The plant is kept out of doors at the Newton place, except during the winter months. The fruit is of the same flavor as that grown in California.

CANBY PRAIRIE IS IRRIGATED BY LEE

For the first time in the history of Canby Prairie, water has been supplied for the fields, lawns and orchards through irrigation, and the long sought for goal of the promoter in the Willamette Valley, M. J. Lee, is realized.

For three or four years Mr. Lee has devoted his attention and expended large sums of money in the interests of irrigation, starting his high line ditch from Meadowbrook, down Milk Creek and through ditches to Canby Prairie, but to facilitate matters he has constructed a flume leading from the Molalla river, under the Southern Pacific tracks and across the prairie.

Much speculation has been rife concerning the feasibility of Mr. Lee's project because of the nature of the soil. However this seeming defect has been overcome and the feasibility fully established, for water is steadily flowing from the flume into the ditches and laterals which diverge in many ways and which are growing in both length and numbers.

ELECTION CALL TO MAKE SANDY CITY

RESIDENTS PETITION COUNTY COURT IN EFFORT TO END LAWLESSNESS.

MORE SALOONS ARE TO BE OPENED

Officers to be Voted Upon at Election Called For August 26—Business Men Anxious For Incorporation.

The County Court, through Judge Beatie, called an election Wednesday to be held in Sandy on August 26 to determine whether the town is to be incorporated as a city. The order was issued upon the receipt of a petition of a large number of Sandy residents, represented by George C. Brownell, asking that the election be called. Candidates for city offices will be voted upon at the same time, and if the plan to incorporate carries, they will take their seats at once. The advocates of incorporation declare that a lawless element jeopardizes the business interests of the town, and that order cannot be maintained until a city form of government is established. It is reported that two or three more saloons will be opened in Sandy soon, and it is the desire of the petitioners to have the incorporation take effect as soon as possible.

The boundaries of the proposed city are as follows: Beginning at an iron pin at N. W. corner of the S. W. 1-4 of the N. W. 3-4, Sec. 13, T. 2 S., R. 4, E. of the Willamette meridian, thence S. on said section line to a point 100 feet, thence E. to the S. E. corner of the N. E. 1-4 of the S. E. 1-4, said section, thence E. on said section line to the N. E. corner of the S. E. 1-4 of the N. E. 1-4 of said section, township and range, thence W. to the place of beginning, all of which is in and a portion of the county of Clackamas and Oregon City.

HEIDERMANN HOME DESTROYED BY FIRE

Mr. and Mrs. Fred Heidermann, of Redland, were in this city Monday, purchasing household goods, their home having been destroyed by fire on Sunday. The only articles saved were the bed clothes, stove, and a few pieces of furniture. Neighbors were attracted to the scene of the fire by the alarm given by Mr. Heidermann and his wife. All the dishes, food, clothing and bedroom furniture, and many trinkets were destroyed. There was no insurance on the house or furniture.

The fire started from a stovepipe, and as soon as the roof had been ignited the flames spread rapidly, and the house was consumed in a short time. The outbuildings were saved by hard work of the neighbors. Mr. and Mrs. Heidermann, while in this city purchased a tent, and will camp until a new house is constructed.

WIFE SAYS HUSBAND THREATENED HER LIFE

Mattie Harris has filed a suit against H. C. Harris for a divorce. They were married at Pleasant Home, on November 27, 1889. There were ten children born to them, three of whom are dead. The living are Alma, aged 17 years; Lizzie, 15 years; Amy, 13 years, Teddy, 11 years; Frank, 8 years; Dessie, 7 years; Finifred, 5 years. The children are in the custody of the mother, who asks to be retained as their guardian, and for $25 a month for the support of her children.

Mrs. Harris alleges that her husband has treated her cruelly, and has refused to support her children, and often told them to go to work. She says that on November 25, 1889, he struck her and threw her out of the house in a snow storm and told her to go away and stay. He continually cursed her, she charges, and threatened to cut her throat.

Mrs. Harris has five acres in section 25, township 1 south, range 3 east, and she asks to be declared the owner of the land. H. G. Lake, attorney, is representing Mrs. Harris.

WILLIAM ROBINSON DIES OF PARALYSIS

FORMER OREGON CITY MAN REALIZES AMBITION TO SEE SON GRADUATED.

The funeral of William Robinson, who conducted the Fair in the Willamette building for a number of years, was held Monday morning in Portland, where he had been engaged in business. Mr. Robinson had been in of paralysis since early in the spring. His friends say that the only thing that buoyed him up was his ambition to see his only son, Charles W. Robinson, finish his course in the State University, and the satisfaction of hearing of the young man's successes in various oratorical and student activities. His son was graduated about a month ago.

William Robinson was about 60 years old at his death. He was born in Poland, and came to America when young. He spent several years in Mexico, before finally choosing the United States for his home. He came to Oregon City in 1890. Beside his son, Charles, he is survived by his wife, Bessie Robinson.

Mr. Robinson was a man of exceptional scholarly gifts and was especially well acquainted with Hebrew literature. He was regarded by many as being one of the best lay authorities on the Talmud in the United States.

His son was in Astoria when his death occurred, but was notified immediately and hurried home.

George Bedwell, of Greenpoint, died at the family home about 12:30 Saturday morning. He arrived in this city with his wife and son, Earl, from Oklahoma, several months ago, and for some time was employed with the Clackamas Southern Railway Company. He left for his work at the usual hour Friday morning, but for several days had been complaining of not feeling well. His wife tried to persuade him to stay home, but thinking he would feel better, he decided to work. Coming home he was taken worse and fell three times before he was able to reach the house. A man passing along the road found him ill and took him to his residence, where he gradually grew worse until his death. He is survived by a wife and one son, Earl. The body will be taken to the old home in Oklahoma and buried in the family lot.

EAGLE CREEK GETS NEW RURAL ROUTE

A rural delivery route, twenty-six and three-fourths miles long, has been established at Eagle Creek. It will be known as Route One. About eighty families will be benefited by the service. The residents have urged the establishment of the route for sometime, and many applications were made before it was obtained. The rural delivery service in the county is being improved as rapidly as possible, and the indications are that it will soon have as good service as any county in the state.
