ROAD FROM NEW ERA TO CANEMAH TO BE STUDIED

HIGHWAY ENGINEER TO MAKE A COMPLETE EXAMINATION AT ONCE

SALEM, Or., April 16.—(Special to The Enterprise.)—One of the first moves of Herbert Nunn, new state highway engineer, will be to make a complete examination of the stretch of Pacific highway between New Era and Canemah. It is expected that Mr. Nunn will be in Clackamas county early this week to go over the work and prepare a report for the Clackamas county court.

The examination will not be exactly in the nature of a survey, and the work probably can be done in a day at the longest, at least this is the opinion of Mr. Nunn.

The report which will be made to the county court will be just what that county court needs to prepare for on the Pacific highway, in event the $6,000,000 bond issue carries in June.

The engineer will report on the necessary grade, drainage, height of the crown and other details which will be of interest to the county and which will be involved in the work that the county will be called upon to perform.

The examination is to be made at the request of the court. Members of the court asked the highway commissioners a short time before their recent regular meeting here that such examination may be made so that work on the stretch of highway may progress.

The highway will be improved, it is understood, whether or not the bond issue carries, but whether it is to be a hard-surfaced highway depends upon the status of the bond issue after June 4, it is understood here.

The county courts of the state have been advised that under the $6,000,000 bond issue that the counties need prepare the roads at grade only preparatory to the state doing the hard-surfacing work, as the hard-surface will include the base and the base will be laid at the expense of the state.

At the request of the Marion county court Mr. Nunn also will make an early examination of the Pacific highway in Marion county between Salem and Aurora, bringing that examination practically to the Clackamas county line, so it is apparently the intention of the highway commission, if the $6,000,000 bond issue carries, to make its first appropriations for hard-surfacing to the Clackamas and Marion county courts for the purpose of pushing the work on the Pacific highway through as soon as possible.

The highway commission, as previously announced, already has made a pro rata appropriation for the improvement on the road between New Era and Canemah and, as stated, this work will go ahead regardless of the passage of the bond issue act, but in event the bond issue carries the road will be hard-surfaced.

RAISE BEANS AND HARES

O. A. C. Woman Points Way Women May Help in War Crisis

CORVALLIS, Ore., April 17,—Sharing in the toil of the fields, sacrificing all individual tastes that interfere with bountiful production of food supplies, practicing rigid economy, and avoiding neighborhood suspicion, are some of the ways in which women can help win the big war, as pointed out by Mrs. Clara Waldo, the woman member of the Oregon Agricultural College Board of Regents in speaking to the women students.

"Women's help is better in time of stress than at any other time," said she, "for it is then that their intuition comes in—comes straight from the spirit. You are to be joint tillers of the soil in war time. You can help in the food and labor shortage by writing to the home folk what are the best food crops to grow. Plenty of beans potatoes and carrots for winter use will cut down the home living cost and release much other food material for other use.

"Grow Belgian hares. They are a good cheap food and can be grown on the clover cuttings from the parks and lawns.

"Canneries and homes that are going to depend on tins might begin to evaporate surplus fruits and vegetables when possible because there is going to be a great shortage of tins. Doubtless many canneries will be unable to run during the summer months.

"America has no quarrel with any nation but is opposed to autocratic militarism. Nor should we be suspicious of our neighbors; the secret service men are paid to bes uspicious. We shall need all the charity we can commend."

Cut This Out—It Is Worth Money.

DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Avenue, Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound for bronchial and la grippe coughs; Foley Kidney Pills, for lame back, weak kidneys, rheumatism, bladder troubles, and Foley Cathartic Tablets, a wholesome and thoroughly cleansing cathartic, for constipation, biliousness, headache and sluggish bowels.

HIGH SCHOOL CONTEST HELD IN OREGON CITY

DECLAMATION AND ORATORY ARE SUBJECTS FOR RIVALRY BETWEEN SCHOOLS

Oregon City, Or., Apr 17.—(Special.)—The high school oratorical and declamation contest was held here Saturday night in the Oregon City high school. The winners were: Lewis Jones, of the Estacada school; second, Robert Barnett, of the Oregon City school. Both these participated in the oratorical contest.

The winners in the declamation contest were: Vivian Robbins, of the Molalla school; Ruby McWillis, Estacada; and Bonita Worley; of Molalla; who won first, second and third places respectively.

Lewis Jones spoke on "The Outcome." Robert Barnett talked on "The Way of the World."

The recitations were: Miss Robbins, "A Bill From the Milliner"; Miss McWillis, "The Soldier Tramp"; and Miss Worley, "Kim's Last Whipping."

The judges of the contest were: E. E. Schwartstrauber, M. M. Linneham, and G. F. Karnopp; all of the Portland high schools. The contests are held annually. Miss Mary Botts and Miss Clarissa Goold represented Milwaukie high school.

ROOKIES TAX BARRACKS

Facilities For Housing the Recruits at Vancouver Crowded

VANCOUVER BARRACKS, Wash., April 17.—So great has been the number of recruits for the regular army sent here from the recruiting stations in Portland and other Northwest cities that the facilities for housing and caring for the new men have been greatly taxed.

The records today showed that 491 men were enlisted in the recruit companies and there were 160 more who had not been completely enlisted, and more than 100 new men arrived today. This makes approximately 750 recruits for the regular army now stationed here, the largest number ever held here.

The few soldiers of the regular army who are stationed here have been impressed into service as drillmasters and the commissary and quartermaster departments have been working overtime in an effort to provide clothing and equipment for the new men. Many will have to await the arrival of equipment from San Francisco. A regimental tent camp was started today.

EDWARD ROESER DEAD

Former Resident of Maple Lane Passes at His New Home in Sublimity

Edward Roeser, a former resident of Maple Lane, Clackamas county, died on April 14th at his home at Sublimity, Oregon. His death followed a three weeks' illness.

Edward Roeser was born at Milwaukee, Wisconsin, June 2, 1896. He resided near this city for several years with his parents, Mr. and Mrs. George Roeser. He is survived by his parents, two sisters, Miss Theckla Roeser, of Sublimity; Mrs. Jacob Schaff, of Wisconsin; and a brother, Frank Roeser, of Sublimity.

The funeral services were conducted at the Catholic church at Sublimity, with Rev. A. Lanick, officiating.

MEXICANS SEND ENVOY

Mexican Ambassador is First at Washington Since Madero's Death

WASHINGTON, April 17.—Ignacio Bonillas, the first Mexican ambassador received by the United States since the overthrow of Madero, presented autograph credential letter from General Carranza to President Wilson today, and was accepted as diplomatic representative of the de facto government. He was accompanied to the White House by Secretary Lansing.

Especial interest attached to the presentation of the ambassador because of German machinations in Mexico and the uncertain attitude of the Carranza government toward the war between the United States and Germany. The situation was not referred to by the president and his caller.

SOCIALISTS DENOUNCE WAR

ST. LOUIS, Mo., April 11.—The entry of the United States into the world war is bitterly denounced as dishonorable and a crime against the people of the United States and against the nations of the world, in the majority report of the Socialist committee on war and militarism read here this afternoon.

The report signed by 11 of the 15 members of the committee, recommends continuous active and public opposition to the war.

Is your child pale and fretful? Does he cry out in sleep or grind his teeth? These symptoms may mean worms and you should obtain relief at once. Kickapoo Worm Killer is a pleasant remedy that kills the worm, and by its mildly laxative quality expels it from the system. Worms sap the vitality and make your child more susceptible to other ailments. Your Druggist sells Kickapoo Worm Killer, 25c a box. (Adv.)

WORKERS GO FROM CITY

Walla Walla is Deserted by 100 Laborers; Others Are Scarce

WALLA WALLA, Wash., April 17.—While Walla Walla farmers and orchardists have been "talking" over the probability of a labor scarcity this summer and the necessity of bringing in men, other localities have been busy actually getting them. Last night 100 Russian residents of this city left here for Missoula, Montana, where they were guaranteed six months' work in the beet sugar fields and given transportation there. Similar crews have been obtained by the Montana farmers from around Ritzville and other sections of the Inland Empire.

Whitman college professors have recommended that a survey of the labor needs here this summer be made so that guarantees could be made by the farmers collectively and labor then secured to meet the prospective demand. As yet nothing has been done, and many are worried over the chances of not being able to harvest their crops.

TO REGULATE MARKETS

National Defense Council to Consider Fixing of Food Prices

WASHINGTON, April 17.—Legislation to empower the Council of National Defense to supervise distribution of food and if necessary fix maximum and minimum prices, was being framed today as one of the results of yesterday's conference between the great Chicago meat packers and Secretary Houston, of the department of agriculture.

Headed by J. Ogden Armour, a delegation of the foremost packers, including Edwin Morris, E. A. Cudahy, Thomas E. Wilson and L. F. Swift, assured Secretary Houston of their utmost co-operation and voluntarily proposed that the government take steps to fix prices through the Council of National Defense. The licensing of food distributing agencies so the government may trace any movements of middlemen or others to monopolize supply or force raises in price is one of the features of the plan the packers proposed.

As their own "bit" in defending the nation, the packers offered a plan to distribute their products at a minimum of profit to themselves, and one of them estimated the saving to the public would approximate at least $100,000,000 a year.

YELLOW PINE PLANTED

Forest Being Planted at Medford by Government Forestry Department

MEDFORD, Or., April 18.—Reforestation of the foothills and mountain slopes of southern Oregon is being pursued by the federal government this year on a scale much larger than heretofore. The system practically has passed the experimental stage and is being applied as a business proposition.

Work on an 80-acre project on the Applegate river watershed has been in progress for three weeks, under the supervision of Martin L. Erickson, forest supervisor for this district, 15 men being employed. A tract of 35 acres was planted last year, largely as an experiment in cultivating yellow pine. Although the aridity of this district militated somewhat against the immediate success of the project, the trees planted did sufficiently well to justify enlarging the tract and planting under a slightly revised method.

TEDDY WANTS TO GO

Colonel Would Raise Volunteer Expedition and Join Allies in Europe

WASHINGTON, April 16.—Colonel Roosevelt, in letters yesterday to Senator Chamberlin and Representative Dent, chairmen of the congressional military committee, detailed his plans for raising and accompanying a volunteer expedition to join the allies on the western European battle front.

"I most earnestly and heartily support the administration bill for providing an army raised on the principle of universal obligatory military training and service," said his letter.

"But of course a great system of this kind, a system entirely new in this country, cannot be immediately inaugurated. Many months, probably at least a year or over, must elapse before the army thus raised would be available for use in Europe.

DUELS PUT OFF FOR WAR

Italian Officers Will Not Take Up Their Private Rows in Wartime

ROME, April 17.—In the Italian army, where the duel is obligatory for officers and non-commissioned officers, it has been decided by decree for an officer to postpone until after the war his decision to seek revenge.

All duels are to be put off to the end of the war, and then the dispute may be referred, without loss of honor, to the general commanding.

FREIGHT RATES WILL INCREASE BY NEXT JUNE

WASHINGTON, April 16.— The railroads of the country will be granted increases ranging from 10 to 15 per cent in general freight rates by June 1.

While the roads are not expected to get the 15 per cent increase they requested, it is understood that the interstate commerce commission is convinced that a substantial increase is justified at this time.

It is believed that the western roads will get a larger increase than eastern carriers because their operating expenses are greater.

ALBANY CHILDREN MAY GO BAREFOOT THIS YEAR

PLAN TO SAVE SHOE LEATHER IS ADVANCED BY THE ASSOCIATED CHARITIES

ALBANY, Or., April 18.—That all children shall go barefoot this summer to save sole leather, was the unique plan broached by Albany today to aid in the campaign for the solution of the high cost of living problem, and the conservation of material incident to the war.

It was broached at a meeting of the Associated Charities and the Civic relief committee of the local Red Cross society, and took like wildfire. Local society women whose children have never enjoyed this freedom except at rare intervals embraced the idea enthusiastically and from present indications the youth of Albany will go barefooted this summer en masse.

It is planned as soon as weather conditions permit to inaugurate the open season for discarding shoes with a big barefoot parade.

This was only one of the schemes proposed today in this campaign.

GUARDS ARE FIRED ON

Three Horsemen Shoot at Tunnel Watchmen and Run to Safety

ELKO, Nev., April 17.—Guards at a tunnel on the Western Pacific railroad were fired upon Sunday night when three horsemen, employing sniping tactics, shot at guards at intervals. The guards were uninjured The horsemen escaped before dawn.

FORD WILL AID ALLIES

Pacifist Will Waive His Rights to Patents in the Interest of The War

DETROIT, Mich., April 17.—Henry Ford, at the request of the British government, has waived all patent rights on his farm tractor and has cabled the specifications to England, so Great Britain can manufacture tractors for use in the British Isles and in France. Announcement to this effect was made at the Ford Motor company offices today.

It is believed that the tractors will help greatly to increase farm acreage in the entente countries.

It also was announced that Mr. Ford hopes to have thousands of tractors ready for use in the United States and Canada by August 1. Mr. Ford's entire tractor plant, the same as his automobile factory, will be at the disposal of the United States government.

CLARKE PLANS TO PAVE

Six Miles of Hard Surface is Proposed by County Commissioners

VANCOUVER, Wash., April 17.—The paving of approximately six miles of the River road, extending east from the city limits of Vancouver to a point about a mile east of Ellsworth, was proposed today in a resolution of intention adopted by the county commissioners.

It is proposed to expend the permanent highway fund of the county, amounting to about $30,000, this year, together with a contribution of the road district fund and the property owners on the work. It is likely that the work will be under way by June 1.

SUMMONS IN FORECLOSURE OF DELINQUENT TAX CEERTIFICATE.

In the Circuit Court of the tSate of Oregon, for Clackamas County.

County of Clackamas, a municipal corporation, Plaintiff,

vs.

You are further notified that said Clackamas County has paid taxes on said premises for prior or subsequent years with the rate of interest on said amounts as follows:

Said above named defendants as the owners of the legal title of the above described property, as the same appears of record and each of the other persons above named are hereby further notified that Clackamas County will apply to the circuit court of the county and state aforesaid for a decree foreclosing the lien against the property above described and mentioned in said certificate. And you are hereby summoned to appear within sixty days after the first publication of this summons upon you, exclusive of the day of first publication and defend this action or pay the amount due as above shown together with costs and accrued interest, and in case of your failure to do so a decree will be rendered foreclosing the lien of said taxes and costs against the lands and premises above named.

All process and papers in this proceeding may be served upon the undersigned residing in Clackamas County, Oregon, at the address hereinafter mentioned.

Date first publication March 30, 1917

GILBERT L. HEDGES,
District Attorney for Clackamas County, Oregon.

Address Weinhard Bldg., Oregon City, Oregon.
