WE TELL YOU SO.

There are no set speeches in our used car department. Every car has its own history, its own limitations and its own advantages. We tell you so—and even the inexperienced buyer knows at once that he can count on square treatment.
Our used cars are—every one—taken in on appraised base, depending on the amount of work necessary to completely recondition them. We tell you on any car exactly the work done and exactly the new parts installed. We tell you we will stand back of our work.
We are back of every used car sale just as—we tell you so.
