WEATHER CONDITIONS.

A low-pressure area of considerable magnitude is central over Southern Idaho, and the barometer is highest off the North Pacific Coast. The hot weather east of the Cascades has abated somewhat, but it still continues warm in that district. The following maximum temperatures occurred Friday afternoon: Salt Lake, 96; Pocatello, 94; Boise, 92, and Winnemucca, 90 deg. No rain of consequence has fallen in the North Pacific States during the past 24 hours. The indications are that generally fair weather will prevail over the district Saturday, but it will be threatening and cooler east of the mountains, and slightly warmer west of them.

An Established Feature in Real Estate Transactions IS

Title Insurance

No prudent person will buy a piece of real estate unless the seller furnishes Title Insurance.

All careful lenders of money on real estate mortgages require a policy of Title Insurance for the full amount of the mortgage.

In this way only are the purchasers of property or the holders of mortgages protected from loss.
