EXCEPTIONAL VALUE
IN
WINTER PRICES.

Any established motor company dealer will confirm this statement. "You can save money in the purchase of a used car during the winter months and have a better selection from which to choose during November." The many used car sales by all dealers during this period is further proof. The reason is heavy incoming new car shipments requiring both space and finances.

Our winter prices were established in our sale last week. These prices continue and offer exceptional value in reconditioned cars from a dependable firm.

Five days' trial on any car.
