### Prolific Orchard Land

Is desired by many who are not in a position to surrender their present incomes and devote their time to the making of a commercial orchard and who are unable to purchase established orchards. For such as these we have arranged a plan whereby some of the finest apple land in the famous Mosier district may be secured upon the payment of small sums down and monthly or quarterly installments without interest on deferred payments, or taxes. The land will be cleared, set with standard apple trees, cultivated and cared for during a period of five years, or until final payment is made, by a competent orchardist who will build up his own place along with yours.

This is a bona fide offer never before made in this locality. Let us give you the particulars.

SACRIFICED AT $62,000 BECAUSE THE owner goes to California the extra large lot (52x100) and 3 rooming-houses, containing nearly 100 rooms, on Yamhill st., just above the Hotel Portland; surrounded by substantial fireproof, which means a low insurance rate; supplied with an elaborate and costly hot-water heating system; built in modern and substantial style; they are consequently always leased at the highest rental produced by any similar investment in Portland, viz., $6000 yearly.

Figure on the income; there is no large property left on the market that pays that rate now.
