This is the reverse side of the tidy red tin

THE Prince Albert tidy red tin, and in fact, every Prince Albert package, has a real message to you on its reverse side. You'll read—"Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. *And by which tongue bite and throat parch are cut out!* Everywhere tobacco is sold you'll find Prince Albert awaiting you in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors and in that clever crystal-glass humidor, with sponge-moistener top, that keeps the tobacco in such fine condition—always!
