"You'll Always Find"

says the Good Judge

That you get more genuine satisfaction at less cost when you use this class of tobacco.

A small chew lasts so much longer than a big chew of the ordinary kind. And the full, rich real tobacco taste gives a long lasting chewing satisfaction.

Any man who uses the Real Tobacco Chew will tell you that.

VISITS GOLDENDALE

O. H. Cobb writes from Goldendale:

"Editor Argus: Mrs. Cobb and myself left Hillsboro Thursday for Goldendale and had a very nice trip, altho the R. R. from Lyle up the Klickitat river is proof that there is not room for a good garden patch the most of the way altho we saw some nice small places. On getting to the high lands we found many fine farms, hundreds of acres of wheat looking fine on both sides of the railway, from Centerville to Goldendale. This latter place lies at the foothills of the Chenco mountains and is a very pretty town. Streets all paved as far as I've seen and the buiness streets are lined with good-looking buildings, a number of garages, groceries, general stores, newspaper offices, 6 churches, high schools, grade schools, banks, bakeries and a large packing plant. Am sending you a copy of the Goldendale Sentinel—the Editor once was in Hillsboro in the newspaper business. There are large grain elevators here. With but one train a day, the stage lines are doing a good business. Goldendale has two grist mills which send out a hard wheat flour, 2 planing mills and a sawmill. So you will see this is some town."

PORTLAND, ASTORIA AND PACIFIC RAILROAD COMPANY

Hereby gives notice that on the 31st day of August, 1920, it filed with the Interstate Commerce Commission at Washington an application for a certificate of public convenience and necessity to acquire and operate a line of railroad in the counties of Multnomah and Washington, State of Oregon, which line is now being operated by the United Railways Company.

Pursuant to the requirements of the Commission such application is published as follows:

Before the Interstate Commerce Commission.

In the Matter of the Application of Portland, Astoria and Pacific Railroad Company for certificate permitting the operation of railway from Linnton, Oregon, to Wilkesboro, Oregon. Application.

Portland, Astoria and Pacific Railway Company, a corporation now engaged in the construction of a line of railway from the terminus of the railway of the United Railways Company at Wilkesboro, Oregon, hereby applies for a certificate under the Transportation Act approved February 28, 1920, finding and determining that the present and future public convenience and necessity requires the operation by it of said line of railway of United Railways Company from Linnton, Oregon, to Wilkesboro, Oregon, and in support of said application shows:

I. The full name and postoffice address of the applicant carrier, its president, its secretary, and its attorneys are as follows: Full name, Portland, Astoria and Pacific Railroad Company; Address, Portland, Oregon; President, David C. Eccles; Secretary, Charles T. Early; Attorneys, Messrs. Carey and Kerr; Huntington and Wilson.

II. Applicant is a corporation organized and existing under the laws of the State of Delaware.

III. The making of this application has been approved at a meeting of the directors of applicant, said meeting having been held at the offices of the company in the City of Ogden, Utah, on the 11th day of August, 1920.

IV. The line of railroad in the operation of which applicant proposes to engage is wholly within the State of Oregon. It lies partly within the County of Multnomah and partly within the County of Washington.

V. The location, route or routes and termini of the line, the abandonment of operation of which is proposed are as follows:

Said railroad begins at a connection with the railroad of Spokane, Portland and Seattle Railway Company at the station of Linnton, Multnomah County, Oregon, within the corporate limits of the City of Portland, and extends in a northwesterly and westerly direction into the County of Washington, a distance of eighteen (18) miles to the station of Wilkesboro. The termini of said line are Linnton, Oregon, and Wilkesboro, Oregon.

VI. The reasons relied upon to show that present and future public convenience and necessity permit of the operation by applicant of said line of railroad are as follows:

Applicant on February 28, 1920, entered into a contract with the United Railways Company under the terms of which there was granted to applicant equal joint possession and use in common with United Railways Company and such other companies as it might thereafter admit of the railway and appurtenant property hereinabove described. Applicant was then engaged and is now engaged in the construction of a railroad commencing at the terminus of the railroad of the United Railways Company at Wilkesboro, Oregon, and extending north-westerly therefrom. Under the terms of said contract applicant agreed to conduct operations on the railroad of the United Railways Company hereinabove described, and thereupon the United Railways Company agreed to discontinue its operation of said line of railway, retaining the right to resume operations at any subsequent date, if it so desires. Said United Railways Company now proposes to withdraw from the operation of said line of railroad under the terms of its contract with applicant of February 28, 1920, and applicant proposes to take over and thereafter conduct the operation of said line of railroad under the terms of its said contract. Applicant will take over and assume each and all of the obligations of United RailwaysCompany as a common carrier in respect of its relations with the public under state and federal laws. No substantial change in character of operations is contemplated as a result of the substitution of applicant for United Railways Company in the operation of said line of railroad; except that applicant contemplates substituting steam instead of electricity as motive power to be used. No rights of the public in the transportation of passengers or freight or in any other operation will be affected by the change.

VII. In view of the fact that no discontinuation of train service and no substantial change in operations so far as the public is concerned are intended, applicant believes that no hearing upon this application is necessary.

Wherefore applicant prays that the Commission issue a certificate finding and determining that present and future public convenience and necessity permit of the operation by applicant of said railroad from Linnton, Oregon, to Wilkesboro, Oregon.
