NATIONAL LIFE

Insurance Company

OF THE

UNITED STATES of AMERICA,

WASHINGTON, D. C.

Chartered by special Act of Congress,

Approved.....July 25, 1868.

Cash Capital,

$1,000,000.00

DIRECTORS:
CLARENCE H. CLARK,
JAY COOKE,
W. G. MOORHEAD,
GEORGE F. TYLER,
J. HINCKLEY CLARK,
F. A. ROLLINS,
HENRY D. COOKE,

JAY COOKE, Chairman Finance & Executive Committee.
HENRY D. COOKE, Washington, Vice President.

FRANCIS G. SMITH, M. D., Medical Director.
J. EWING MEARS, M. D., Assistant Medical Director.

THE attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have, is called to the special advantages offered by the NATIONAL LIFE INSURANCE COMPANY.

THE ADVANTAGES OFFERED

ARE:

The National charter, the large capital, the Low Rates, the common-sense plan, the definite contracts, the honorable and fair dealings, the Non-Forfeiting Policies, the perfect security, the liberal Terms of the policies, etc., etc., renders the NATIONAL LIFE INSURANCE COMPANY of the United States of America worthy of the patronage of every business man.

This company, during the sixteen months of its existence, has issued

6,825 POLICIES,

COVERING

$26,800,000 INSURANCE.

The extraordinary rapid progress of the company attests the estimation in which it is held by the public, and the large amount of new business transacted it is the best evidence of the popularity of its principles, and its adaptability to meet the requirements of its Assurers.

ITS POLICIES ARE NEGOTIABLE.

By the Charter of the Company, certificates of obligations will be issued, agreeing to purchase its policies at their value which, when accompanied by the policy duly assigned or transferred, are negotiable, and may be used as collateral security, in making loans from the Company or from other parties.

The Hon. Jno. E. Sanford, Insurance Commissioner of Massachusetts, in his Report for 1868, speaking of Dividends in Life Insurance Companies, says, "The sooner such guarantees cease to be made, and such expectations created, the sooner Life Insurance will come to rest on its true motive, and men insure their lives for security, and not for dividends. The best and the most popular companies will then be those that promise only equity, and render all that they promise, and furnish the best security, with the most up right and judicious management."

"By the Stock plan the full cash effect of the premium is immediately secured to the insured, the Company taking ALL the risk. By the Mutual plan, the full value in insurance of the premium paid, is not secured to the policy-holder, who takes a portion of the risk himself."
